ABOUT PLANLICHT

1 1

ATMOSPHERE

DE | Licht ist allgegenwärtig.

Ob zuhause oder im Büro – es verhilft den Menschen nicht nur zum Sehen, sondern steigert Wohlbefinden und Konzentration, schafft Atmosphäre und inszeniert die Architektur. Unser Licht ist Funktion und Emotion. Und noch so viel mehr...

EN | Light is everywhere.

Whether at home or in the office – it not only helps people to see, but also improves their well-being and concentration, creates atmosphere and perfectly orchestrates the architecture. Our light is both function and emotion. And so much more besides...

**FR | La lumière est omniprésente.**

Que ce soit à la maison ou au bureau, elle aide l'être humain non seulement à voir, mais accroît aussi le bien-être et la concentration, crée une ambiance particulière et met en scène l'architecture. Notre lumière est à la fois fonction et émotion.

Et bien plus encore...

IT | La luce è ovunque.

A casa o in ufficio aiuta le persone, non solo a vedere, ma anche a incrementare il proprio benessere e la propria concentrazione, creando la giusta atmosfera e ponendo in risalto gli elementi architettonici dell'ambiente. La luce dei nostri dispositivi di illuminazione è funzionale senza rinunciare a emozionare. E tanto altro ancora...

VALUE PROPOSITION

DE | Was so alltäglich ist wie Licht, verbraucht Energie. Und ein hoher Energieverbrauch belastet die Umwelt. Deshalb haben wir bei PLANLICHT uns zum Ziel gesetzt, den Energieverbrauch von Beleuchtung um ein Vielfaches zu senken.

Entsprechend konsequent haben wir uns bereits 2010 für die ausschließliche Entwicklung von Leuchten mit LED-Technologie entschieden. Fortlaufend optimieren wir den Energieverbrauch unserer Produkte durch neueste LED-Technologie und Maximierung der Leuchtwirkung mit Hilfe spezieller Optiken.

Bei PLANLICHT geht unser Nachhaltigkeitsanspruch weit über die Reduktion des Energieverbrauchs hinaus: Leuchten von PLANLICHT überzeugen durch ihre besonders hohe Qualität und Produktlebensdauer. Für dieses Wertversprechen verbürgen wir uns mit unserer exklusiven Garantie 66. Selbst für den unwahrscheinlichen Fall, dass eine Leuchte kaputt geht, ist vorgesorgt, denn wir glauben felsenfest an das Recht auf Reparatur. Bei PLANLICHT wird jedes Produkt von Beginn an so konstruiert, dass es sich einfach reparieren lässt.

PLANLICHT achtet auch bei Themen wie Verpackung und Abfall auf die Umwelt. Wir verzichten über die gesamte Wertschöpfungskette weitgehend auf Kunststoffe in der Verpackung und setzen zunehmend Mehrwegverpackungen ein.

EN | Even something as commonplace as light consumes energy. And high energy consumption pollutes the environment. That's why, at PLANLICHT, we have set ourselves the goal of reducing the energy consumed by lighting many times over.

Accordingly we decided, way back in 2010, to only develop luminaires with LED technology. We are continuously reducing the energy consumption of our products using the latest LED technology, and maximising their lighting effect with the help of special optics.

At PLANLICHT, our sustainability aspirations go well beyond reducing energy consumption: impressive features of PLANLICHT luminaires include their particularly high quality and long product lifespan. And we guarantee this value proposition with our exclusive Warranty 66. Even in the unlikely event that a luminaire malfunctions, we've got it covered – because we firmly believe in the right to repair. At PLANLICHT, every product is designed from the start in a way that makes it easy to repair.

PLANLICHT also looks after the environment in how it handles packaging and waste. We are largely dispensing with plastics in packaging across the entire value chain and are making increasing use of reusable packaging.

Our lighting can do so much more than illuminate rooms, create atmosphere and affect human mood.

Unser Licht kann noch viel mehr als Räume erhellen, Atmosphäre schaffen und die menschliche Stimmung beeinflussen.

Felicitas Kohler
CEO PLANLICHT

DE | Über die ökologischen und ökonomischen Aspekte der Nachhaltigkeit hinaus gilt PLANLICHT seit Jahren als Experte für Human Centric Lighting. Dieses ganzheitliche Beleuchtungskonzept stellt den Menschen mit seinen Bedürfnissen in den Mittelpunkt der Lichtgestaltung.

Während das optimale Licht frühmorgens auf den menschlichen Körper aktivierend wirkt, fördert es untertags bei der Arbeit die Konzentration und erzeugt abends eine entspannende Atmosphäre. Diese Wirkung schaffen die intelligenten Lichtlösungen von PLANLICHT, indem sie nicht nur die Lichtstärke, sondern auch die Farbtemperatur, an die jeweilige Situation anpassen.

PLANLICHT war einer der ersten Hersteller, der sein gesamtes Sortiment mit Human Centric Lighting Funktionen ausgestattet hat. Gerade in Büros, in denen lange Zeit gearbeitet wird, lässt sich durch den Einsatz der HCL-Technologie eine wissenschaftlich belegte Steigerung von Konzentration und Wohlbefinden erreichen.

Dieser konsequente Fokus auf die Bedürfnisse des Menschen endet bei PLANLICHT nicht mit der Beleuchtung an sich. Denn das Unternehmen fertigt in Vomp auch spezielle Akustikleuchten und Paneele. Die darin verbauten Dämm-Materialien aus der Natur – beispielsweise Heu und Schafwolle – filtern störende Umgebungsgeräusche und verwandeln jedes Großraumbüro in einen lärmfreien Arbeitsplatz.

EN | Beyond the environmental and economic aspects of sustainability, PLANLICHT has been an expert in Human Centric Lighting for years. This holistic illumination concept puts people and their needs at the centre of the lighting design.

While the ideal lighting has a stimulating effect on the human body early in the morning, it also aids concentration at work during the day and creates a relaxing atmosphere in the evening. The intelligent lighting solutions from PLANLICHT achieve this effect by adapting not only the luminous intensity but also the colour temperature, depending on the particular situation.

PLANLICHT was one of the first manufacturers to equip its entire range with Human Centric Lighting functions. Especially in offices, where people work for long periods of time, a scientifically proven increase in concentration and well-being can be achieved by using HCL technology.

At PLANLICHT, this consistent focus on human needs does not stop at the lighting itself. That's because the company also produces special acoustic luminaires and panels in Vomp. The natural insulation materials incorporated into these products – such as hay and sheep's wool – filter out disruptive, ambient noises and transform every open-plan office into a noise-free workplace.

**HUMAN
CENTRIC**

PROPOSITION DE VALEUR

FR | Un phénomène aussi quotidien que la lumière consomme de l'énergie. Et une consommation d'énergie élevée nuit à l'environnement. Chez PLANLICHT, nous nous sommes donc fixé pour objectif de réduire nettement la consommation énergétique générée par l'éclairage.

Dès 2010, nous avons par conséquent décidé de nous consacrer exclusivement au développement de luminaires à technologie LED. Nous optimisons continuellement la consommation énergétique de nos produits grâce à la dernière technologie LED et à la maximisation de l'effet lumineux à l'aide d'optiques spéciales.

Chez PLANLICHT, notre exigence en matière de durabilité va bien au-delà de la réduction de la consommation énergétique : les luminaires de PLANLICHT séduisent par leur qualité particulièrement élevée et la durée de vie du produit. Nous tenons cette proposition de valeur grâce à notre garantie 66 exclusive. Même pour le cas improbable qu'un luminaire tombe en panne, nous avons tout prévu car nous croyons fermement au droit à la réparation. Chez PLANLICHT, chaque produit est immédiatement conçu de sorte à pouvoir être facilement réparé.

PLANLICHT porte également une grande attention aux répercussions que l'emballage et les déchets ont sur l'environnement. Nous renonçons dans une large mesure à utiliser des matières plastiques dans les emballages sur toute la chaîne de création de valeur et optons de plus en plus pour des emballages réutilisables.

PROPOSTA DI VALORE

IT | Una cosa che fa così parte del quotidiano, come la luce, consuma energia. Un consumo energetico elevato è fonte di inquinamento ambientale. Ecco perché noi di PLANLICHT ci siamo posti l'obiettivo di abbattere significativamente il consumo energetico dei dispositivi di illuminazione.

Fedeli a tale intenzione, già nel 2010 abbiamo scelto di concentrare i nostri sforzi nell'esclusivo sviluppo di lampade con tecnologia LED. Anche oggi continuamo a ottimizzare il consumo energetico dei nostri prodotti grazie all'impiego della tecnologia LED di ultima generazione e al massimo potenziamento della resa luminosa con l'aiuto di speciali sistemi ottici.

PLANLICHT è fautrice di una politica di sostenibilità che si spinge ben oltre l'abbattimento del consumo energetico: le nostre lampade si distinguono infatti per la loro qualità di eccellenza e per la loro durata. Garantiamo questa proposta di valore con la nostra esclusiva Garanzia 66. Vi abbiamo incluso anche l'improbabile caso della rottura di una lampada, in quanto crediamo fermamente nel diritto alla riparazione. PLANLICHT realizza ogni prodotto, fin dall'inizio, in maniera che sia agevole da riparare.

PLANLICHT pone anche grande attenzione all'ambiente quando si tratta di argomenti come l'imballaggio e i rifiuti. Nella nostra intera catena di valore, abbiamo infatti deciso di rinunciare in maniera massiccia all'impiego di plastiche negli imballaggi e di impegnarci sempre più nell'utilizzo di confezioni riutilizzabili.

„Notre lumière peut bien plus qu'éclairer les pièces, créer une ambiance particulière et influencer l'humeur.“

ÉCLAIRAGE CENTRÉ SUR L'HUMAIN

FR | Au-delà des aspects écologiques et économiques de la durabilité, PLANLICHT est considéré depuis des années comme un expert en matière d'éclairage biodynamique (Human Centric Lighting). Ce concept d'éclairage global met l'être humain et ses besoins au centre de la conception de l'éclairage.

Alors que la lumière optimale stimule le corps humain tôt le matin, il promeut la concentration pendant le travail au cours de la journée et crée une atmosphère relaxante le soir. Cet effet est créé par les solutions d'éclairage intelligentes de PLANLICHT qui, pour cela, n'adaptent pas seulement l'intensité lumineuse, mais aussi la température de couleur, en fonction de la situation.

PLANLICHT a été l'un des premiers fabricants à équiper l'ensemble de son assortiment de fonctions d'éclairage biodynamique. Notamment dans les bureaux où l'on travaille pendant de nombreuses heures, l'utilisation de cette technologie d'éclairage biodynamique permet une augmentation de la concentration et du bien-être qui est scientifiquement prouvée.

Chez PLANLICHT, cette concentration sur les besoins de l'être humain ne s'arrête pas à l'éclairage en soi. En effet, notre entreprise fabrique à Vomp des luminaires acoustiques et des panneaux spéciaux. Les matériaux d'isolation naturels, tels que le foin et la laine de mouton, qui y sont intégrés, filtrent les bruits environnants gênants et transforment chaque bureau collectif en un lieu de travail silencieux.

„I nostri dispositivi di illuminazione possono fare molto di più che rischiarare gli ambienti, creare atmosfera e influenzare lo stato d'animo delle persone.“

ILLUMINAZIONE INCENTRATA SULL'UOMO

IT | PLANLICHT è sinonimo di attenzione agli aspetti economici ed ecologici della sostenibilità, ma da anni anche di grande competenza nel concetto di Human Centric Lighting. Si tratta di una concezione globale di illuminazione, in cui il fulcro della progettazione illuminotecnica è costituito dall'individuo e dai suoi bisogni.

Se di prima mattina una luce ben studiata sa come stimolare il nostro organismo, durante il giorno, è necessario che essa promuova la concentrazione mentre lavoriamo e provveda invece di sera a creare un'atmosfera rilassante. Le soluzioni di illuminazione intelligenti di PLANLICHT raggiungono tale obiettivo adattando a ogni situazione, non solo l'intensità luminosa, ma anche la temperatura della vernice.

PLANLICHT è stato infatti uno dei primi produttori a dotare il proprio intero assortimento di funzioni Human Centric Lighting. Soprattutto negli uffici, ovvero in ambienti in cui si passa molto tempo al lavoro, l'incremento della concentrazione e del benessere a seguito dell'impiego della tecnologia HCL è un fatto scientificamente dimostrato.

La conseguente attenzione mirata ai bisogni dell'individuo non si estingue per PLANLICHT nell'illuminazione in sé. Presso la sede di Vomp, l'azienda realizza infatti anche speciali lampade con sistemi fonoassorbenti e pannelli. I materiali isolanti naturali integrati, come fieno e lana di pecora, filtrano rumori ambientali fastidiosi, trasformando anche gli uffici open space in un ambiente di lavoro silenzioso.

WIRTSCHAFTLICHKEIT

3

Prinzip unserer Entwicklung und Optimierung: Höchster Licht-Output bei geringstmöglichen Stromverbrauch. Wo es uns möglich ist, beziehen wir unser Rohmaterial aus der Nähe und vermeiden somit unnötige Transportwege.

Wir verzichten auf den unnötigen Einsatz von Kunststoffen und setzen wo möglich auf Mehrfachverwendung. Unsere Produkte sind frei von gefährlichen Stoffen und erfüllen alle Anforderungen der RoHS und REACH Richtlinien. Unsere Leuchten werden so konstruiert, dass sie repariert und einzelne Komponenten wiederverwertet werden können.

Der hoch optimierte Sehkomfort unserer Leuchten sorgt für blendfreies Sehen und eine natürliche Farbwiedergabe. Ob Konzentration oder Entspannung - unser Prinzip des Human Centric Lightings fördert aktiv in jeder Situation die Stimmung.

Unsere Produkte sind so individuell wie unsere Kunden. Sie geben ihnen kreative Freiheit bei der architektonischen Gestaltung. Wahlweise lassen sich unsere Leuchten klassisch per Schalter, Touch-Panel, Smartphone oder intelligenten Sensoren steuern. Als Familienunternehmen und ausgezeichneter Lehrbetrieb leben wir die gegenseitige Wertschätzung und Unterstützung.

Die maximale Energie-Effizienz unserer Produkte spiegelt sich in geringerer Stromrechnung und CO2-Abdruck unserer Kunden. Unsere Leuchten überzeugen durch Langlebigkeit, die wir selbstverständlich auch in unseren Verkaufsunterlagen anführen.

Die optimale Konstruktion unserer Produkte macht sie in der Regel wartungsfrei und im Falle einer Beschädigung reparierbar. Für die herausragende Qualität unserer Leuchten garantieren wir mit einer exklusiven, 66-monatigen Garantie. Besseres Licht in den Arbeitsbereichen unterstützt erwiesenermaßen die Arbeitenden bei der Konzentration und Produktivität.

ENVIRONMENT

1

The main principle of our development and optimisation is to achieve the highest light output with the lowest possible power consumption. Wherever we can, we use locally sourced raw materials and so avoid unnecessary transport routes.

We avoid the unnecessary use of plastics and source reusable materials where possible. Our products are free from hazardous substances and meet all requirements of the RoHS directive and the REACH regulation. Our luminaires are designed so that they can be repaired and individual components can be recycled.

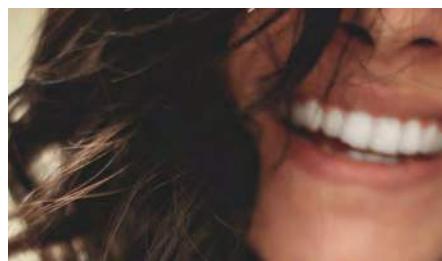

HUMAN

2

The highly optimised, visual comfort of our luminaires makes for glare-free vision and natural colour rendering. Whether you're concentrating or relaxing – our Human Centric Lighting principle actively supports the mood in every situation.

Our products are as individual as our customers and provide creative freedom when it comes to architectural design. Our luminaires can be controlled in the traditional way with switches, as well as touch panels, smartphones or intelligent sensors. As a family business and an award-winning apprenticeship training company, we live by our values of mutual appreciation and support.

ECONOMY

3

The maximum energy efficiency of our products is reflected in our customers' lower electricity bills and CO2 footprint. Durability is an impressive feature of our luminaires, and this is of course something we also mention in our sales documents.

The superior construction of our products makes them generally maintenance-free and repairable if they are damaged. We guarantee the outstanding quality of our luminaires with an exclusive, 66-month warranty. It's a proven fact that better light in workplaces helps employees to concentrate and be more productive.

ENVIRONNEMENT

1

Le principe de notre développement et optimisation : puissance d'éclairage maximale et consommation électrique aussi faible que possible. Dans la mesure du possible, nous nous procurons nos matières premières dans les environs et évitons ainsi des trajets de transport inutiles.

Nous renonçons à l'utilisation inutile de matières plastiques et recourons si possible à l'usage multiple. Nos produits sont exempts de matières dangereuses et remplissent toutes les exigences de la directive RoHS et du règlement REACH. Nos luminaires sont conçus de sorte à permettre leur réparation et le recyclage de certains composants.

AMBIENTE

1

Il principio alla base del nostro sviluppo e ottimizzazione: massima resa luminosa con il consumo energetico più ridotto possibile. Cerchiamo infatti di acquistare le materie prime per i nostri prodotti ove attuabile nei dintorni, per evitare inutili traghetti di trasporto.

Rinunciamo all'impiego di materie plastiche non essenziali e ci adoperiamo, ove fattibile, per un ricorso a materiali riutilizzabili. I nostri prodotti sono privi di sostanze pericolose e adempiono a tutti i requisiti della direttiva RoHS e del regolamento REACH. La produzione dei nostri dispositivi di illuminazione avviene in modo che essi siano riparabili e che i singoli componenti risultino riutilizzabili.

HUMAIN

2

Le confort visuel hautement optimisé de nos luminaires garantit une vision sans éblouissement et un rendu naturel des couleurs. Concentration ou détente : notre principe de l'éclairage biodynamique promeut activement l'humeur dans chaque situation.

Nos produits sont aussi individuels que nos clients. Ils leur confèrent une liberté créative lors de la conception architecturale. Nos luminaires peuvent être commandés au choix de manière classique par interrupteur, panneau tactile, smartphone ou capteurs intelligents. En tant qu'entreprise familiale et entreprise d'apprentissage primée, nous vivons le respect et le soutien mutuels.

UMANO

2

Il comfort visivo altamente ottimizzato delle nostre lampade è sinonimo di una visione senza abbagliamento e di una resa cromatica naturale. Che si desideri promuovere la concentrazione o conseguire un ambiente rilassante, il nostro principio di Human Centric Lighting crea la giusta atmosfera in ogni situazione.

I nostri prodotti sono individuali come i nostri clienti. Essi consentono di esprimere in piena libertà la propria creatività nella progettazione architettonica. Le nostre lampade possono essere comandate nella maniera più classica grazie a interruttori ma anche, se lo si preferisce, con pannelli touch, via smartphone o tramite sensori intelligenti. Come impresa familiare e azienda formatrice premiata, siamo guidati da uno spirito di valorizzazione e supporto reciproci.

ÉCONOMIE

3

L'efficacità énergétique maximale de nos produits se reflète dans la faible facture d'électricité et la faible empreinte carbone de nos clients. Nos luminaires séduisent par la durabilité dont nous faisons bien entendu aussi mention dans notre documentation de vente.

Grâce à leur conception optimale, nos produits ne requièrent généralement aucun entretien et peuvent être réparés en cas d'endommagement. Nous assurons l'excellente qualité de nos luminaires par la garantie exclusive de 66 mois. Il est prouvé qu'un meilleur éclairage dans les espaces de travail favorise la concentration et la productivité des personnes qui travaillent.

ECONOMIA

3

La massima efficienza energetica dei nostri prodotti si traduce in costi energetici ridotti e in un'esigua impronta di CO2 per i nostri clienti. I nostri dispositivi di illuminazione si distinguono per la loro durata, che siamo naturalmente lieti di riportare nella documentazione di vendita.

La loro realizzazione ottimale ne rende solitamente superflua la manutenzione e ne assicura la possibilità di riparazione in caso di danneggiamento. La straordinaria qualità delle nostre lampade è oggetto della nostra formula esclusiva di garanzia di 66 mesi. È dimostrato che un'illuminazione migliore degli ambienti di lavoro supporta la concentrazione e la produttività degli operatori.

SIZE ME

DE | Gut in Form: Das Leuchtensortiment bei PLANLICHT könnte nicht vielseitiger sein! Vom minimalistischen Downlight über verschiedenste Flächenleuchten bis hin zum multifunktionalen Profilsystem bieten wir unseren Kunden maximale Freiheit bei der Gestaltung. Und sollten Sie dennoch nicht die richtige Form und Größe für Ihr Projekt finden, dann sprechen Sie uns an! PLANLICHT versteht sich als Lösungsanbieter. Und als solcher gehen wir auch die Extra-Meile.

ETS SHAPE

EN | *In good shape: the range of luminaires at PLANLICHT couldn't be more versatile! From minimalist downlights to a wide variety of surface luminaires and multifunctional profile systems, we offer our customers maximum freedom in design. And if you still can't find the right shape and size for your project, just talk to us! PLANLICHT sees itself as a solution provider. And, as such, we also go the extra mile.*

FR | *Bien en forme : l'assortiment de luminaires de PLANLICHT ne pourrait être plus varié ! Du downlight minimaliste au système de profilé multifonctionnel en passant par des luminaires de surface les plus divers, nous offrons à nos clients une liberté d'aménagement maximale. Et si vous ne trouvez pas la forme et la taille adéquates pour votre projet, contactez-nous ! PLANLICHT se considère comme un prestataire de solutions. Et en tant que tel, nous n'hésitons pas à en faire plus.*

IT | *A ognuno la sua forma: l'assortimento di dispositivi di illuminazione PLANLICHT non potrebbe essere più multiforme ! Dai downlight con design minimalista ai sistemi di profili multifunzione, passando per le lampade piane più diverse, offriamo ai nostri clienti la massima libertà di progettazione. Se comunque non riuscisse a trovare la lampada con la forma e le dimensioni più adatte al Suo progetto, ne parli con noi ! PLANLICHT è sinonimo di soluzioni sempre perfette. Non per niente siamo sempre disposti a fare qualcosa in più per trovarle.*

LIGHTING MEETS RAL

DE | Bei PLANLICHT helfen wir mit, Architektur-Träume zu verwirklichen. Deshalb wird Farbkompetenz in unserem Haus seit Jahren groß geschrieben. Über unsere angeführten Standardfarben hinaus sind nahezu alle unsere Produkte in den RAL-Farben (Seite 479) erhältlich. Darüber hinaus fertigen wir Ihre Leuchten auch nach Ihren ganz individuellen Farbwünschen.

RAL
FARBEN

EN | At PLANLICHT, we help to make architectural dreams come true. That's why colour expertise has been a top priority in our company for years. In addition to our listed standard colours, almost all our products are available in RAL colours (p. 479). In addition, we can also manufacture your luminaires according to your very own individual colour requirements.

FR | Chez PLANLICHT, nous vous aidons à réaliser vos rêves architecturaux. C'est pourquoi, notre entreprise attache depuis des années une grande importance à la compétence en matière de couleurs. Tous nos produits sont non seulement disponibles dans nos couleurs standard mentionnées, mais sont aussi presque tous proposés dans les couleurs RAL (p. 479). De plus, nous fabriquons vos luminaires dans la couleur que vous souhaitez.

IT | PLANLICHT sa come supportarla a realizzare il Suo sogno architettonico. Da anni infatti la nostra azienda pone estrema attenzione alle competenze in fatto di selezione dei colori. Oltre ai colori standard elencati, quasi tutti i nostri prodotti sono disponibili anche nei colori RAL (p. 479). Senza contare che possiamo realizzare i nostri dispositivi di illuminazione anche in colori personalizzati.

COLOUR MEETS CABLES

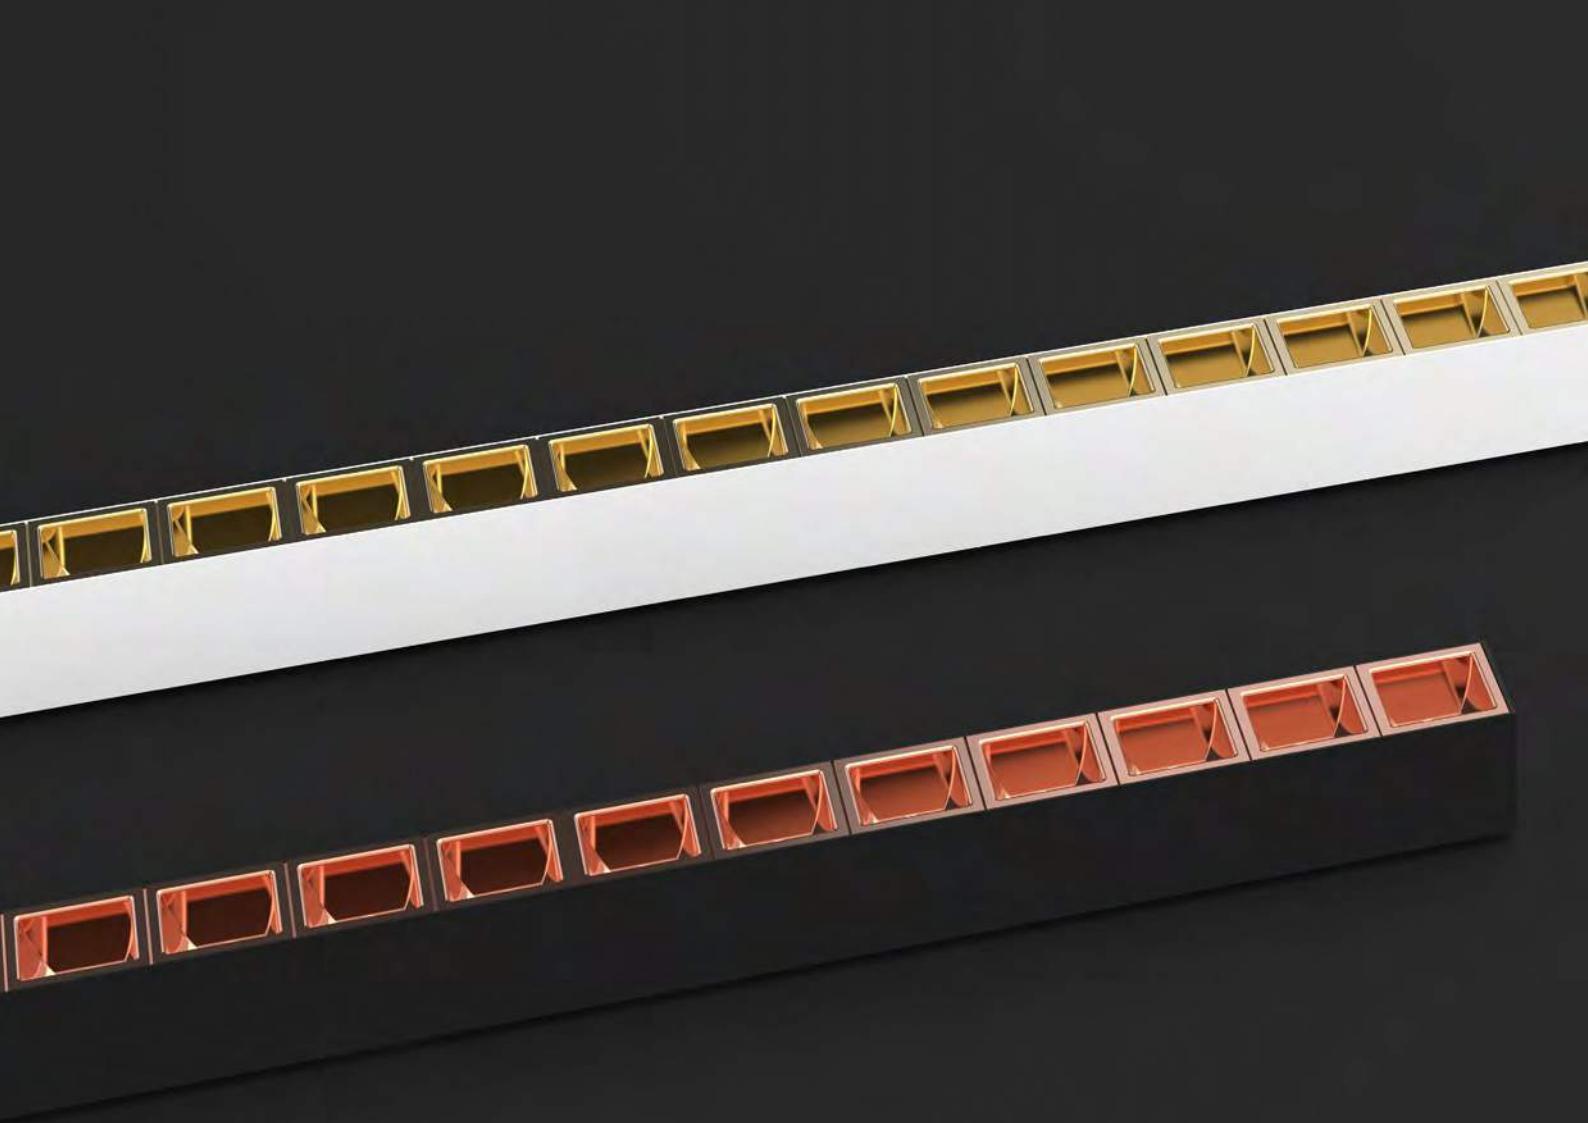

DE | Die Liebe zum Detail kennt bei PLANLICHT keine Grenzen. Deshalb endet für uns Individualisierung nicht bei unterschiedlichen Formen, Größen und Gehäusefarben. Unsere optionalen Textilkabel (Seite 478) sind in unterschiedlichsten Farben erhältlich und machen die Leuchte zu einem echten Hingucker.

EN | At PLANLICHT, attention to detail knows no boundaries. That's why, for us, customisation does not end with different shapes, sizes and housing colours. Our optional textile cables are available in a wide variety of colours and turn the luminaire into a really eye-catching piece (p. 478).

FR | Chez PLANLICHT, l'amour du détail ne connaît aucune limite. C'est pourquoi la personnalisation ne s'arrête pas pour nous aux différentes formes, tailles et couleurs de corps. Nos câbles à gaine textile proposés en option sont disponibles dans les couleurs les plus diverses et font des luminaires un véritable accroche-regard (p. 478).

IT | La cura del dettaglio non conosce limiti presso PLANLICHT. Ecco perché per noi personalizzazione non significa soltanto forme, dimensioni e colori dell'alloggiamento diversi. I nostri cavi in tessuto sono disponibili in opzione nelle tonalità più svariate e fanno di ogni dispositivo di illuminazione un vero catalizzatore di sguardi (p. 478).

LIGHT DESIGN MEETS JEWELLERY

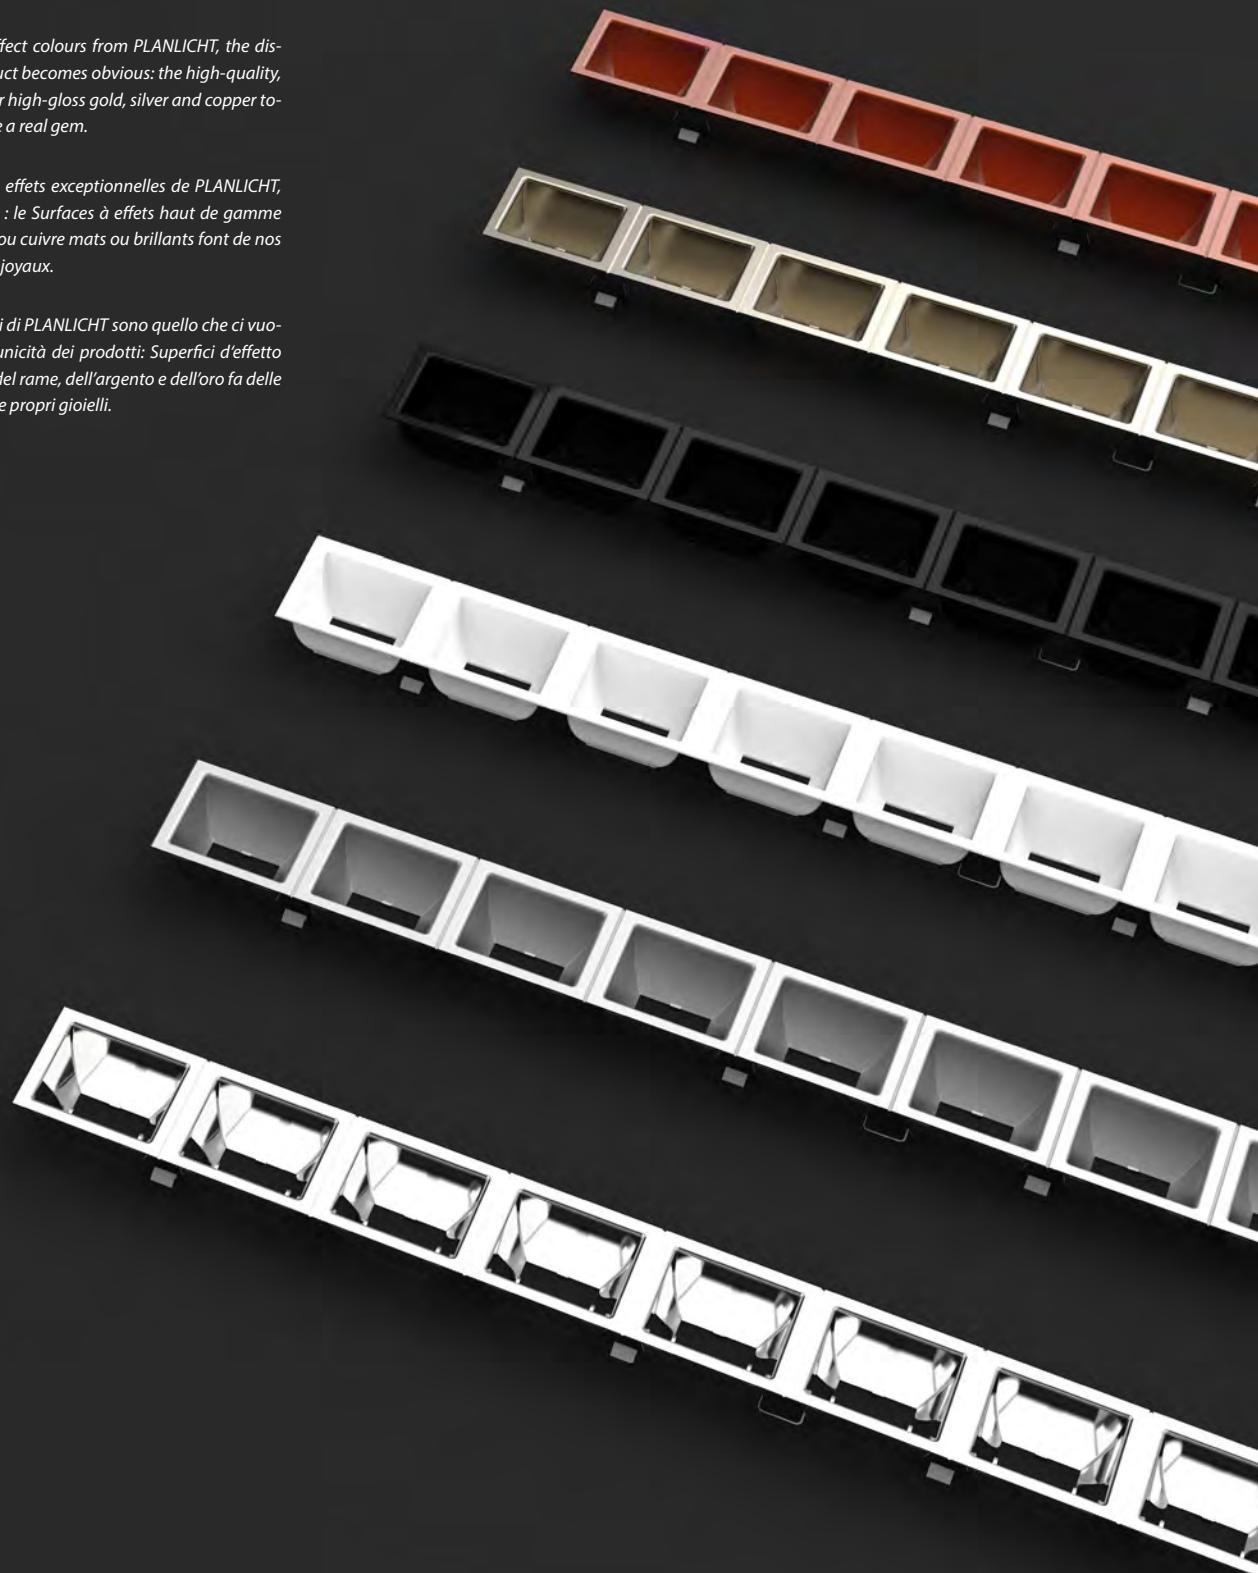

DE | Mit den einzigartigen Effektfarben von PLANLICHT wird die Besonderheit offensichtlich: Die hochwertigen Effekt-Oberflächen in matten oder hochglänzenden Gold-, Silber und Kupfer-Tönen machen unsere Leuchten zu einem richtigen Schmuckstück.

EN | With the unique effect colours from PLANLICHT, the distinctiveness of the product becomes obvious: the high-quality, Effect surfaces in matt or high-gloss gold, silver and copper tones makes our luminaire a real gem.

FR | Avec les couleurs à effets exceptionnelles de PLANLICHT, l'originalité est évidente : le Surfaces à effets haut de gamme dans les tons or, argent ou cuivre mats ou brillants font de nos luminaires de véritables joyaux.

IT | I colori a effetto unici di PLANLICHT sono quello che ci vuole per porre in risalto l'unicità dei prodotti: Superfici d'effetto opaco o lucido nei toni del rame, dell'argento e dell'oro fa delle nostre lampade dei veri e propri gioielli.

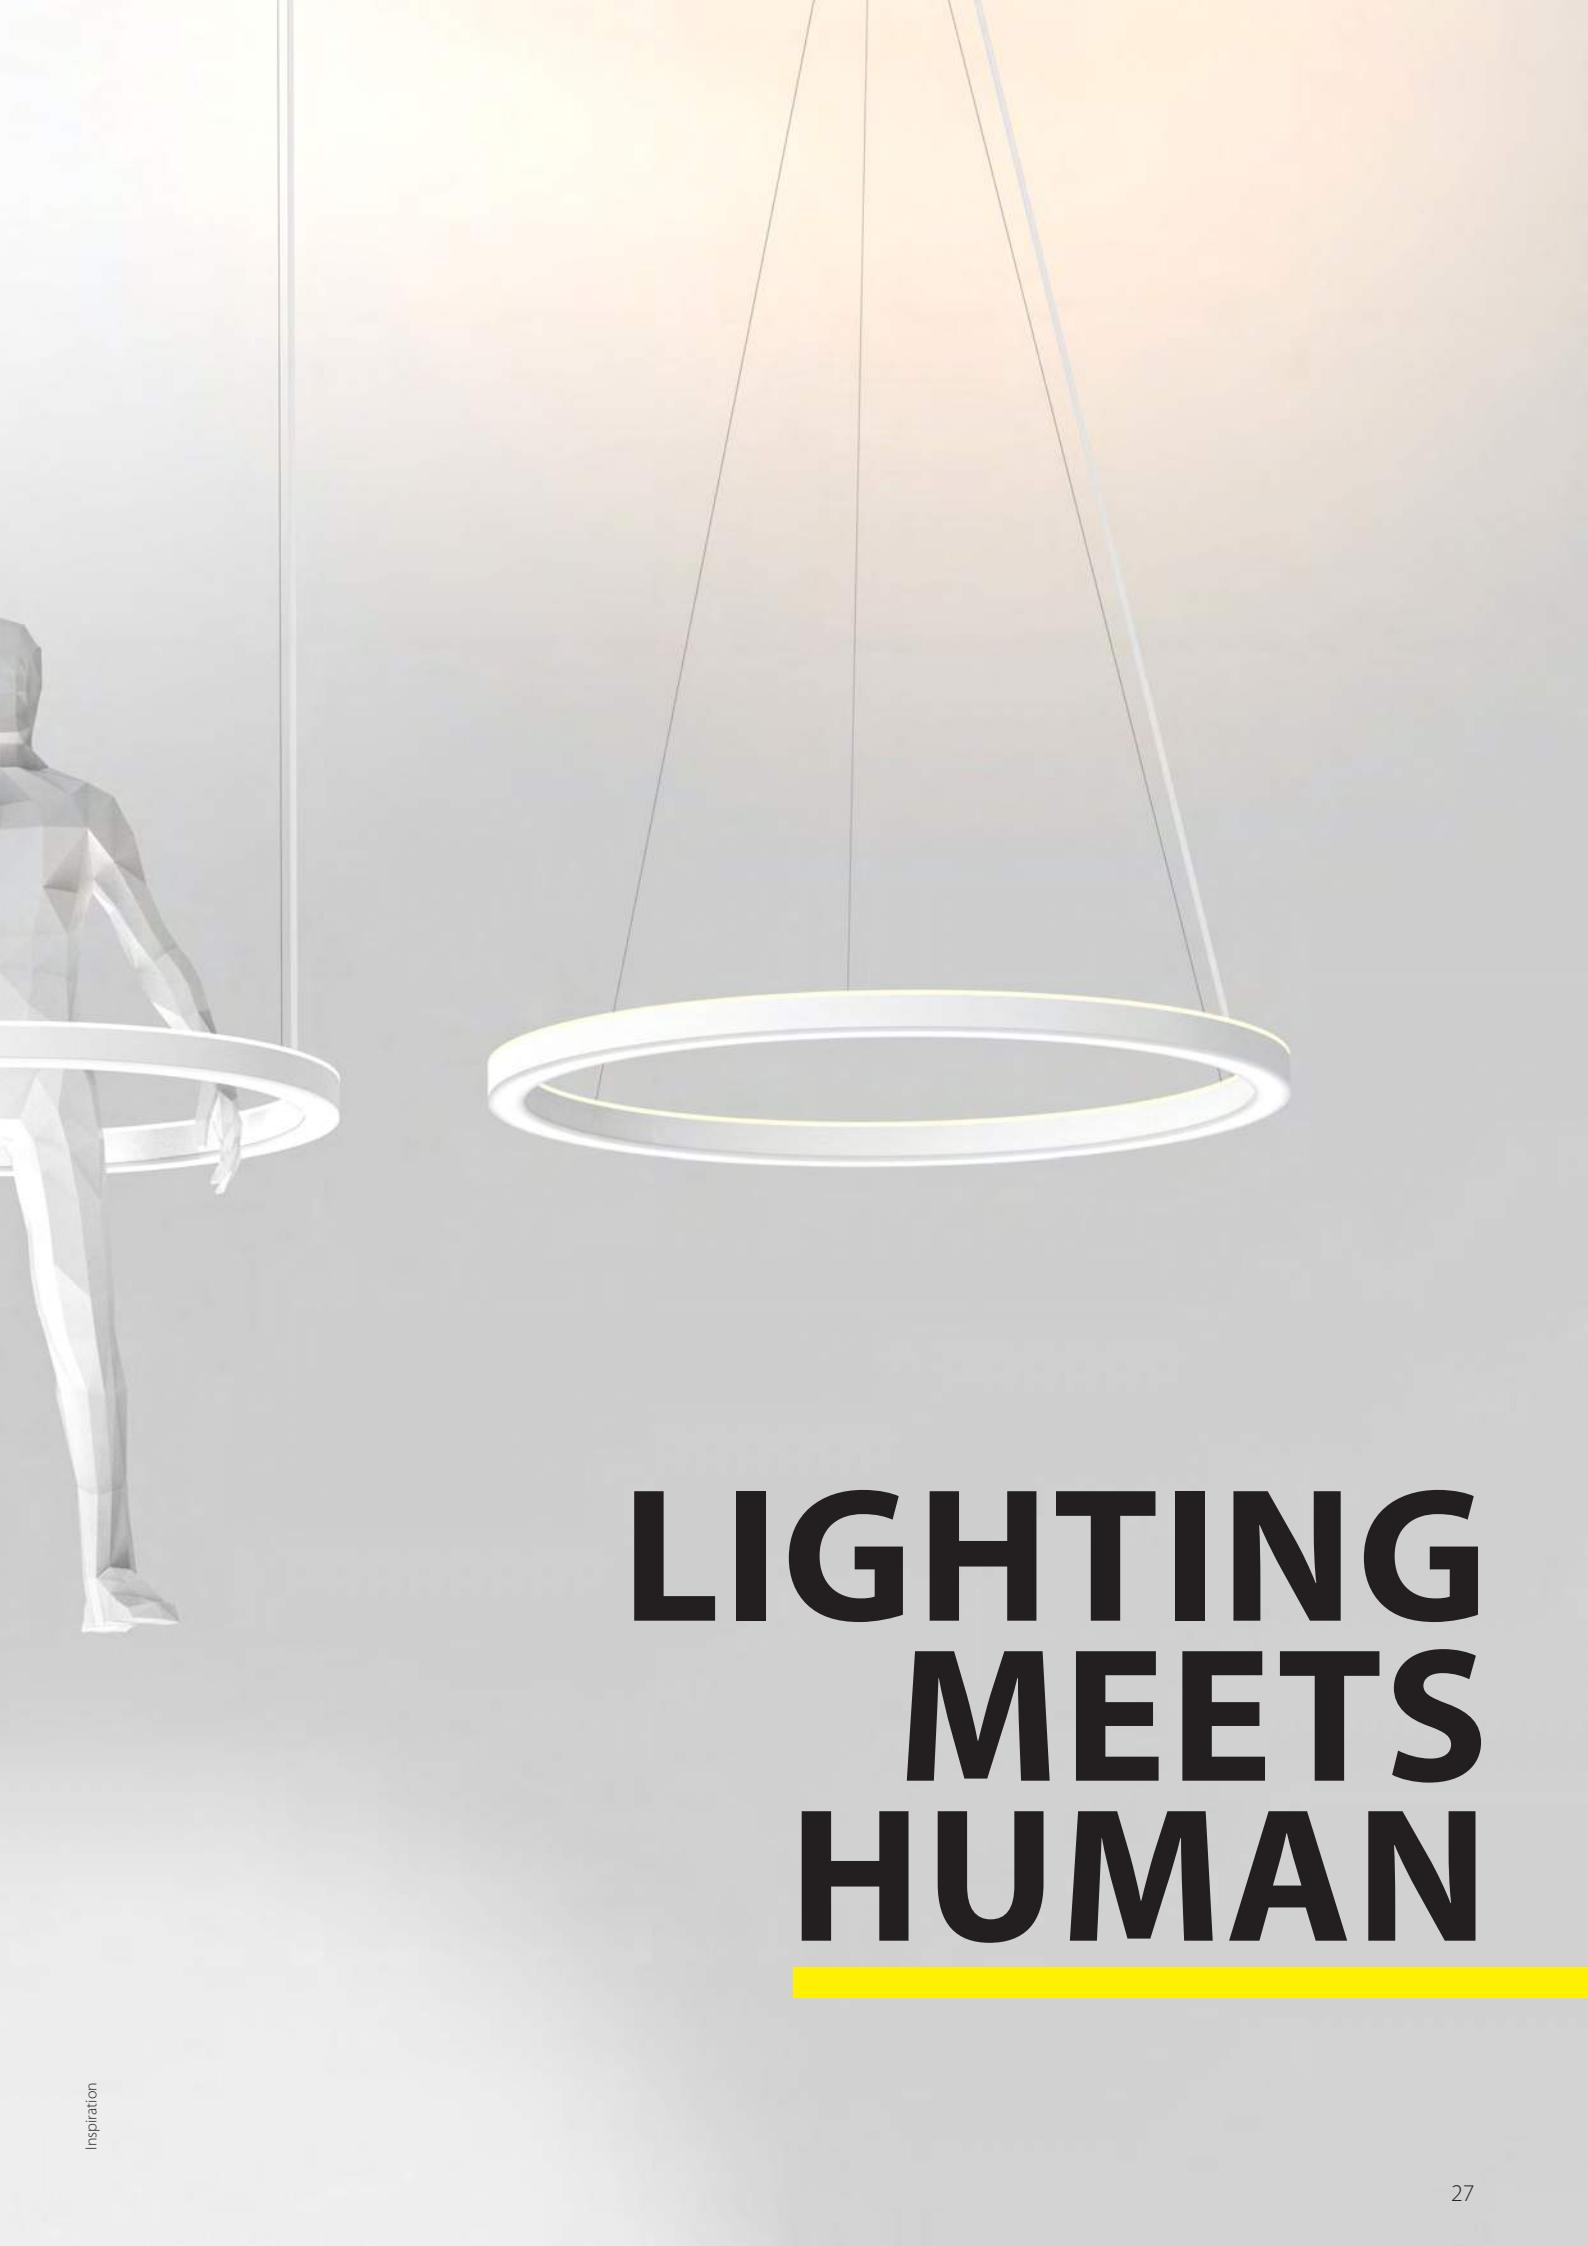

DE | Bei PLANLICHT steht der Mensch im Mittelpunkt. Deshalb bieten wir den Großteil unserer Leuchten auch mit dynamischem Weiß an. Das Konzept des Human Centric Lighting passt die Lichttemperatur dem natürlichen Verlauf des Sonnenlichts an und fördert nachweislich die Konzentration und Entspannung.

EN | At PLANLICHT, the focus is on people. That's why we also offer the majority of our luminaires with dynamic white. The concept of Human Centric Lighting adapts the light temperature to the natural course of sunlight and has been proven to promote concentration and relaxation.

FR | Chez PLANLICHT, l'être humain est au centre des préoccupations. C'est pourquoi nous proposons la majorité de nos luminaires également avec un blanc dynamique. Le concept de l'éclairage biodynamique adapte la température de la lumière au cours naturel de la lumière du soleil et promeut la concentration et la détente.

IT | PLANLICHT pone al centro l'individuo. Ecco perché offriamo la maggior parte dei nostri dispositivi di illuminazione anche con tecnologia del bianco dinamico. La tecnologia basata sul concetto di Human Centric Lighting adegua la temperatura della luce al corso naturale della luce solare e promuove in maniera tangibile la concentrazione e il rilassamento.

LIGHTING MEETS HUMAN

LIGHTING MEETS WORKSPACE

DE | Für die richtige Beleuchtung am Arbeitsplatz sind unterschiedlichste Normen zu beachten. Die speziellen Büroleuchten von PLANLICHT überzeugen durch hohe Lichtleistung und maximalen Sehkomfort. Sie übertreffen vielmals die gesetzlichen Vorgaben und sorgen für eine ideale Ausleuchtung am Schreibtisch.

EN | Correct workplace illumination requires compliance with many different standards. The special office luminaires from PLANLICHT have an impressively high light output and maximum visual comfort. They often go beyond the statutory requirements and provide ideal illumination at the desk.

FR | Les normes les plus diverses doivent être respectées pour garantir un bon éclairage au poste de travail. Les luminaires de bureau spéciaux de PLANLICHT séduisent par leur puissance lumineuse élevée et un confort visuel maximal. Ils dépassent largement les directives légales et garantissent un éclairage idéal au bureau.

IT | L'illuminazione corretta del posto di lavoro è disciplinata dalle norme più diverse. Le speciali lampade per ufficio di PLANLICHT si distinguono per la loro resa luminosa elevata e il massimo comfort visivo. Esse assolvono alle prescrizioni di legge superandone di gran lunga gli standard e garantendo un'illuminazione ottimale della postazione di lavoro.

LIGHT MEETS WALLS

DE | Für die homogene Ausleuchtung von Wänden bieten sich bei PLANLICHT unterschiedliche Möglichkeiten: Von Strahlern mit ovalen Streulinsen bis hin zu Profilen und Profilsystemen mit asymmetrischen Reflektoren.

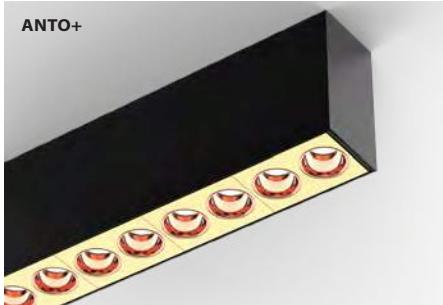

EN | PLANLICHT offers various options for the homogeneous illumination of walls: from spotlights with oval diffuser lenses to profiles and profile systems with asymmetrical reflectors.

FR | PLANLICHT propose différentes possibilités pour l'éclairage homogène des murs: du spot à lentilles divergentes ovales aux profils et systèmes de profil à réflecteurs asymétriques.

IT | PLANLICHT offre svariate soluzioni per assicurare un'illuminazione omogenea delle pareti: dai faretti con lenti di diffusione ovali fino ai profili, singoli o in sistemi, con riflettori asimmetrici.

WALLWASH SOLUTIONS BY PLANLICHT

DE | Die ovale Streulinse im ANTO+ Strahler bzw. Inset liefert bei nur 0,1 Meter Abstand eine Streiflicht-Wandaufhellung von 500 Lux, bei 1 Meter Abstand 400 Lux. Dabei wird zusätzlich auch der Gangbereich erhellt.

EN | The oval diffuser lens in the ANTO+ spotlight or inset provides grazing light wall illumination of 500 lux at a distance of only 0.1 metre, and 400 lux at a distance of 1 metre. The traffic areas are also illuminated in addition.

FR | La lentille divergente ovale dans le spot ou insert ANTO+ fournit un éclairage mural homogène de 500 lux à une distance de seulement 0,1 mètre, et de 400 lux à une distance de seulement 1 mètre. Le couloir est également éclairé.

IT | La lente di diffusione ovale del faretto ANTO+ e ANTO+ Inset fornisce un illuminamento della parete pari a 500 lux con distanza di soli 0,1 metri dal muro e a 400 lux con distanza di 1 metro. Una soluzione che permette in tal modo di illuminare anche l'area di passaggio.

DE | Der asymmetrische Reflektor im P.FORTY Profil liefert bei nur 0,8 Meter Abstand eine homogene Wandaufhellung von 212 Lux, bei 1 Meter Abstand 175 Lux. Dabei wird zusätzlich auch der Gangbereich erhellt.

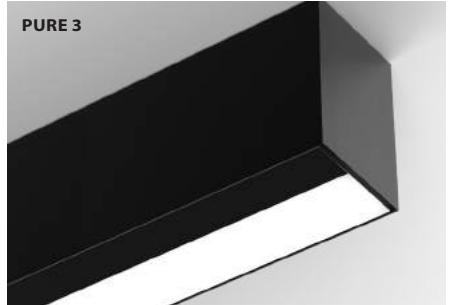

EN | The asymmetrical reflector in the P.FORTY profile provides homogeneous wall illumination of 212 lux at a distance of only 0.8 metres, and 175 lux at a distance of 1 metre. The traffic areas are also illuminated in addition.

FR | Le réflecteur asymétrique dans le profilé P.FORTY fournit un éclairage mural homogène de 212 lux à une distance de seulement 0,8 mètre et de 175 lux à une distance de 1 mètre. Le couloir est également éclairé.

IT | Il riflettore asimmetrico del profilo P.FORTY fornisce un illuminamento omogeneo della parete pari a 212 lux con distanza di soli 0,8 metri dal muro e a 175 lux con distanza di 1 metro. Una soluzione che permette in tal modo di illuminare anche l'area di passaggio.

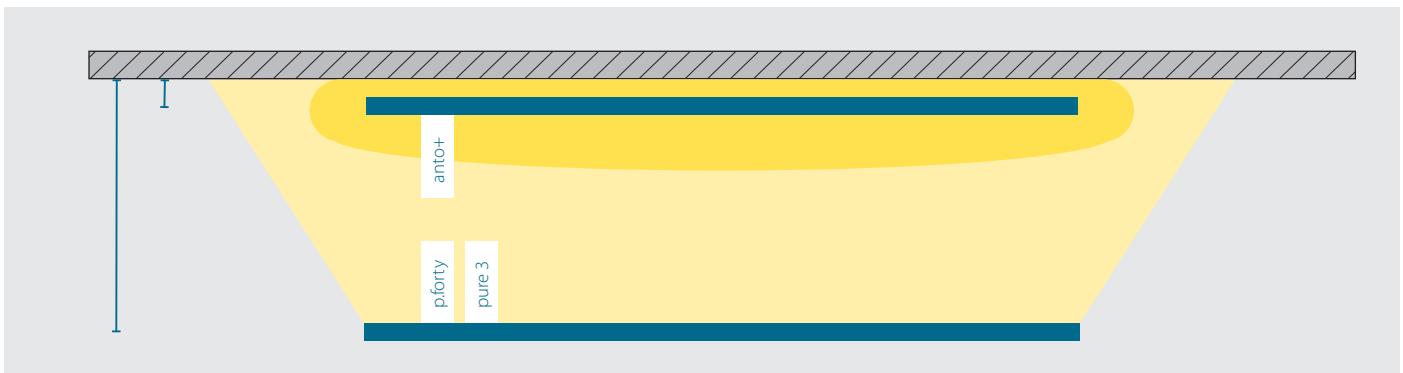

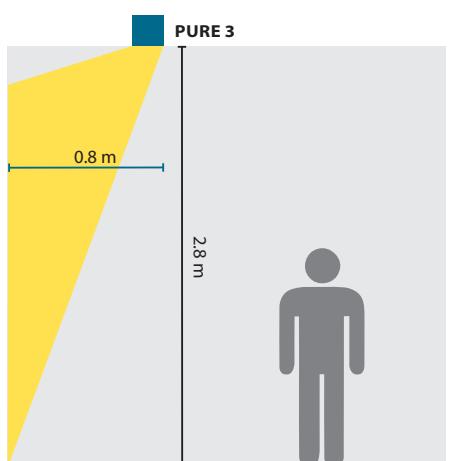

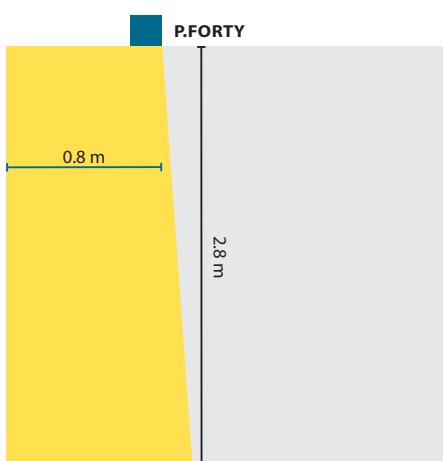

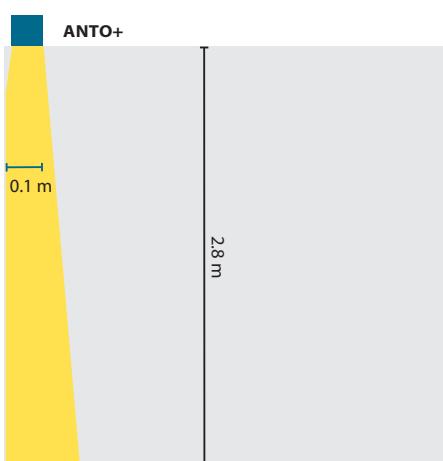

DE | Der asymmetrische Reflektor im PURE 3 Profil liefert bei nur 0,8 Meter Abstand eine homogene Wandaufhellung von 290 Lux, bei 1 Meter Abstand 270 Lux. Die wandgerichtete Aufhellung lässt den Boden dunkel.

EN | The asymmetrical reflector in the PURE3 profile provides homogeneous wall illumination of 290 lux at a distance of only 0.8 metres, and 270 lux at a distance of 1 metre. The wall-directed illumination leaves the floor dark.

FR | Le réflecteur asymétrique dans le profilé PURE3 fournit un éclairage mural homogène de 290 lux à une distance de seulement 0,8 mètre et de 270 lux à une distance de 1 mètre. L'éclairage orienté vers le mur laisse le sol dans la pénombre.

IT | Il riflettore asimmetrico del profilo PURE3 fornisce un illuminamento omogeneo della parete pari a 290 lux con distanza di soli 0,8 metri dal muro e a 270 lux con distanza di 1 metro. Il fascio di luce diretta alla parete non illumina il suolo.

LIGHT MEETS ACOUSTIC

DE | Der Mensch im Mittelpunkt. Bei PLANLICHT geht dieser Anspruch über die Lichtwirkung hinaus. Die Akustikleuchten von PLANLICHT absorbieren Umgebungsgeräusche und verwandeln jede Lobby, jedes Großraumbüro, jede Konferenzräumlichkeit in eine echte Wohlfühlloase.

EN | The focus is on people. At PLANLICHT, this is a claim that goes beyond the lighting effects. The acoustic luminaires from PLANLICHT effectively absorb ambient noise and transform every lobby, every open-plan office and every conference room into a veritable oasis of well-being.

FR | L'être humain au centre des préoccupations. Chez PLANLICHT, cette exigence va au-delà de l'effet lumineux. Les luminaires acoustiques de PLANLICHT absorbent efficacement les bruits environnants et transforment chaque zone de réception, chaque bureau collectif, chaque salle de conférence en un véritable havre de bien-être.

IT | L'individuo al centro. Questo principio si spinge presso PLANLICHT oltre la semplice resa luminosa. I dispositivi di illuminazione con sistema fonoassorbente di PLANLICHT filtrano il rumore ambientale e trasformano ogni atrio, ma anche ogni ufficio open space e sala conferenze, in una vera e propria oasi di benessere.

LIGHT COLOR MEETS RETAIL

DE | Die verkaufsfördernde Gestaltung von Ladenflächen ist eine Kunst für sich. Verschiedene Waren stellen unterschiedliche Anforderungen an die Beleuchtung. Im Modehandel überzeugen die Spezialleuchten von PLANLICHT durch eine kräftige und kontrastreiche Farbwiedergabe. In den unterschiedlichen Bereichen des Lebensmittelhandels regen die verbauten Spezial-LEDs den Konsum an.

EN | The sales-promoting design of shop areas is an art in itself. Different goods place different demands on the lighting. In fashion retail, the special luminaires from PLANLICHT make an impressive statement with their powerful, high-contrast colour rendering. In the different areas of the food retail, the installation of special LEDs stimulates consumption.

FR | La conception promotionnelle des surfaces de vente est un art en soi. Différentes marchandises posent différentes exigences à l'éclairage. Dans les magasins de mode, les luminaires spéciaux de PLANLICHT séduisent par un rendu des couleurs fort et contrasté. Les LED spéciales installées dans les différents espaces des magasins alimentaires incitent à la consommation.

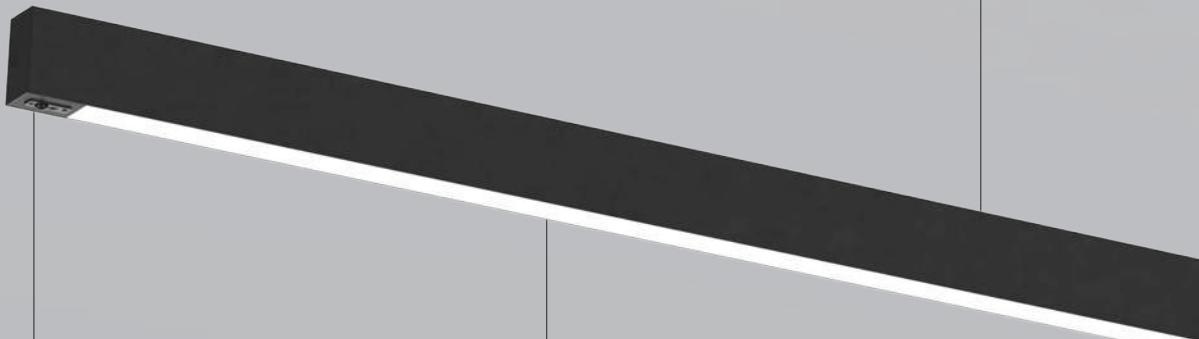

IT | Da noi la progettazione degli spazi commerciali che favorisce le vendite è un'arte in sé. Merci diverse pongono sfide altrettanto diverse quando si parla di illuminazione. Le lampade speciali di PLANLICHT per il settore della moda si distinguono per la loro capacità di assicurare una resa cromatica incisiva e ricca di contrasti. I nostri speciali LED installati nei diversi compartimenti del commercio di alimentari sanno come incentivare i consumi.

CLICK & PLAY

Mounting and dismounting of surface luminaires has never been so easy!

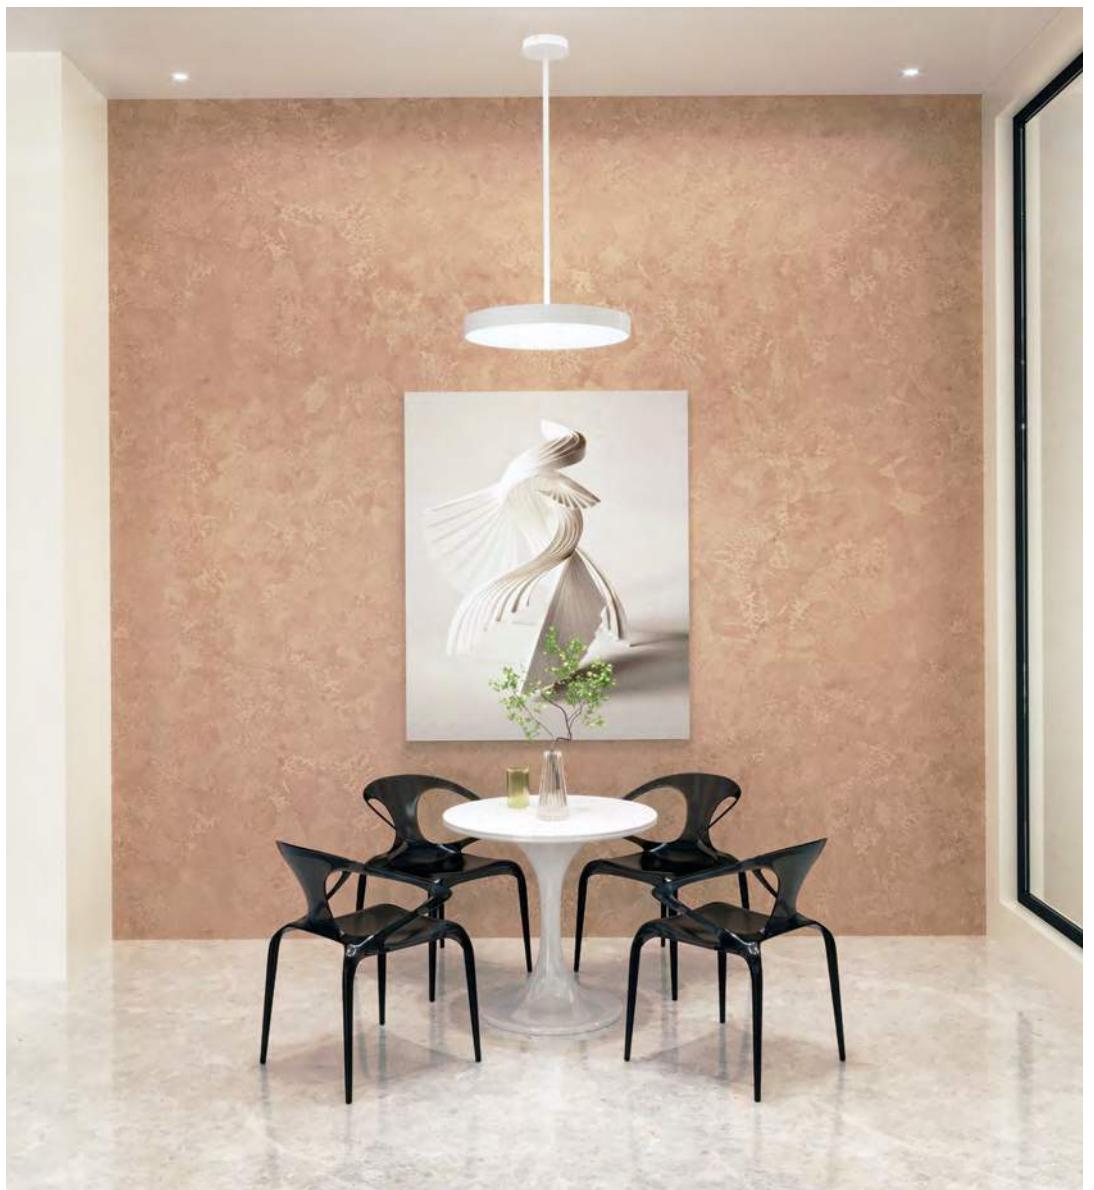

OPHELIA's sophisticated CLICK & PLAY connector incorporates a three/five-pin connector. It allows you to plug in the luminaire by just pressing the housing onto the mounted canopy with three clicks.

Unlock the housing from the canopy by rotating it to the right. If mounted on walls, a specially developed accessory must be used as a dismount-lock!

Luminaire provides diffuse and homogeneous illumination for any room

DIRECT / INDIRECT LIGHTING

Luminaire is available with active indirect lighting

ENERGY EFFICIENCY

Luminaire provides very high light output at low power usage

CLICK & PLAY

Easy surface mounting: Just press the housing on the canopy with a click!

SPLASH WATER PROOF

Available with IP44 rating for bath rooms

DYNAMIC WHITE

Human centric lighting with tunable white from 2700 to 6500 Kelvin

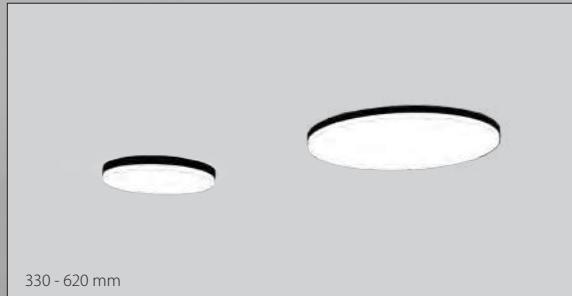

EMERGENCY LIGHT

Available with battery powered emergency light in case of power outage

U-shaped satiné (34 mm)	2219 lm	3181 lm

*Der angegebene Lichtstrom bezieht sich auf die Leuchte mit klarer mikroprismatischer Abdeckung. Die Leuchte wird mit satiniertter Folie zur Erhöhung der Homogenität geliefert (Direkt strahlend: -13,9%, direkt/indirekt strahlend: -6,9% Lichtstrom).

Die angegebenen Lichtstromwerte (lm) beziehen sich auf Leuchten mit einem weißen Gehäuse (RAL 9016). Je nach Gehäusefarbe und Länge reduzieren sich diese entsprechend (bezieht sich nur auf U-förmige Abdeckungen).

The indicated luminous flux corresponds to the luminaire with a clear microprismatic diffuser. The luminaire is delivered with a satinized-foil for increased homogeneity (direct: -13,9%, direct-indirect: -6,9% luminous flux). All figures of luminous flux (lm) are for fixtures with white housing (RAL 9016). Depending on the housing colour and length, the luminous flux is reduced accordingly. This only applies to U-shaped optics.

Le flux lumineux indiqué correspond au luminaire avec diffuseur micropristmatique transparent. Le luminaire est livré avec un film satiné pour optimiser l'homogénéité (direct: -13,9 %, direct-indirect: -6,9 % sur le flux lumineux).

Les valeurs de flux lumineux (lm) indiquées se réfèrent aux luminaires à corps blanc (RAL 9016). En fonction de la couleur du corps et de la longueur, celles-ci sont réduites en conséquence (se réfère uniquement aux caches en forme de U).

Il flusso luminoso indicato corrisponde all'apparecchio con diffusore micropristmatico trasparente. La lampada è fornita con una pellicola satinata per ottimizzare l'omogeneità (diretto: -13,9%, diretto-indiretto: -6,9% del flusso luminoso).

I valori indicati di flusso luminoso (lm) si riferiscono a lampade con alloggiamento bianco (RAL 9016). A seconda della lunghezza e del colore scelto per l'alloggiamento, tali valori possono ridursi (esclusivamente in caso di coperture a U).

* Der angegebene Lichtstrom bezieht sich auf die Leuchte mit klarer mikropräzischem Abdeckung. Die Leuchte wird mit satiniertem Folie zur Erhöhung der Homogenität geliefert (-28,2% Lichtstrom).

The indicated luminous flux corresponds to the luminaire with a clear micropismatic diffuser. The luminaire is delivered with a satinized-foil for increased homogeneity (-28,2% luminous flux).

Le flux lumineux indiqué correspond au luminaire avec diffuseur micropristmatique transparent. Le luminaire est livré avec un film satiné pour optimiser l'homogénéité (-28,2 % sur le flux lumineux).

Il flusso luminoso indicato corrisponde all'apparecchio con diffusore micropristmatico trasparente. La lampada è fornita con una pellicola satinata per ottimizzare l'omogeneità (-28,2% del flusso luminoso).

Die angegebenen Lichtstromwerte (lm) beziehen sich auf Leuchten mit einem weißen Gehäuse (RAL 9016). Unterschiedliche Gehäusefarben reduzieren diese entsprechend – silber (RAL 9006) um 21%, schwarz (RAL 9005) um 25%!

All figures of luminous flux (lm) are for fixtures with white housing (RAL 9016). Different housing colours reduce the luminous flux accordingly – silver (RAL 9006) minus 21%, black (RAL 9005) minus 25%!

Les valeurs de flux lumineux (lm) indiquées se réfèrent aux luminaires à corps blanc (RAL 9016). Différentes couleurs de corps les réduisent en conséquence – argent (RAL 9006) de 21 %, noir (RAL 9005) de 25 % !

I valori indicati di flusso luminoso (lm) si riferiscono a lampade con alloggiamento bianco (RAL 9016). A seconda del colore scelto per l'alloggiamento, tali valori possono ridursi: color argento (RAL 9006) -21%, nero (RAL 9005) -25%!

Die angegebenen Lichtstromwerte (lm) beziehen sich auf Leuchten mit einem weißen Gehäuse (RAL 9016). Je nach Gehäusefarbe und Durchmesser reduzieren sich diese entsprechend.
All figures of luminous flux (lm) are for fixtures with white housing (RAL 9016). Depending on the housing colour and diameter, the luminous flux is reduced accordingly.

Les valeurs de flux lumineux (lm) indiquées se réfèrent aux luminaires à corps blanc (RAL 9016). En fonction de la couleur du corps et du diamètre, celles-ci sont réduites en conséquence.

I valori indicati di flusso luminoso (lm) si riferiscono a lampade con alloggiamento bianco (RAL 9016). A seconda del diametro e del colore scelto per l'alloggiamento, tali valori possono ridursi.

Die angegebenen Lichtstromwerte (lm) beziehen sich auf Leuchten mit einem weißen Gehäuse (RAL 9016). Je nach Gehäusefarbe reduzieren sich diese entsprechend.

All figures of luminous flux (lm) are for fixtures with white housing (RAL 9016). Depending on the housing colour, the luminous flux is reduced accordingly.

Les valeurs de flux lumineux (lm) indiquées se réfèrent aux luminaires à corps blanc (RAL 9016). En fonction de la couleur du corps, celles-ci sont réduites en conséquence.

I valori indicati di flusso luminoso (lm) si riferiscono a lampade con alloggiamento bianco (RAL 9016). A seconda del colore scelto per l'alloggiamento tali valori possono ridursi.

*Der angegebene Lichtstrom bezieht sich auf die Leuchte mit klarer mikroprismatischer Abdeckung. Die Leuchte wird mit satiniertter Folie zur Erhöhung der Homogenität geliefert (Direkt strahlend: -13,9%, direkt/indirekt strahlend: -6,9% Lichtstrom).

Die angegebenen Lichtstromwerte (lm) beziehen sich auf Leuchten mit einem weißen Gehäuse (RAL 9016). Je nach Gehäusefarbe und Länge reduzieren sich diese entsprechend (bezieht sich nur auf U-förmige Abdeckungen).

The indicated luminous flux corresponds to the luminaire with a clear micropismatic diffuser. The luminaire is delivered with a satinized-foil for increased homogeneity (direct: -13,9%, direct-indirect: -6,9% luminous flux).

All figures of luminous flux (lm) are for fixtures with white housing (RAL 9016). Depending on the housing colour and length, the luminous flux is reduced accordingly. This only applies to U-shaped optics.

Le flux lumineux indiqué correspond au luminaire avec diffuseur micropristmatique transparent. Le luminaire est livré avec un film satiné pour optimiser l'homogénéité (direct: -13,9 %, direct-indirect: -6,9 % sur le flux lumineux).

Les valeurs de flux lumineux (lm) indiquées se réfèrent aux luminaires à corps blanc (RAL 9016). En fonction de la couleur du corps et de la longueur, celles-ci sont réduites en conséquence (se réfère uniquement aux caches en forme de U).

Il flusso luminoso indicato corrisponde all'apparecchio con diffusore micropristmatico trasparente. La lampada è fornita con una pellicola satinata per ottimizzare l'omogeneità (diretto: -13,9%, diretto-indiretto: -6,9% del flusso luminoso).

I valori indicati di flusso luminoso (lm) si riferiscono a lampade con alloggiamento bianco (RAL 9016). A seconda della lunghezza e del colore scelto per l'alloggiamento, tali valori possono ridursi (esclusivamente in caso di coperture a U).

*Der angegebene Lichtstrom bezieht sich auf die Leuchte mit klarer mikroprismatischer Abdeckung. Die Leuchte wird mit satiniertter Folie zur Erhöhung der Homogenität geliefert (-11,7% Lichtstrom).

The indicated luminous flux corresponds to the luminaire with a clear micropismatic diffusor. The luminaire is delivered with a satinized-foil for increased homogeneity (-11,7% luminous flux).

Le flux lumineux indiqué correspond au luminaire avec diffuseur micropismatique transparent. Le luminaire est livré avec un film satiné pour optimiser l'homogénéité (-11,7% sur le flux lumineux).

Il flusso luminoso indicato corrisponde all'apparecchio con diffusore micropismatico trasparente. La lampada è fornita con una pellicola satinata per ottimizzare l'omogeneità (-11,7% del flusso luminoso).

*Der angegebene Lichtstrom bezieht sich auf die Leuchte mit klarer mikroprismatischer Abdeckung. Die Leuchte wird mit satiniertter Folie zur Erhöhung der Homogenität geliefert (Direkt strahlend: -28,2% , direkt/indirekt strahlend: -11,7% Lichtstrom).

The indicated luminous flux corresponds to the luminaire with a clear micropismatic diffuser. The luminaire is delivered with a satinized-foil for increased homogeneity (direct: -28,2%, direct-indirect: -11,7% luminous flux).

Le flux lumineux indiqué correspond au luminaire avec diffuseur micropristmatique transparent. Le luminaire est livré avec un film satiné pour optimiser l'homogénéité (direct: -28,2 %, direct-indirect: -11,7 % sur le flux lumineux).

Il flusso luminoso indicato corrisponde all'apparecchio con diffusore micropristmatico trasparente. La lampada è fornita con una pellicola satinata per ottimizzare l'omogeneità (diretto: -28,2%, diretto-indiretto: -11,7% del flusso luminoso).

Die angegebenen Lichtstromwerte (lm) beziehen sich auf Leuchten mit einem weißen Gehäuse (RAL 9016). Unterschiedliche Gehäusefarben reduzieren diese entsprechend – silber (RAL 9006) um 21%, schwarz (RAL 9005) um 25%!

All figures of luminous flux (lm) are for fixtures with white housing (RAL 9016). Different housing colours reduce the luminous flux accordingly – silver (RAL 9006) minus 21%, black (RAL 9005) minus 25%!

Les valeurs de flux lumineux (lm) indiquées se réfèrent aux luminaires à corps blanc (RAL 9016). Différentes couleurs de corps les réduisent en conséquence – argent (RAL 9006) de 21 %, noir (RAL 9005) de 25 % !

I valori indicati di flusso luminoso (lm) si riferiscono a lampade con alloggiamento bianco (RAL 9016). A seconda del colore scelto per l'alloggiamento, tali valori possono ridursi: color argento (RAL 9006) -21%, nero (RAL 9005) -25%!

Die angegebenen Lichtstromwerte (lm) beziehen sich auf Leuchten mit einem weißen Gehäuse (RAL 9016). Je nach Gehäusefarbe und Durchmesser reduzieren sich diese entsprechend.

All figures of luminous flux (lm) are for fixtures with white housing (RAL 9016). Depending on the housing colour and diameter, the luminous flux is reduced accordingly.

Les valeurs de flux lumineux (lm) indiquées se réfèrent aux luminaires à corps blanc (RAL 9016). En fonction de la couleur du corps et du diamètre, celles-ci sont réduites en conséquence.

I valori indicati di flusso luminoso (lm) si riferiscono a lampade con alloggiamento bianco (RAL 9016). A seconda del diametro e del colore scelto per l'alloggiamento, tali valori possono ridursi.

*Der angegebene Lichtstrom bezieht sich auf die Leuchte mit klarer mikroprismatischer Abdeckung. Die Leuchte wird mit satiniertener Folie zur Erhöhung der Homogenität geliefert (-28,2% Lichtstrom).

The indicated luminous flux corresponds to the luminaire with a clear micropismatic diffuser. The luminaire is delivered with a satinized-foil for increased homogeneity (-28,2% luminous flux).

Le flux lumineux indiqué correspond au luminaire avec diffuseur micropristmatique transparent. Le luminaire est livré avec un film satiné pour optimiser l'homogénéité (-28,2 % sur le flux lumineux).

Il flusso luminoso indicato corrisponde all'apparecchio con diffusore micropristmatico trasparente. La lampada è fornita con una pellicola satinata per ottimizzare l'omogeneità (-28,2% del flusso luminoso).

Die angegebenen Lichtstromwerte (lm) beziehen sich auf Leuchten mit einem weißen Gehäuse (RAL 9016). Je nach Gehäusefarbe und Durchmesser reduzieren sich diese entsprechend.

All figures of luminous flux (lm) are for fixtures with white housing (RAL 9016). Depending on the housing colour and diameter, the luminous flux is reduced accordingly.

Les valeurs de flux lumineux (lm) indiquées se réfèrent aux luminaires à corps blanc (RAL 9016). En fonction de la couleur du corps et du diamètre, celles-ci sont réduites en conséquence.

I valori indicati di flusso luminoso (lm) si riferiscono a lampade con alloggiamento bianco (RAL 9016). A seconda del diametro e del colore scelto per l'alloggiamento, tali valori possono ridursi.

*Der angegebene Lichtstrom bezieht sich auf die Leuchte mit klarer mikroprismatischer Abdeckung. Die Leuchte wird mit satiniertter Folie zur Erhöhung der Homogenität geliefert (Direkt strahlend: -13,9%, direkt/indirekt strahlend: -6,9% Lichtstrom).

The indicated luminous flux corresponds to the luminaire with a clear micropismatic diffuser. The luminaire is delivered with a satinized foil for increased homogeneity (direct: -13,9%, direct-indirect: -6,9% luminous flux).

Le flux lumineux indiqué correspond au luminaire avec diffuseur micropristmatique transparent. Le luminaire est livré avec un film satiné pour optimiser l'homogénéité (direct: -13,9%, direct-indirect: -6,9 % sur le flux lumineux).

Il flusso luminoso indicato corrisponde all'apparecchio con diffusore micropristmatico trasparente. La lampada è fornita con una pellicola satinata per ottimizzare l'omogeneità (diretto: -13,9%, diretto-indiretto: -6,9% del flusso luminoso).

*Der angegebene Lichtstrom bezieht sich auf die Leuchte mit klarer mikroprismatischer Abdeckung. Die Leuchte wird mit satiniertener Folie zur Erhöhung der Homogenität geliefert (Direkt strahlend: -28,2%, direkt/indirekt strahlend: -11,7% Lichtstrom).

The indicated luminous flux corresponds to the luminaire with a clear micropromatic diffuser. The luminaire is delivered with a satinized foil for increased homogeneity (direct: -28,2%, direct-indirect: -11,7% luminous flux).

Le flux lumineux indiqué correspond au luminaire avec diffuseur micropristmatique transparent. Le luminaire est livré avec un film satiné pour optimiser l'homogénéité (direct: -28,2 %, direct-indirect: -11,7 % sur le flux lumineux).

Il flusso luminoso indicato corrisponde all'apparecchio con diffusore micropristmatico trasparente. La lampada è fornita con una pellicola satinata per ottimizzare l'omogeneità (diretto: -28,2%, diretto-indiretto: -11,7% del flusso luminoso).

max. Capacité de charge de 10 kg

capacità di carico max. 10 kg

⑥③ EUTRAC MULTI-UNIVERSAL

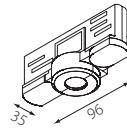

71997592

71997596

Für 3- Phasen Stromschiene, mit Datenbus-Option, mit Schraubklemmen und vernickelten Federkontakte. Zugelassen für 6 A induktiv / 6 A ohmisch bei 250V. Mit Schutzleiteranschluss und Phasenwahlschalter. Phasenwahl über Drehkern mit Nullstellung im eingesetzten Zustand. Durch Doppelriegel besserer mechanischer Halt in der Schiene auch bei Einsatz schwerer Strahler, belastbar bis 5 kg, ohne Montage-Nippel.

Pour rail 3 phases. Bornes à vis et contacts à ressort nickelés inclus. Option bus de données disponible. Charge max.: 6A en circuit inductif / 6A en circuit résistif en 250V. Équipé d'une connexion à la terre et d'un sélecteur de phase. Sélection de la phase par bouton rotatif, sur position zéro lors de l'installation. Dispositif de double verrou pour une meilleure tenue mécanique sur le rail. Capacité de charge jusqu'à 5kg, sans raccord de montage.

Per sbarra trifase, con opzione bus dati, con morsetti a vite e contatti a molla nichelati. Approvato per 6 A induktivi / 6 A resistivi a 250V. Con collegamento alla terra di protezione e selettore di fase. Selezione della fase tramite nucleo rotante con posizione zero quando inserito. Doppia chiusura per una migliore tenuta meccanica nel binario anche quando si usano faretti pesanti, caricabile fino a 5 kg, senza nippolo di montaggio.

* 1050 mA only for 1- and 2-channel solutions

HINWEIS: Bei Verwendung von Konstantstrom-Steuerungen (CC) werden Konstantspannungs-Netzteile (CV) benötigt.

NOTE: Constant Voltage (CV) power supplies are required when using constant current (CC) controllers.

HCL CONTROLS

INTERFACE

max. 32 mA/channel
Dimension
LxWxH=130x30x21 mm

410-80200025

Controller for luminaires in a white-white configuration. Manual control of the lighting system through the touch panel or any standard push button (functions individually adjustable) combined with a clock module or touch panel. Controller allows connecting or controlling luminaires with up to 16 ECUs (DALI supply current of 32 mA/channel max.). The power supply for each luminaire can be found on the data-sheet of the luminaires. The system can be expanded with the EXTENDER (Art. No. 410-80200024). An integrated relay connects the power supply to the luminaires in the network (up to 1000VA max.), to reduce the power loss in stand-by mode.

TOUCH-PANEL

Dimension
LxWxH=151x80x10 mm

410-80200030

Touch panel with integrated Clock module. Contents: 4-pin GIRA frame, connector plug, mounting frame for flush-mount socket, RJ10 cable and connection adapter. Wall mounting with included ring to mount on standard flush-mount sockets. Power supply through controller.

SENSORS

Dimension
LxWxH=46,5x20,5x16 mm
Surface PIR-Sensor with integrated power supply

Sensor 1 - 410-80200031
Sensor 2 - 410-80200032
Sensor 3 - 410-80200033

CLOCK-MODULE

Dimension
LxWxH=50x25x10 mm

410-80200026

The module Clock allows controlling the brightness and colour temperature of lighting systems, when combined with the Controller INTERFACE. The standard set of parameters of the module can be viewed on the Smartphone App and be adjusted to match your individual needs. Power supply through controller.

EXTENDER

max. 32 mA/channel
Dimension
LxWxH=130x30x21 mm

410-80200024

The DALI Extender allows you to extend the HCL system with another independent DALI line using 32 mA/channel DALI supply current. Up to 3 extenders can be used in one system.

INTEGRATED HCL CONTROLS FOR SINGLE LUMINAIRE

DALI ECO BT RTC CONTROL Steuergerät

- Plug & Play - Adjusting parameters is recommended, but not necessary.
- Integrated clock with a 72h energy storage in case of mains power failure.
- Automatic color & brightness control depending on the stored curve and the local time.
- Up to 4 Timer settings (Start/Stop Time, optionally depending on the day of the week.)
- Custom scenes which are easy to set up

Technische Informationen

Leistung, Lichtstrom und Farbtemperatur unterliegen durch den Einsatz von elektronischen Bauteilen produktionsbedingten Toleranzen. Toleranzen Leistung und Lichtstrom: +/- 10 %. Toleranz Farbtemperatur: +/- 150 K. Lichtstrom dynamisch weiss bei 2700 K.

Bestromung und Temperatur

LEDs unterliegen während ihrer Lebensdauer Veränderungen in den Eigenschaften. Die Bestromung der LED und das Temperaturmanagement nehmen dabei vorrangig Einfluss. Zunehmend mit der Betriebstemperatur der LED verstärken sich über die Nutzungsdauer Verschiebungen des Farborts und Abnahme des Lichtstroms. Um die Veränderung zu minimieren, werden die Produkte in diesem Katalog daher meist mit weniger Strom betrieben als vom Hersteller empfohlen. In Verbindung mit ausgereitem Thermomanagement können wir damit eine niedrige Betriebstemperatur unserer LEDs sicherstellen, was eine nachhaltig geringere Farbortverschiebung und minimierte Lichtstromabnahme zur Folge hat.

Farbortverschiebung

Während der Einbrennphase in den ersten 1.000 Betriebsstunden unterliegen LEDs einer Farbortverschiebung einer 2-Step-MacAdam-Ellipse. Mit niedrigem Betriebsstrom erhöht sich die Farbortverschiebung nach diesem Zeitraum über die Lebensdauer unserer LEDs ausgehend vom gelieferten Binning-Feld nur geringfügig. Die gesamte Farbortverschiebung bleibt somit in der Regel innerhalb einer 3-Step-MacAdam Ellipse.

Lichtstromabnahme

LEDs verlieren über die Zeit an Lichtstrom. Diese Lichtstromdegradation lässt sich über verschiedene Werte messen: L-Wert, B-Wert und Betriebsdauer in Stunden. Der L-Wert gibt den Prozentsatz des Anfangslichtstroms bei Erreichen der Betriebsdauer in Stunden an. Der B-Wert sagt aus, wie viel Prozent der LED den L-Wert unterschreiten dürfen. Ist kein B-Wert angegeben, so gilt der Wert B50. Beispieldhaft würde das bei der Angabe 40.000h L80/B50 bedeuten, dass nach einer Betriebsdauer von 40.000h der Ausgangslichtstrom auf 80% gesunken ist und mindestens 50% der LEDs diesen Wert nicht unterschreiten. Da die tatsächlich erreichte Lebensdauer von verschiedenen Faktoren wie der Umgebungstemperatur, Luftfeuchtigkeit und der eingestellten Bestromung (LO, HO, usw.) abhängt, werden in diesem Katalog nur Richtwerte für den jeweiligen Leuchtentyp angegeben. Auf Anfrage kann die Lebensdauer für einen expliziten Leuchtentyp unter Angabe der zu erwartenden Randbedingungen weiter eingeengt werden. Bei den hier aufgeführten Leuchten mit einem Indirektanteil sind die Direkt- und die Indirekteseite standardmäßig nicht getrennt schaltbar (Artikelnummer-Bereich Output: 1, non-dim) beziehungsweise nicht getrennt schalt- und dimmbar (Artikelnummer-Bereich Output: 3, DALI dim) ausgeführt. Die mit „DALI switchDIM“ gekennzeichneten Leuchten sind sowohl über DALI, als auch unter Verwendung einer Neutralleiterbrücke mit switch-Dim ansteuerbar. Falls eine getrennte Schalt- oder Dimmbarkeit gewünscht ist, existieren in Abhängigkeit von der gewünschten Steuerart verschiedene vordefinierte Sonderausführungen.

Bei Interesse wenden Sie sich bitte an unser Kundenservicecenter.

Technical Information

The power output, luminous flux and colour temperature can be slightly different due to specific electronic components used in the manufacturing process. The power output and luminous flux can differ by +/- 10 %. The colour temperature can differ by +/- 150 K. Luminous flux dynamic white at 2700 K.

Current feed and temperature

LEDs are subject of changes during their lifespan. Current feed and thermal management take major influence. As LED operating temperatures increase, the colour locations shift more heavily and the luminous flux decreases over the LED's lifespan. To minimize changes the products in this catalogue are operated with less current than recommended by the manufacturer. Combined with advanced thermal management a lower operating temperature of our LEDs can be ensured which leads to lower levels of colour location shifts and luminous flux degradation over the long term.

Colour point shift

During the burn-in-phase of the first 1'000 hours of operation LEDs are subject to a colour point shift of one 2-step MacAdam ellipse. Due to lower operating current the colour point shift increases slightly after the burn-in-phase during the lifespan of the LEDs based on the binning group at delivery. So the total colour point shift generally remains within one 3-step MacAdam ellipse.

Luminous flux degradation

Over time the LEDs' luminous flux declines. This degradation of the luminous flux is measured by different values: L-value, B-value and time of operation in hours. The L-value represents the percentage of the luminous flux of the initial luminous flux when the time of operation is reached. The B-value shows the percentage of the LEDs whose luminous flux might be below the L-value upon reaching the time of operation. B50 applies to all products without specified B-value. For example: 40.000h L80/B50 means that at a usage of 40.000 hours we would expect a maximum of 50% (B50) of the LEDs are under 80% (L80) of their starting lux value (either by dimming, failing or a combination thereof). The estimated lifetime is defined under controlled conditions and will vary according to actual ambient temperature, humidity and the power output of the LED (LO, HO, etc.). Upon request we can estimate a more accurate luminaire lifetime when provided with information pertaining to the environmental conditions of the installation area.

The case of direct/indirect luminaires with a "1" (non-dim) in the "Dimming Type" segment of the article number (#9), the direct and indirect sides cannot be separately switched as standard, with a "3" (DALI-dim) in the "Dimming Type" segment of the article number the direct and indirect sides are not separately switchable and dimmable. The luminaires marked with "DALI-switchDIM" can be controlled via DALI as well as switchDIM using a neutral conductor bridge. If separate switching or dimming is desired, then there are several predefined special versions depending on the desired control type.

If interested, please contact our Customer Service Center.

Informations techniques

La puissance, le flux lumineux et la température de couleur peuvent légèrement différer en raison de l'utilisation de composants électroniques spécifiques dans le processus de production. La puissance et le flux lumineux peuvent différer de +/- 10 %. La température de couleur peut différer de +/- 150 K. Flux lumineux blanc dynamique à 2700 K.

Alimentation et température

Les caractéristiques des LED peuvent changer au cours de leur durée de vie. L'alimentation des LED et la gestion thermique ont une influence considérable sur ces changements. Plus la température de la LED en fonctionnement est élevée, plus les risques de déviation chromatique et de perte de flux lumineux augmentent au cours de la durée d'utilisation. Pour minimiser ces changements, les produits du présent catalogue sont pour la plupart alimentés avec un courant d'intensité plus faible que celui recommandé par le fabricant. Grâce à des analyses approfondies sur la gestion thermique, nous pouvons garantir que la faible température de nos LED en fonctionnement réduit fortement les risques de déviation chromatique et de perte de flux au cours de la durée de vie du produit.

Variation chromatique

Lors de la phase de rodage, pendant les 1 000 premières heures de fonctionnement, les LED ont une variation chromatique de rang 2 sur l'ellipse de MacAdam. Après cette phase et pendant toute la durée de vie de nos LED, les coordonnées chromatiques ne diffèrent que légèrement par rapport au groupe de binning livré, grâce à la faible intensité du courant d'alimentation. La variation chromatique reste donc généralement comprise à l'intérieur du rang 3 de l'ellipse de MacAdam.

Perte de flux lumineux

Le flux lumineux des LED peut baisser au cours du temps. Il existe plusieurs indicateurs pour mesurer la dégradation du flux lumineux : valeur L, valeur B et durée de fonctionnement en heures. La valeur L correspond au pourcentage du flux lumineux initial quand la durée de fonctionnement en heures est atteinte. La valeur B indique le pourcentage de LED pouvant présenter un flux lumineux inférieur à la valeur L. Si la valeur B n'est pas indiquée, sa valeur par défaut est B50. Par exemple, l'indication « 40 000h L80/B50 » signifie que le flux lumineux sortant représente minimum 80 % du flux sortant initial après une durée d'utilisation de 40 000 heures et que minimum 50 % des LED conservent un flux supérieur ou égal à cette valeur. Comme la durée de vie réelle dépend de différents facteurs, comme la température ambiante, l'humidité de l'air et le courant d'alimentation (LO, HO, etc.), les valeurs indiquées dans le présent catalogue sont uniquement des valeurs indicatives pour les différents types de luminaires. Sur demande, la durée de vie d'un type de luminaire particulier peut être déterminée plus précisément, sous réserve de la transmission d'informations sur les conditions du site d'installation.

Les luminaires en éclairage direct/indirect présentés ici ne permettent pas, de manière standard, un allumage séparé des côtés direct et indirect (luminaires non gradables ou « nondim » avec le chiffre « 1 » en position « Output » du numéro d'article), ni un allumage et une gradation séparées des côtés direct et indirect (luminaires gradables DALI ou « DALI dim » avec le chiffre « 3 » en position « Output » du numéro d'article). Les luminaires avec la mention « DALI switchDIM » permettent d'utiliser soit une gestion DALI, soit une gestion switchDIM en installant un pont sur le conducteur neutre. Si vous souhaitez une version avec un allumage ou une gradation séparée, nous vous proposons des solutions sur-mesure en fonction du type de gestion désiré.

Pour toute demande, veuillez contacter notre service clients.

Informazioni tecniche

Potenza, flusso luminoso e temperatura colore sono soggette a tolleranza dovuta all'uso di componenti elettroniche nella produzione. Tolleranza potenza e flusso luminoso +/- 10%. Tolleranza temperatura colore +/- 150K. Flusso luminoso bianco dinamico a 2700 K.

Alimentazione e temperatura

I LED sono soggetti a variazioni di caratteristiche durante la durata di vita. L'alimentazione e la gestione della temperatura sono i fattori più influenti. L'aumento della temperatura del LED comporta la variazione del colore, la riduzione del flusso luminoso e la durata di vita. Per ridurre le possibili variazioni, i prodotti del presente catalogo vengono utilizzati con una minore potenza rispetto a quella raccomandata dal produttore. In combinazione con un'avanzata gestione termica si ottiene una temperatura operativa più bassa che minimizza la variazione di colore e la caduta del flusso.

Variazione del colore

Durante le prime 1000 ore di funzionamento i LED sono soggetti ad una variazione del colore pari a 2 step MacAdam. La potenza ridotta produce una variazione colore insignificante durante la durata di vita diei nostri LED, rimanendo nel valore di binning fornito. La variazione colore normalmente è contenuta all'interno dell'ellisse dei 3-steep MacAdam.

Riduzione del flusso luminoso

I LED sono soggetti ad una perdita progressiva del flusso luminoso. Questa degradazione è espressa attraverso i seguenti valori: valore vita media (L), livello di affidabilità (B) e tempo di funzionamento in ore. La percentuale di flusso luminoso iniziale (L) esprime il decadimento del flusso al raggiungimento del numero di ore di funzionamento. La percentuale (B) indica quanti LED possono rimanere al di sotto di tale valore L. Quando il valore B è 'pari a B50' l'indicazione viene omessa. Per esempio, le indicazioni 40.000h L80/B50 indicano che dopo un tempo di funzionamento pari a 40.000h il flusso luminoso decade all'80% ed un massimo del 50% dei LED non rispetta questo valore. Il tempo di funzionamento reale dipende da vari fattori, quali ad esempio. Nel caso degli apparecchi con componente indiretta, qui elencati, come impostazione pre-definita le due componenti diretta ed indiretta non sono controllabili separatamente (codice articolo - valore di Output: 1, non dimmerabile) o non accendibile e dimmerabile separatamente (codice articolo - valore di Output: 3, dim. DALI). Gli apparecchi contrassegnati con „DALI switchDIM“ possono essere controllati sia tramite DALI e che utilizzando un interruttore switch-Dim. Se si desidera accendere o diminuire le componenti separatamente, possiamo offrire diverse versioni speciali predefinite a seconda del tipo di controllo desiderato.

Se siete interessati, vi preghiamo di contattare il nostro servizio clienti.

Allgemeine Geschäfts- und Lieferbedingungen

I. Allgemeines

- (1) Die Firma planlicht GmbH & Co KG, im Folgenden kurz der Unternehmer, schließt Verträge mit seinen Kunden ausschließlich aufgrund dieser Allgemeinen Geschäfts- und Lieferbedingungen ab. Der Kunde verzichtet darauf, diese Allgemeinen Geschäfts- und Lieferbedingungen durch Zusendung eigener Bedingungen abzuändern. Sollte dennoch eine Zusendung solcher Bedingungen des Kunden erfolgen oder erfolgt sein, so verzichtet dieser auf allfällige daraus entspringende Rechtswirkungen. Einmal zwischen dem Unternehmer und einem Kunden in Kraft gesetzte Bedingungen des Unternehmers gelten auch für alle künftigen Verträge zwischen diesen. Die Aufhebung, Ergänzung oder Abänderung von Verträgen bedürfen zu ihrer Gültigkeit der Schriftform.
- (2) Ohne schriftliche Ermächtigung durch den Unternehmer ist es den Mitarbeitern untersagt, Zusagen zu tätigen, die diese Bedingungen aufheben, ergänzen oder abändern; sind derartige Zusagen nach dem Konsumentenschutzgesetz für den Unternehmer bindend, kann er jederzeit vom Vertrag zurücktreten.
- (3) Dem Kunden ist es nicht gestattet, seine Rechte und Pflichten aus dem Vertrag mit dem Unternehmer ohne dessen schriftliche Zustimmung an Dritte zu übertragen. Alle vom Unternehmer erstellten bzw. übergebenen kaufmännischen und technischen Unterlagen sind Verkaufshilfen und verbleiben in dessen Eigentum. Jede Verbreitung und Verwertung bedarf der schriftlichen Zustimmung des Unternehmers. Verkaufshilfen dürfen nur zur Präsentation und Vermarktung von Produkten des Unternehmers verwendet werden. Insbesondere dürfen solche Unterlagen nicht Dritten zugänglich gemacht werden. Es steht dem Unternehmer frei, solche Unterlagen und Verkaufsinformationen jederzeit ohne Angabe von Gründen zurückzufordern.

II. Angebote

- (1) Dem Unternehmer zugehende Angebote des Kunden werden vom Unternehmer nur durch schriftliche Annahmeerklärung oder durch tatsächliche Erfüllung angenommen; der anbotstellende Kunde ist an sein Angebot für die Dauer von vier Wochen ab Einlangen beim Unternehmer gebunden.
- (2) Angebote des Unternehmers sowie auch der Inhalt von sonstigen Geschäftsunterlagen (Kostenvoranschläge, Rundschreiben, Kataloge, Preislisten, Prospekte, Anzeigen, Abbildungen etc.) sind grundsätzlich freibleibend und unverbindlich und durch den Unternehmer abänderbar und widerrufbar. Die Kalkulationen des Angebotes gelten nur bei Bestellung der gesamten angebotenen Ware bzw. Menge.

III. Lieferung und Lieferbedingungen

- (1) Sofern nicht ausdrücklich etwas anderes schriftlich vereinbart wurde, sind die Lieferfristen und Termine freibleibend und unverbindlich. Die Lieferfrist beginnt mit rechtswirksamen Abschluss des jeweiligen Vertrages, jedoch nicht vor vollständiger Klärung aller Einzelheiten betreffend die Planung und Ausführung und nicht vor Leistung einer vereinbarten Anzahlung. Im Falle einer nachträglichen Abänderung des jeweiligen Vertrages ist der Unternehmer auch bei verbindlicher schriftlicher Zusage berechtigt, Lieferfrist und Liefertermin einseitig neu zu bemessen.
- (2) Mangels anderslautender Vereinbarung gelten die Leistungen ab Werk (Lager) des Unternehmers und auf Rechnung sowie Gefahr des Kunden vereinbart; dies gilt auch für Teillieferungen. Wurde Abholung vereinbart, so geht die Gefahr bereits mit Bereitstellung der Ware zur Abholung über. Übernimmt der Kunde die Ware nicht vereinbarungsgemäß, so geht mit dem vereinbarten Termin die Gefahr auf den Kunden über und ist er verpflichtet, sämtliche Kosten für die Einlagerung, sei dies beim Unternehmer oder bei Dritten, zu tragen. Ist die Ware vom Unternehmer infolge gesonderter Vereinbarung an einen bestimmten Ort zu liefern, so gilt die Lieferung dorthin, ohne weitere Vereinbarung, nicht als frachtfrei. Der Unternehmer ist in der Wahl des Transportmittels frei. Mit Übergabe an den Spediteur oder Frachtführer geht die Gefahr, unabhängig von einer späteren Annahme durch den Kunden, auf diesen über. Die Lieferung und die Erfüllung der Lieferfrist erfolgt in unseren Kermärkten Österreich, Südtirol, Schweiz, Deutschland, Frankreich, Finnland frachtfrei benannter Bestimmungsort (CPT) gemäß der am Tage des Vertragsabschlusses gültigen Fassung der internationalen Handelskammer in Paris INCOTERMS. Sofern nicht ausdrücklich etwas anderes schriftlich vereinbart wird, erfolgt die Lieferung innerhalb Österreichs ab einem Bestellwert von netto EUR 350,- nach Deutschland und in die Schweiz, Südtirol ab netto EUR 750,- nach Frankreich ab netto EUR 500,- und nach Finnland ab netto EUR 1000,- frei Haus. Bei Sendungen unter dem vorgenannten Betrag gehen die Frachtkosten zu Lasten des Kunden. Der Unternehmer behält sich das Recht vor, Lieferungen per Nachnahme abzuwickeln. Darüber hinaus ist der Unternehmer zur Abdeckung allfälliger Ansprüche aus verdeckten Mängeln, die durch den Transport verursacht werden, berechtigt dem Kunden einen Zuschlag in Höhe von 1 % vom Netto-Warenwert in Rechnung zu stellen.
- (3) Wird die Ausführung eines Vertrages durch höhere Gewalt (z. B. Streiks, größere Betriebsstörungen sowie alle Umstände, welche die Lieferung erheblich erschweren oder unmöglich machen) behindert und ist dies für den Unternehmer nicht oder nur in wirtschaftlich unzumutbarer Weise beseitigbar, so wird der Unternehmer von seinen vertraglichen Verpflichtungen frei, ohne dass dem Kunden ein Schadenersatzanspruch zusteht. Der Unternehmer ist berechtigt, nach Wegfall der Behinderung die Lieferung oder Leistung auszuführen oder vom Vertrag hinsichtlich des noch nicht erfüllten Teiles zurückzutreten. Der Kunde kann in diesem Fall den Unternehmer mittels eingeschriebenen Briefes auffordern, zu erklären, ob er vom Vertrag zurücktritt oder innerhalb angemessener Frist liefern will. Erklärt sich der Unternehmer nicht binnen 14 Tagen nach Erhalt der schriftlichen Aufforderung, kann der Kunde unter Verzicht auf allfällige Schadenersatzansprüche vom Vertrag zurücktreten.
- (4) Ist der Kunde zum Liefertermin abwesend oder mit den für die Durchführung der (Teil)-Lieferung notwendigen Vorkehrungen säumig, gilt die Leistung bzw. die Lieferung als übernommen. Gefahr und Kosten gehen, sofern nicht ohnehin bereits früher erfolgt, auf den Kunden über. Nimmt der Kunde die vertragsgemäß Ware bzw. Leistung nicht am richtigen Ort oder zur richtigen Zeit an, kann der Unternehmer jedenfalls entweder Erfüllung verlangen oder unter Setzung einer angemessenen Nachfrist vom Vertrag zurücktreten; diesfalls haftet der Kunde für den ganzen hierdurch entstehenden Schaden.
- (5) Hat der Unternehmer den Verzug verschuldet, kann der Kunde nach Setzung einer angemessenen, mindestens 14-tägigen Nachfrist entweder Erfüllung verlangen oder den Rücktritt vom Vertrag erklären. Die Rücktrittserklärung muss vom Kunden bereits bei der Nachfristsetzung schriftlich, unbedingt und bestimmt abgegeben werden. Der Rücktritt vom Vertrag wird nur dann wirksam, wenn der Unternehmer auch die Nachfrist schuldhaft versäumt. Weiter gehende Ansprüche, insbesondere aus dem Titel des Schadenersatzes, werden, soweit gesetzlich zulässig, ausdrücklich ausgeschlossen.
- (6) Der Unternehmer ist berechtigt, ohne für sich Verzugsfolgen auszulösen, die Einhaltung von Lieferfristen und Terminen vom Eingang vereinbarter Anzahlungen, von der zeitgerechten Zahlung offener Forderungen, von der Aufklärung sich nachträglich ergebender offener Fragen, von der Erfüllung sämtlicher technischen und räumlichen Voraussetzungen sowie von der Erfüllung aller übrigen Vertragspflichten abhängig zu machen.
- (7) Mangels anders lautender ausdrücklich schriftlicher Vereinbarung ist der Unternehmer berechtigt, Teil- und Vorlieferungen durchzuführen und für diese entsprechende Teilerechnungen zu legen.
- (8) Offensichtliche Transportschäden oder -mängel sind vom Kunden dem Spediteur und dem Unternehmer unmittelbar bei Empfang der Lieferung anzusehen und von diesen bestätigen zu lassen. Transportschäden oder -mängel, die in verpacktem Zustand nicht erkennbar waren, sind dem Spediteur und dem Unternehmer innerhalb von drei Tagen nach Empfang der Ware anzusehen. Andernfalls ist eine Abwicklung von Transportschäden- oder mängeln über den Unternehmer ausgeschlossen.

IV. Rücknahmen

Rücknahmen bedürfen, vorbehaltlich einer ausdrücklichen schriftlichen Zustimmung des Unternehmers, einer ausdrücklichen vorhergehenden schriftlichen Anmeldung und können nur innerhalb von vier Wochen ab dem Tag der Lieferung bzw. Leistung erfolgen. Im Falle der Zustimmung des Unternehmers wird nur einwandfreie, technisch aktuelle und original verpackte Ware zurückgenommen. Je nach internem Aufwand werden dem Kunden mind. 20 % des Warenwertes (mindestens EUR 10,-) an Manipulationskosten verrechnet. Anfallende Transportkosten für Rücknahmen jeder Art gehen jedenfalls zur Gänze zu Lasten des Kunden.

V. Musterlieferungen

Nach Vereinbarung besteht die Möglichkeit Muster vier Wochen lang zur Verfügung gestellt zu bekommen. Bei Musterlieferungen verlängert sich das Zahlungsziel um die genannte Behaltelezeit. Das Porto ist für die Hin- und Rücklieferung vom Kunden zu tragen. Musterlieferungen werden vom Unternehmer nur zurückgenommen und gutgeschrieben, wenn sie in Umfang und Güte der Originallieferung entsprechen, keine mechanische Montage durchgeführt wurde und die Ware keine Beschädigungen aufweist. Leuchtmittel aller Art sind von der Rücknahme ausgeschlossen.

VI. Zahlungsbedingungen

- (1) Preise (Entgelte) für Verkäufe von Waren des Unternehmers gelten, sofern nicht ausdrücklich etwas anderes schriftlich vereinbart wurde, ab Werk (Lager) in Euro netto zuzüglich der jeweils geltenden gesetzlichen Umsatzsteuer, einschließlich Verpackung jedoch ohne Fracht, Versicherung, Zölle, Gebühren oder sonstige Nebenkosten. Preiserhöhungen wegen der Steigerung der Gestehungskosten (insbesondere Materialpreise, Löhne, Generalunkosten etc.) zwischen dem Vertragsabschluss und der Erfüllung werden dem Kunden in Rechnung gestellt und sind von diesem zu tragen. Aufträge ohne Preisbestimmung werden zu den am Tag der Rechnungslegung geltenden üblichen Preisen des Unternehmers berechnet. Technische Änderungen oder Abweichungen von Vorgaben aller Art sind vom Kunden zum allgemein üblichen Preis zu akzeptieren, sofern sie dem vom Kunden angestrebten Verwendungszweck nicht zuwiderlaufen.
- (2) Das Entgelt einschließlich aller Nebengebühren (Umsatzsteuer etc.) ist, wenn nichts anderes schriftlich vereinbart wurde, binnen 14 Tagen ab Rechnungsdatum ohne Abzug und Skonto fällig.
- (3) Die Rechnungslegung erfolgt generell und ausschließlich auf elektronischem Weg.
- (4) Der Unternehmer ist nicht verpflichtet, Checks anzunehmen. Zahlungen mittels Scheck erfolgen nur zahlungshalber. Sämtliche Spesen und Bankprovisionen in Verbindung mit Überweisungen, gleich welcher Art, gehen zu Lasten des Kunden. Bei Banküberweisung und Scheck gilt der Tag der Kontogutschrift bzw. Einlösung als Tag des Zahlungseinganges. Im Falle des Zahlungsverzuges werden die gesetzlichen Verzugszinsen zuzüglich Mahnspesen vereinbart. Zudem erlösen bei gerichtlicher Einforderung des geschuldeten Betrages die Rabattierungen sowie sonstige Preisnachlässe und es gelten die Bruttolistenpreise als geschuldet.
- (5) Bei Verzug mit auch nur einer einzigen (Teil)-Zahlung tritt Terminverlust ein und sind alle Rechnungen und Forderungen sofort fällig, ohne dass es einer ausdrücklichen Fälligstellung durch den Unternehmer bedarf. Gleichtes gilt für den Fall einer wesentlichen Verschlechterung der Vermögensverhältnisse des Kunden. Der Unternehmer ist auch in diesem Fall berechtigt, unter Setzung einer angemessenen Nachfrist vom Vertrag zurückzutreten und die an den Kunden gelieferten Waren zurückzunehmen, Ausfolgung zu verlangen oder ausstehende Lieferung/Leistung, auch anderweitige Aufträge betreffend, zurückzuhalten.
- (6) Nach Wirksamwerden eines Rücktritts vom Vertrag hat der Kunde die bereits ausgelieferte Ware sofort ohne weitere Aufforderung auf seine Kosten dem Unternehmer zurückzustellen, Ersatz für allfällige Wertminderung zu leisten und alle Aufwendungen zu ersetzen, die dem Unternehmer im Zuge der Durchführung des Vertrages und seiner Rückabwicklung erwachsen.
- (7) Sofern dem nicht zwingende gesetzliche Bestimmungen entgegenstehen, darf der Kunde mit seinen Forderungen nicht gegen Forderungen des Unternehmers aufrechnen. Eingehende Zahlungen können vom Unternehmer, unabhängig von der Widmung durch den Kunden, jeweils auf die älteste Lieferung/Leistung angerechnet werden.
- (8) Sofern dem nicht zwingende gesetzliche Bestimmungen entgegenstehen, steht dem Kunden ein Zurückbehaltungs- oder Pfandrecht an den Waren des Unternehmers nicht zu.
- (9) Für den Fall, dass Ware in ein Drittland zu liefern ist, so behält sich der Unternehmer ausdrücklich die nachträgliche Verrechnung der gesetzlich gültigen Mehrwertsteuer vor, wenn der Kunde seiner Verpflichtung zur ordnungsgemäßen Ausfuhrdokumentation nicht nachkommt.

Allgemeine Geschäfts- und Lieferbedingungen

VII. Eigentumsvorbehalt

- (1) Bis zur vollständigen vorbehaltlosen Zahlung sämtlicher Ansprüche des Unternehmers aus einem Vertrag einschließlich Zinsen, Kosten und Spesen sowie bis zur vollständigen Erfüllung aller sonstigen gegenwärtigen und zukünftigen finanziellen Verpflichtungen des Kunden in Verbindung mit der jeweiligen Lieferung/Leistung sowie aufgrund aller sonstigen Lieferungen und Leistungen bleibt die gelieferte Ware im uneingeschränkten Eigentum des Unternehmers. Auch das Eigentum an Waren aus künftigen Lieferungen geht erst dann über, wenn die Forderungen aus den früheren Lieferungen restlos beglichen sind. Der Kunde hat auf seine Kosten und von sich aus sämtliche Schritte zu tätigen und Erklärungen abzugeben, die je nach Lage der Sache zur Begründung oder Erhaltung des Eigentumsvorbehaltes notwendig sind.
- (2) Eine Veräußerung oder Verpfändung der Vorbehaltsware vor vollständiger Erfüllung aller finanziellen Verpflichtungen ist nur mit ausdrücklicher schriftlicher Zustimmung des Unternehmers zulässig. Unabhängig davon bietet der Kunde bereits hiermit unwiderruflich an, für den Fall der Weiterveräußerung dieser Waren alle daraus entstehenden Forderungen an den Unternehmer zu dessen Befriedigung zahlungshalber abzutreten. Der Unternehmer kann dieses Abtretnungsangebot jederzeit ohne zeitliche Begrenzung annehmen. Sämtliche damit zusammenhängenden Gebühren und Kosten sind zur Gänze vom Kunden zu tragen.
- (3) Bis zur vollständigen Erfüllung aller finanziellen Verpflichtungen ist der Kunde weiters nicht berechtigt, gelieferte Ware zu bearbeiten, verarbeiten oder mit anderen Sachen zu verbinden, widrigens dem Unternehmer das Alleineigentum an den aus der Bearbeitung, Verarbeitung und Verbindung hervorgegangenen Sachen zusteht.
- (4) Im Falle einer Pfändung oder sonstigen Inanspruchnahme der gelieferten Ware ist der Kunde verpflichtet, den Unternehmer unverzüglich zu verständigen und auf seine Kosten alle Maßnahmen zur Wahrung des Eigentumsrechtes des Unternehmers zu setzen. Wird die Vorbehaltsware vom Unternehmer ausgesondert, so kann der Unternehmer eine Einlagerung auf Kosten und Gefahr des Kunden vornehmen. Dieser hat dem Unternehmer alle Aufwendungen im Zusammenhang mit der Geltendmachung des Eigentums zu erstatten.
- (5) Für den Fall der Nichtzahlung einer fälligen Forderung des Unternehmers, der Zahlungseinstellung, der Insolvenzeröffnung oder der Exekution auf eine unter Eigentumsvorbehalt stehende Ware hat der Kunde sämtliche unter Eigentumsvorbehalt stehende Ware an den Unternehmer zurückzustellen.

VIII. Schadenersatzansprüche

- (1) Die Haftung des Unternehmers für Schäden des Kunden ist für leichte Fahrlässigkeit ausgeschlossen. Soweit gesetzlich zulässig haftet der Unternehmer dem Kunden nicht für entgangenen Gewinn, Beeinträchtigung oder Verlust von Good Will, Beeinträchtigung oder Verlust von Geschäftsglegenheiten, Folgeschäden jeder Art, sonstige wirtschaftliche Verluste, reinen Vermögensschäden, Zinsverluste, Schäden aus Ansprüchen Dritter gegenüber dem Kunden und/oder anderen Schäden, die aus oder im Zusammenhang mit einzelnen Lieferverträgen oder mit diesen Allgemeinen Bedingungen entstehen. Sofern im Einzelfall ein weitergehender Haftungsausschluss zulässig ist, gilt dieser als vereinbart.
- (2) Im Falle grober Fahrlässigkeit ist die Haftung des Unternehmers für Schäden auf das zehnfache des Nettofakturabetrages der gelieferten, den Schaden verursachenden Ware beschränkt.
- (3) Bei Nichteinhaltung allfälliger Bedingungen des Unternehmers für Montage, Inbetriebnahme und Benutzung ist jeder Schadenersatz ausgeschlossen.
- (4) Sofern nicht zwingende gesetzliche Bestimmungen dem entgegenstehen, ist eine Haftung für Schäden nach dem Produkthaftungsgesetz und anderen vergleichbaren Normen, unabhängig, welcher Rechtsordnung sie entspringen, ausgeschlossen. Der Kunde verpflichtet sich, diesen Haftungsausschluss zu Gunsten des Unternehmers auf allfällige Abnehmer zu überbinden. Der Kunde ist verpflichtet, seine Mitarbeiter laufend und nachweislich über alle Informationen und Anweisungen, die der Unternehmer mit seinen Produkten mittliefert, wie auch über gesetzliche Vorschriften in Kenntnis zu setzen.

IX. Reklamationen und Gewährleistung

- (1) Sofern im Einzelfall nicht gesonderte schriftliche Vereinbarungen getroffen wurden oder zwingende gesetzliche Bestimmungen – insbesondere in der Rechtsbeziehung gegenüber Verbrauchern im Sinne des Konsumentenschutzgesetzes vom 8. März 1979 in der jeweils geltenden Fassung, zur Anwendung kommen, ist der Unternehmer gemäß der nachstehenden Bestimmungen der Absätze (2) bis (8) zur Gewährleistung verpflichtet. Im Falle der Anwendbarkeit gesetzlich zwingender Bestimmungen gelten diese; im Falle einer sonstigen Nichtigkeit gilt Punkt XIII, Absatz (4) der Allgemeinen Geschäfts- und Lieferbedingungen.
- (2) Die Gewährleistungsfrist beträgt ab Gefahrenübergang sechs Monate; die Gewährleistungsfrist für Ersatzstücke und Verbesserungen beträgt drei Monate. Gewährleistungsansprüche verjähren spätestens binnen sechs Monaten ab fristgerechter Rüge. Für Konsumenten gelten die gesetzlichen Bestimmungen zur Gewährleistungsfrist.
- (3) Sowohl sichtbare Mängel, fehlende Teile als auch verdeckte Mängel sind bei sonstigem Ausschluss der Gewährleistung unverzüglich nach Übergabe schriftlich und mittels sofortiger Einstellung der Eigen- und/oder Fremdbearbeitung durch Dritte zu rügen; beim Kunden anfallende Aufwendungen, gleich welcher Art, im Zusammenhang mit Reklamationen gehen jedenfalls dann ausschließlich zu Lasten des Kunden, wenn über deren Höhe und Ersatz mit dem Unternehmer vor dem Entstehen derselben nicht ausdrücklich eine schriftliche Vereinbarung getroffen wurde. Mangels fristgerechter Rüge gilt die Ware als vorbehaltlos, ordnungsgemäß und mangelfrei übernommen.
- (4) Im Falle einer fristgerechten Rüge ist der Unternehmer nach seiner Wahl nur zur Verbesserung oder zum Austausch der Ware verpflichtet; hierzu steht dem Unternehmer eine angemessene Frist, mindestens jedoch eine solche von einem Monat, zur Verfügung. Bedeutet die Verbesserung oder der Austausch für den Unternehmer einen unverhältnismäßigen Aufwand, so kann er seiner Gewährleistungspflicht auch durch Gewähren einer angemessenen Preisminderung nachkommen; ist der Mangel nicht geringfügig, kann der Unternehmer Aufhebung des Vertrages (Wandlung) verlangen. In den Fällen der Preisminderung und Wandlung erfüllt der Unternehmer seine Verpflichtungen, sofern er in Höhe des dadurch bedingten Anspruches des Kunden eine entsprechende Gutschrift zu dessen Gunsten ausstellt. Ist der Kunde aus von ihm zu vertretenden Gründen bei einem zur Verbesserung vereinbarten Termin nicht anwesend oder erschwert er die Verbesserung oder den Austausch bzw. macht dies unmöglich, gilt dies als Verzicht auf die Gewährleistungsansprüche.
- (5) Die durch die vorstehenden Maßnahmen auflaufenden Kosten sind mit Ausnahme der Versandkosten für Ersatzteile bzw. Ersatzware vom Kunden zu tragen (Aufzahlung).
- (6) Der Unternehmer ist zur Mängelbehebung solange nicht verpflichtet, als der Kunde seinen Zahlungsverpflichtungen einschließlich einer allfälligen Aufzahlung nicht nachkommt.
- (7) Für den Fall eines Verschuldens haftet der Unternehmer für Schadenersatz nur bei Vorliegen von grober Fahrlässigkeit oder Vorsatz, nicht jedoch bei Vorliegen leichter Fahrlässigkeit. Im Falle des Schadenersatzes gelten die vorstehenden Regeln gemäß Absatz (4) entsprechend.
- (8) Die Gewährleistung des Unternehmers ist ausgeschlossen, wenn die Ware unüblich gebraucht wurde, der Mangel durch den Kunden bzw. Dritte verursacht wurde oder vom Kunden bzw. Dritten Manipulationen oder Reparaturen an der Ware vorgenommen wurden. Die Gewährleistung ist ausgeschlossen für Verbrauchs- und Verschleißteile.
- (9) Die Gewährleistung erlischt automatisch, wenn die Installation nicht durch ein konzessioniertes Elektrounternehmen vorgenommen wird.

X. Schriftstücke

Schriftstücke (z.B. Fakturen, Ablehnung des Auftrages, etc.), die dem Kunden an die zuletzt bekannt gegebene Anschrift oder Adresse übermittelt werden, gelten diesem in jedem Fall als zugegangen, es sei denn, der Kunde hat dem Unternehmer eine Änderung seiner Anschrift rechtzeitig schriftlich bekannt gegeben. Sollte es dennoch zu einer Änderung eines Schriftstückes (Rechnung) kommen, wird vom Unternehmer eine Pauschalgebühr von netto EUR 25,- verrechnet!

XI. Datenschutz

- (1) Der Kunde erkennt, dass die im Vertrag angeführten Daten über den Kunden für Zwecke der Buchhaltung, Bonitätsprüfung und der Kundenevidenz von der Verkäuferin gespeichert, genutzt und verarbeitet werden. Die Daten werden zur Erfüllung von gesetzlichen Vorschriften, zur Abwicklung des Zahlungsverkehrs und zu Werbezwecken von der Verkäuferin verwendet.
- (2) Der Kunde hat ein Recht auf unentgeltliche Auskunft über seine von der Verkäuferin gespeicherten personenbezogenen Daten sowie gegebenenfalls ein Recht auf Berichtigung, Löschung und Sperrung derselben.

XII. Rechtswahl, Gerichtsstand und salvatorische Klausel

- (1) Als Erfüllungsort für alle beidseitigen Lieferungen/Leistungen und Zahlungen gilt ausschließlich 6134 Vomp als vereinbart.
- (2) Für alle zwischen dem Unternehmer und dem Kunden abgeschlossenen Verträgen und für alle sich aus dem Bestehen oder Nichtbestehen dieser Verträge ergebenden Ansprüche wird die Anwendung österreichischen Rechtes vereinbart, mit Ausnahme der Bestimmungen des österreichischen internationalen Privatrechtes und der Bestimmungen des UN-Kaufrechtes.
- (3) Als ausschließlicher Gerichtsstand für alle Rechtsstreitigkeiten aus dem Vertragsverhältnis wird das für 6134 Vomp jeweils sachlich zuständige Gericht vereinbart; es steht dem Unternehmer jedoch frei, den Kunden auch an einem anderen in- oder ausländischen gesetzlichen Gerichtsstand zu belangen.
- (4) Sofern einzelne Bestimmungen dieser Allgemeinen Geschäfts- und Lieferbedingungen nichtig sind, verpflichten sich die Vertragsparteien hiermit ausdrücklich, rechtwirksame Bestimmungen, welche dem wirtschaftlichen Zweck der ungültigen Bestimmungen möglichst nahe kommen, zu vereinbaren. Die Wirksamkeit sämtlicher übrigen Bestimmungen wird durch die unwirksamen Bestimmungen nicht berührt.

Terms and Conditions

I. General

- (1) All contracts concluded by the Company with its Customers are concluded solely in accordance with these Terms and Conditions of Business and Delivery. The Customer agrees that he will not modify these Terms and Conditions of Business and Delivery by sending his own Terms and Conditions. If such Terms and Conditions of the Customer are sent or have been sent the Customer accepts the inapplicability of any legal consequences arising therefrom. Terms and Conditions of the Company entered into by the Company and a Customer shall apply additionally to all future contracts concluded between these two parties. Cancellation of, addition to and modification of a contract shall be valid only if made in writing.
- (2) Employees of the Company are not permitted to agree to any terms that result in the cancellation, addition to or modification of these Terms and Conditions unless they have received written authorisation to do so from the Company. If employees agree to such cancellation, addition or modification and if these are binding for the Company under the terms of the Consumer Protection Act the Company is entitled to withdraw from the contract at any time.
- (3) The Customer is not permitted to transfer his rights and obligations arising from a contract concluded with the Company to a third party unless written permission to do so has been given by the Company. All commercial and technical documents compiled and/or supplied by the Company are intended as sales support material only and remain property of the Company. Any distribution or exploitation of such documents requires the Company's written permission. Use of sales support documents is restricted to the presentation and marketing of the Company's products only. In particular, such documents must not be made available to third parties. The Company reserves the right to demand the return of such documents and sales information at any time and without giving any reasons.

II. Quotes

- (1) Any quotes that the Company receives from the Customer shall be accepted by the Company by written notice of acceptance or by actual fulfilment only; the Customer submitting the quote is bound by the terms of his quote for four weeks after his quote has been received by the Company.
- (2) All quotes submitted by the Company as well as the contents of other business documentation (estimates, circulars, catalogues, price lists, brochures, advertisements, illustrations etc.) are without obligation and not binding and can be modified or revoked by the Company. The calculations in the quote apply only if the entire quantity of the merchandise quoted for is ordered.

III. General Terms of Shipping and Delivery

- (1) Unless expressly agreed otherwise in writing, all delivery periods and dates are without obligation and not binding. The delivery period begins when the contract governing the delivery has been concluded and becomes legally effective but not until all the details concerning planning and execution have been clarified in their entirety and not until payment of any deposit agreed upon has been effected. If the contract is subsequently modified the Company shall be entitled to revise the delivery period or delivery date unilaterally even if the Company has already agreed in writing to a binding delivery period or delivery date.
- (2) As long as no other agreement has been made, the services ex works (warehouse) of The Company and agreed at the expense and risk of the customer; the following also applies to partial deliveries. If pickup has been agreed upon, the risk shall be transferred to the pickup site upon delivery of the goods. If the customer does not accept the goods as agreed, the risk is transferred to the customer with the agreed date and he is obliged to bear all costs for the storage, be it with The Company or with third parties. If the goods are to be delivered by The Company to a specific place as a result of a separate agreement, the delivery shall not be deemed to be freight-free, without further agreement. The Company is free to choose the means of transport. By transfer to the freight forwarder or freight carrier, the risk passes to the customer regardless of a later acceptance by the customer. Delivery and the fulfillment of the contracted delivery date takes place in our core markets of Austria, South Tyrol, Switzerland, Germany, France and Finland, free of charge, named destination (CPT) according to the valid version of the International Chamber of Commerce in Paris on the day of the conclusion of the contract INCOTERMS. Unless expressly agreed to otherwise in writing, free delivery takes place within Austria from an order value of EUR 350 net and up, – to Germany, Switzerland and South Tyrol EUR 750 net and up, – to France from EUR 500 net and up, – to Finland from EUR 1000 net and up. Shipping and handling costs shall be borne by the customer on all orders whose total is under the aforementioned prices. The Company reserves the right to ship the freight as cash on delivery (C.O.D.). In addition, The Company is entitled to charge the customer a surcharge of 1% of the net value of the goods for any claims arising from concealed defects caused by the transport.
- (3) If the Company undertakes to deliver the merchandise to a specific location under the terms of a separate agreement the delivery to that location shall not be carriage paid, unless expressly agreed. The choice of the means of transport is at the discretion of the Company. Risk passes to the forwarding contractor or carrier as soon as the merchandise is transferred to him, irrespective of whether the merchandise will subsequently be accepted by the Customer.
- (4) If performance of the contract is hindered by force majeure (e.g. strikes, major malfunctions and any circumstances that seriously hamper delivery or make it impossible) and if this hindrance cannot be removed by the Company or can be removed only in a way that would incur unreasonable costs, the Company is released from its contractual obligations without the Customer being entitled to claim compensation. The Company is entitled to effect delivery or perform the service once the hindrance has been eliminated or to withdraw from that part of the contract governing the goods not yet delivered or services not yet performed. In this case the Customer can ask the Company by means of a registered letter to declare whether it withdraws from the contract or intends to fulfil the contract within a reasonable period. If the Company does not declare its intention within 14 days of receipt of the written request the Customer is entitled to withdraw from the contract and agrees to waive any claims to compensation.
- (5) If the Customer is absent at the time of delivery or has failed to make the preparations necessary for (partial) delivery, the service or delivery shall be deemed to have been accepted notwithstanding. The risk and expense pass to the Customer at this time of delivery, unless they have already passed to him at an earlier date. If the Customer does not accept the merchandise governed by the terms of the contract at the agreed place or at the agreed time the Company can in every case demand acceptance or can withdraw from the contract after having granted an appropriate period of grace; in this case the Customer is liable for all losses thereby incurred.
- (6) If the delay is the fault of the Company the Customer can either demand performance or declare his withdrawal from the contract having granted a period of grace of at least 14 days. The declaration of withdrawal must be submitted by the Customer in writing, without fail and definitively with the granting of the period of grace. The withdrawal from the contract takes effect only if the Company fails to fulfil the terms of the contract within the period of grace and by its own fault. Any additional claims, especially claims for compensation, are expressly excluded where such exclusion is permissible by law.
- (7) The Company is entitled to make its compliance with delivery periods and delivery dates subject to the receipt of agreed deposits, punctual settlement of outstanding payments, the clarification of any queries arising subsequently, the fulfilment of all technical and space requirements and the fulfilment of all the other contractual obligations without incurring any penalty against the Company due to delay.
- (8) Obvious transport damage or defects must be reported by the customer to the freight carrier and The Company immediately upon receipt of the delivery and have it confirmed by them. Transport damage or defects that were not visible in packaged condition shall be reported to the freight carrier and The Company within 3 days of receipt of the goods. Failure to do so will result in the refusal of The Company to process a claim of transport damage or defects.

IV. Returned goods

With the exception of an express written agreement of The Company, an express prior written request may be given and can only be made within 4 weeks from the date of delivery or service. In the event of The Company's consent, only faultless, technically current and original packaged goods will be taken back. Depending on the internal costs, the customer is charged at least 20% of the value of the goods (at least EUR 10,-) for handling (testing & inspection, restock) costs. Any and all shipping and handling costs incurred by a return of any kind shall all be borne by the customer.

V. Sample Shipping

By agreement the shipped samples are available for 4 weeks. In the case of sample deliveries, the payment due date is extended by the retention period. Shipping and handling is to be borne by the customer for both the initial and return shipping. Sample deliveries are only accepted and credited by The Company if they correspond to the scope and quality of the original delivery, no mechanical assembly has been carried out and the goods have not been damaged. Illuminants (LEDs, light bulbs, fluorescent tubes, etc.) of all kinds are excluded from the return.

VI. Conditions of payment

- (1) Unless expressly agreed otherwise in writing, prices (payment) of the sale of merchandise of the Company are ex works (warehouse) in euros net plus the legally applicable VAT, including packaging but excluding freight, insurance, customs and excise, fees and other auxiliary costs. Price increases occurring between conclusion of the contract and performance thereof due to an increase in production costs (especially material costs, wages, general costs etc.) shall be charged to the Customer and be borne by him. Orders placed without specification of prices shall be invoiced at the Company's usual prices applicable on the day the invoice is presented. The Customer shall accept any technical modifications and deviations from specifications at the usual price as long as these modifications and deviations are not incompatible with the purpose to which the Customer intends to put the merchandise.
- (2) Unless otherwise agreed in writing, the payment of all invoices and extra charges (VAT, etc.) is due within 14 days from the date of invoice, without any deduction and discount.
- (3) Invoices are generally and exclusively sent by electronic means.
- (4) The Company is not obliged to accept bills of cheques. Payments made by bill of cheque shall be deemed to be conditional payments only. Any fees and bank commission incurred in connection with cash transfers shall be borne by the Customer. If payment is made by bank transfer or bill of cheque the day that the amount is credited to the Company's account or the day the bill of cheque is cashed shall be deemed the day of receipt of payment. In the event of default, interest on arrears at 3% above the relevant rate issued by the Austrian National Bank shall be agreed. Any higher loss of interest or loss on exchange shall be reimbursed by the Customer. Furthermore all abatements and discounts terminate in case of legal claim of amounts owed and the gross list prices are regarded as owed.
- (5) If payment even of one single instalment or payment is overdue the Customer shall be deemed to be in default and all invoices and outstanding payments shall fall due immediately without the Company being obliged to issue express notification that immediate payment is required. This shall also apply in the event of a substantial deterioration of the Customer's liquidity. Also in this case the Company is entitled to withdraw from the contract after having granted an appropriate period of grace and to recover merchandise already supplied to the Customer, to demand the return of the goods or to suspend performance of outstanding deliveries or services also where these are the subject of separate orders.
- (6) When withdrawal from the contract becomes effective the Customer is obliged to return the goods supplied to the Company promptly, without being expressly asked to do so and at his own expense. Further, the Customer shall provide compensation for any decrease in value and restitution for all expenses incurred to the Company in the course of performance and subsequent remedying of the contract.
- (7) Unless mandatory legal requirements to the contrary subsist the Customer is not permitted to set off his claims against claims of the Company. Payments received by the Company can be used by the Company to cover the oldest outstanding delivery/service irrespective of what the Customer intends the payment to cover.
- (8) Unless mandatory legal requirements to the contrary subsist the Customer has no right of retention or lien on goods of the Company.
- (9) In the event that goods are to be delivered to a third country, The Company expressly reserves the right to withhold the legally valid VAT if the customer fails to comply with his obligation to properly export the goods.

Terms and Conditions

VII. Retention of title

- (1) The goods supplied remain exclusive property of the Company until all the Company's claims arising from a contract including interest, costs and fees have been settled in their entirety and unconditionally and until all other current and future financial obligations on the part of the Customer in connection with the relevant delivery/service and arising from any other deliveries or services provided by the Company have been fulfilled in their entirety. Further, ownership of goods supplied in future shall not pass to the Customer until all payments arising from earlier deliveries have been settled in full. The Customer shall, at his expense and on his initiative, take all the steps and make all the declarations rendered necessary by the prevailing situation to justify or assert the retention of title.
- (2) The sale or pledging of the retention of title goods before all financial obligations have been fulfilled in their entirety requires the express written authorisation of the Company. Apart from this the Customer hereby irrevocably offers to assign any claims arising from a possible resale of these goods to the Company to its satisfaction as conditional payment. The Company can accept this offer to assign at any time and for an indefinite period. Any fees and costs incurred in connection with this assignment shall be borne in their entirety by the Customer.
- (3) Further, until all financial obligations have been fulfilled in their entirety the Customer is not entitled to modify or process the goods supplied or to incorporate them with other products. If this is done the Company shall be entitled to sole ownership of the product resulting from the modification, processing or incorporation.
- (4) If the goods supplied are impounded or if any other claims are made on them the Customer is obliged to notify the Company without delay and to take all necessary measures at his expense to assert the Company's right to ownership. If the retention of title goods are withdrawn by the Company, the Company can require them to be placed in storage at the expense and risk of the Customer. The Customer shall reimburse the Company for all costs arising from the assertion of the Company's right to ownership.
- (5) In the event of non-payment of an amount due to the Company, or if payments are stopped or if insolvency proceedings are begun or retention of title goods are impounded the Customer shall return all retention of title goods to the Company.

VIII. Claims for compensation

- (1) The Company accepts no liability for loss or damage caused to the Customer as a result of slight negligence. To the extent that it is legally permissible, the Company accepts no liability towards the Customer for loss of earnings, damage to or loss of goodwill, damage to or loss of business opportunities, consequential damage of all kinds, other commercial losses, pure pecuniary loss, loss of interest, loss or damage arising from claims on the Customer brought by a third party and/or other loss or damage arising from or in connection with individual supply contracts or these General Terms and Conditions. In the event that a more comprehensive exemption from liability is permissible in a particular case, this shall be deemed to be agreed upon.
- (2) In the event of gross negligence the Company's liability for loss or damage shall be limited to ten times the net amount invoiced for the merchandise supplied that caused the damage.
- (3) Compensation is excluded in the case of non-compliance with any of the Company's conditions with regard to assembly, commissioning and operation.
- (4) Unless mandatory legal requirements to the contrary subsist liability for loss or damage as defined by the Austrian Produkthaftungsgesetz (product liability law) and other comparable norms irrespective of which legal system they originate from is excluded. The Customer is obliged to transfer this exemption from liability in favour of the Company to any third party receiving the merchandise. The Customer is obliged to inform its personnel continually and provably of all information and instructions supplied by the Company with its products and of legal requirements.

IX. Claims and warranty

- (1) Unless separate written agreements have been entered into in a particular case or unless mandatory legal requirements – especially pertaining to the legal relationship towards consumers under the terms of the Konsumentenschutzgesetz (consumer protection law) of the Republic of Austria of 8th March 1979 valid at the time – are applied the Company is obliged to provide warranty in accordance with the provisions of the Paragraphs (2) to (8) below. If mandatory legal requirements are applicable, these shall apply; if any other of the provisions is inapplicable, Item XIII. Paragraph (4) of the General Terms and Conditions of Business and Delivery shall apply.
- (2) The warranty period is six months from the date of the passing of the risk; the warranty period for replacement parts and improvements is three months. Warranty claims lapse within six months of the date of the complaint which must have been submitted within the stipulated time.
- (3) Notice of visible defects or missing components shall be given promptly after the moment of delivery. If such notice is not given promptly, the warranty shall not apply. Notice of hidden defects shall reach the premises of the Company by registered letter within 8 days of their detection. Any modification or processing of the merchandise being carried out either by the Customer or by a third party shall cease as soon as the defect is detected. Costs of any kind incurred to the Customer in connection with claims shall be borne exclusively by the Customer if no express written agreement regarding the sum and reimbursement of such costs was entered into with the Company before these costs were incurred. If notice of a defect is not given within the stipulated time the merchandise shall be deemed to have been accepted unconditionally, in accordance with the terms of the contract and free of defects.
- (4) If notice of a defect is given within the stipulated time the Company's liability is limited to rectification or replacement of the merchandise at its option. The Company shall be granted sufficient time, which shall be at least one month, to effect such rectification or replacement. If the rectification or replacement incurs unreasonable costs to the Company, the Company may satisfy a warranty claim by granting an appropriate price reduction. If the defect is not minor the Company can demand the cancellation (rescission) of the contract. In the event of price reductions and rescission the Company satisfies its obligations if it grants the Customer credit of a sum corresponding to the amount claimed by the Customer as a result of the defect. If the Customer is not present at the time and place agreed for rectification of the merchandise due to circumstances within the Customer's control or if the Customer hampers rectification or replacement or makes rectification or replacement impossible, the Customer shall be deemed to have waived his warranty claims.
- (5) The costs incurred as a result of the above-mentioned measures shall, with the exception of shipping and handling of replacement parts and/or replacement products, be borne by the Customer (additional charge).
- (6) The Company shall not be obliged to rectify the defect as long as the Customer has not settled all payments including a possible additional charge.
- (7) If the Company is at fault, it shall be liable to provide compensation only in the case of gross negligence or intent but not in the case of slight negligence. In the event that compensation is provided, the above mentioned provisions shall apply in accordance with Paragraph (4).
- (8) The Company shall not provide warranty if the merchandise is used in a way that is not common practice, if the defect is caused by the Customer or a third party or if the Customer or a third party has manipulated or repaired the merchandise himself. The warranty does not apply to consumables or to wear and tear parts.
- (9) If installations are carried out by a non licensed electrical installation company warranty shall be void.

X. Documents

Documents (e.g. invoices, refusal of an order etc.) that are sent to the Customer at the address last given by him shall be deemed to have been received by him in every case unless the Customer has informed the Company of his new address in writing and in good time. If there is still a change of a document (bill), the company will allocate a overall charge of net EUR 25,-.

XI. Data protection

- (1) The customer acknowledges that all data in the contract pertaining to the customer are stored, used and processed by the seller for the purpose of accounting, credit checks and the customer's case. The data is used by the seller to comply with legal requirements, the handling of payment transactions and for advertising purposes.
- (2) The customer has a right to free information about his personal data stored by the seller and, if necessary, a right to correct, delete and block the same.

XII. Applicable law, place of jurisdiction and severability clause

- (1) 6134 Vomp is hereby agreed to be the sole and exclusive place of performance of all deliveries/services performed by either party and all payments made by either party.
- (2) All contracts concluded between the Company and the Customer and all claims arising from the existence or non-existence of these contracts shall be governed by the laws of the Republic of Austria with the exception of the Austrian International Private Law and the UN Convention on International Contracts for the Sale of Goods.
- (3) The sole and exclusive legal venue for all disputes in connection with this contract shall be the materially competent court for 6134 Vomp. However, the Company shall have the right to bring legal action against the Customer also at an alternative legal venue in Austria or abroad.
- (4) If any of the foregoing individual provisions of these General Terms and Conditions of Business and Delivery is inapplicable or becomes inapplicable the parties to the contract hereby expressly undertake to agree to replace the invalid provision with an admissible provision that corresponds as closely as possible to the economic purpose of the invalid provision. The invalidity of individual provisions will not affect the validity of the other provisions.
- (5) This English version is a translation. The original German version shall prevail.

Conditions générales de vente

I. Généralités

(1) L'entreprise se lie contractuellement à ses clients sur la base exclusive des présentes conditions commerciales générales et conditions générales de livraison. Le client renonce à imposer ses propres conditions en substitution des présentes conditions commerciales générales et conditions générales de livraison. Toutefois, au cas où de semblables conditions du client auraient été imposées ou devaient l'être, ce dernier renonce à tous effets juridiques pouvant éventuellement en découler. Une fois entrées en vigueur entre l'entreprise et un client, ces conditions de l'entreprise restent en vigueur pour tous contrats futurs entre ces derniers. Pour être valable, toute abrogation de contrat, rajout ou amendement doivent être formulés par écrit.

(2) En l'absence de pouvoirs écrits de l'entreprise, ses collaborateurs ont interdiction de conclure tout accord abrogeant ces conditions, y ajoutant ou les modifiant. Au cas où de semblables engagements auraient une valeur contraignante pour l'entreprise aux termes de la loi sur la protection du consommateur, celui-ci pourra à tout moment résilier le contrat.

(3) Le client n'est pas autorisé à transférer à un tiers ses droits et obligations aux termes du contrat le liant à l'entreprise sans l'accord écrit de ce dernier. Tous les documents commerciaux et techniques créés par l'entreprise ou remis par cette dernière, représentent des supports de vente et demeurent la propriété de l'entreprise. Toute extension et exploitation nécessite l'accord écrit de l'entreprise. Les supports de vente ne peuvent être utilisés qu'à des fins de présentation et de commercialisation des produits de l'entreprise. En particulier, on ne permettra pas à des tiers d'accéder à ces documents. L'entreprise est libre d'exiger la restitution de ces documents et informations relatives à la vente sans avoir à motiver sa décision.

II. Offres

(1) Les offres adressées par le client à l'entreprise ne sont acceptées par cette dernière que sur déclaration écrite d'acceptation ou par exécution de fait. Le client présentant une offre est lié par celle-ci pour une durée de 4 semaines à réception de son offre par l'entreprise.

(2) Les offres de l'entreprise ainsi que la teneur de tous autres documents commerciaux (devis, circulaires, catalogues, listes de prix, prospectus, encarts, illustrations, etc.) sont strictement non contractuels et donnés à titre indicatif; ils peuvent être modifiés et révoqués par l'entreprise. Les prix annoncés pour une offre ne valent que pour une commande portant sur l'ensemble des marchandises et quantités proposées.

III. Livraison et conditions de livraison

(1) Sauf s'il en est convenu autrement, de façon expresse et par écrit, les délais et dates de livraison ne sont pas contractuels et sont donnés à titre indicatif. Le délai de livraison court à partir de la conclusion juridiquement valable du contrat correspondant. Il ne saurait cependant courir avant que tous les détails concernant la préparation et l'exécution n'aient été entièrement réglés et avant le versement de l'acompte convenu. En cas de modification ultérieure du contrat correspondant, l'entreprise pourra également, sur accord écrit contraignant, revoir les délais et dates de livraison.

(2) Lorsque les marchandises doivent être livrées par l'entreprise à un emplacement spécifique en vertu de conventions particulières, la livraison au dit emplacement spécifique ne sera pas considérée, sauf convention expresse, comme franco de port. Le choix du moyen de transport reste à la discréption de l'entreprise. À la remise au transporteur ou au responsable du transport, les risques et périls passent au client, indépendamment de la réception ultérieure par ce dernier. Sauf s'il en est convenu autrement de façon expresse et par écrit, la livraison est effectuée sur le territoire français pour les commandes d'une valeur de 500 EUR minimum franco domicile. Pour les envois d'un montant inférieur, une participation au paiement des frais de port s'élevant à 26 EUR sera automatiquement facturée au client à chaque envoi. L'entreprise se réserve le droit de réaliser des livraisons contre remboursement. En outre, l'entreprise pourra facturer au client un supplément à hauteur de 1% de la valeur nette des marchandises pour couvrir d'éventuels droits au titre des défauts cachés causés par le transport.

(3) Lorsque les marchandises doivent être livrées par l'entreprise à un emplacement spécifique en vertu de conventions particulières, la livraison au dit emplacement spécifique ne sera pas considérée, sauf convention expresse, comme franco de port. Le choix du moyen de transport reste à la discréption de l'entreprise. À la remise au transporteur ou au responsable du transport, les risques et périls passent au client, indépendamment de la réception ultérieure par ce dernier.

(4) Lorsque l'exécution d'un contrat est contrariée pour raison de force majeure (par ex., grève, perturbations majeures de l'activité, ainsi que toutes circonstances compliquant la livraison de façon significative ou la rendant impossible) et que l'entreprise ne peut pas remédier à cette situation de force majeure ou ne le peut qu'au prix de mesures économiquement intolérables, l'entreprise est déliée de ses obligations contractuelles, sans que cela ne donne droit à des dédommagements pour le client. L'entreprise pourra, lorsque l'empêchement aura été levé, réaliser la livraison ou la prestation ou encore annuler la partie non encore exécutée aux termes du contrat. En ce cas, le client pourra inviter l'entreprise par lettre recommandée à préciser s'il résilie le contrat ou entend livrer dans un délai raisonnable. En l'absence de déclaration de la part de l'entreprise sous 14 jours à réception de cette requête écrite, le client pourra résilier le contrat, renonçant par là à un éventuel droit à dommages et intérêts.

(5) En cas d'absence du client à la date de livraison ou si celui-ci manque à prendre les mesures nécessaires à la réalisation de la livraison (partielle), la prestation ou la livraison sera vue comme ayant été acceptée. Les risques et périls ainsi que les frais seront dès lors assumés par le client, si ce n'était pas déjà le cas. Au cas où le client n'enverrait pas la marchandise ou prestation prévue au contrat aux emplacements et heures appropriés, l'entreprise pourra dans tous les cas soit en reporter l'exécution, soit résilier le contrat après avoir fixé un délai supplémentaire raisonnable. En ce cas, le client répondra de tous les dommages en résultant.

(6) Au cas où l'entreprise serait responsable du retard, le client pourra, après avoir fixé un délai supplémentaire raisonnable d'au moins 14 jours, soit reporter l'exécution, soit déclarer résilier le contrat. Cette déclaration de résiliation devra être explicite et inconditionnelle, et notifiée par écrit. La résiliation du contrat ne prendra effet qu'après que l'entreprise aura par sa faute également laissé passer le délai supplémentaire. Sont expressément exclus tous droits subsidiaires, notamment à titre de dédommagement, et ce, dans la limite des dispositions légales.

(7) L'entreprise pourra conditionner le respect des délais et dates de livraison à compter de la réception des acomptes convenus à la liquidation à terme des créances en cours, à une mise au point relative aux questions demeurant en suspens, à la réunion de l'ensemble des conditions techniques et logistiques préalables ainsi qu'au respect de l'ensemble des autres obligations contractuelles, sans que cela ne dégage sa responsabilité relativement aux conséquences du retard.

(8) Les dommages liés au transport sont à communiquer à l'entreprise et au transporteur immédiatement après la réception de la livraison et de leur faire confirmer. Les dommages liés au transport qui ne serait pas visible en l'état (vices cachés) sont à signaler au transporteur et à l'entreprise dans les 3 jours suivant la réception de la livraison. Autrement, la prise en charge des dommages liés au transport par l'entreprise est exclue.

IV. Reprise

Sous réserve de l'accord écrit exprès de l'entreprise, les reprises doivent obligatoirement faire l'objet d'un préavis écrit et ne peuvent être effectuées que sous quatre semaines à compter du jour de livraison ou de prestation. En cas d'accord de l'entreprise, il sera impérativement émis un bon de retour à retourner avec la marchandise à l'usine de l'entreprise. Il sera facturé au client au minimum 20% de la valeur des marchandises (avec un minimum de 10€) pour les produits fabriqués par l'entreprise et entreposés impeccablement suivant les techniques les plus récentes et encore conditionnés dans leur emballage d'origine. Les marchandises ordinaires ainsi que les productions spéciales, notamment les marchandises vendues sur mesure au mètre et les lampes avec laquage spécial, doivent obligatoirement être enlevées et ne peuvent faire l'objet d'une reprise, sauf s'il en est convenu autrement de façon expresse et par écrit. Les produits, dont la reprise est exclue sont marqués par le signe suivant ** sur les offres et les confirmations de commande. Dans tous les cas, les frais de transport pour reprise de toutes sortes seront entièrement à la charge du client.

V. Productions spéciales

Sur demande écrite expresse du client, l'entreprise met à la disposition de celui-ci des produits de son programme standard à titre d'échantillons. La livraison des échantillons sera facturée au client avec sa remise habituelle et avec une remise supplémentaire de 20%. Le délai de paiement convenu dans le contrat conclu entre l'entrepreneur et le client s'applique également pour les commandes d'échantillon. Lors d'une première commande, le client se devra de payer la totalité du montant avant que la marchandise ne soit livrée. Les livraisons d'échantillons ne sont pas reprises sauf accord contraire avec le directeur commercial. De nombreux échantillons sont présentés par les différents agents commerciaux de l'entreprise après prise de rendez-vous. Les produits d'éclairage de toute sorte, tels que les ampoules électriques, ne seront en aucun cas repris.

VI. Conditions de paiement

(1) Sauf s'il en est convenu autrement de façon expresse et par écrit, les prix de vente (contreparties) des marchandises de l'entreprise s'entendent départ usine, en euros nets, impôt sur le chiffre d'affaires applicable en sus, emballage inclus, mais à l'exclusion du port, des assurances, des droits de douane, taxes ou autres frais supplémentaires. Les hausses de prix entraînées par l'accroissement des coûts de production (notamment les prix des matériaux, salaires, frais généraux, etc.) entre la conclusion d'un contrat et son exécution seront facturées au client, qui les supportera. Les commandes sans mention de prix sont facturées aux prix habituels de l'entreprise en vigueur au jour de facturation. Les modifications techniques ou écarts de toute sorte par rapport aux caractéristiques prescrites devront être acceptés par le client au prix général en vigueur, dans la mesure où ils ne sont pas contraires à la destination souhaitée par le client.

(2) Sauf accord écrit contraire, le règlement des factures et des frais supplémentaires (TVA, etc.) est exigible sous 14 jours suivant la date de facture, sans déduction et sans escompte.

(3) En général, les factures sont systématiquement envoyées par voie électronique.

(4) L'entreprise n'a pas obligation d'accepter les lettres de change et/ou les chèques. Tous les frais et commissions bancaires relatifs aux virements de toute sorte sont à la charge du client. Lors d'un règlement par virement bancaire et lettre de change/chèque, le jour d'encaissement est le jour de crédit du compte ou de paiement. En cas de retard de paiement, il est convenu d'intérêts moratoires supérieurs de 3 points au taux d'escompte correspondant de la Banque nationale d'Autriche. Tout préjudice lié aux éventuels intérêts ou perte sur le change devra être remboursé. De plus, lors du recouvrement judiciaire du montant dû, les remises ainsi que toutes autres réductions sont annulées. Il est convenu que les prix dus sont les prix liste bruts.

(5) En cas de retard, même pour un seul paiement (partiel), le délai échoit et toutes les factures et créances sont dues immédiatement, sans qu'il y ait besoin d'un avis d'échéance explicite de la part de l'entreprise. Cela vaut également en cas de détérioration décisive de la situation financière du client. Dans ce cas également, l'entreprise pourra résilier le contrat après avoir fixé un délai supplémentaire raisonnable et reprendre les marchandises livrées au client, différer la remise ou retenir les livraisons/prestations en instance, également celles correspondant à des commandes supplémentaires.

(6) Après entrée en vigueur de la résiliation du contrat, le client devra retourner immédiatement à l'entreprise les marchandises déjà livrées, à ses frais, sans autre avis, compenser une éventuelle diminution de valeur et rembourser tous frais exposés par l'entreprise à l'occasion de l'exécution du contrat et de la rédhibition.

(7) Pour autant que des dispositions légales impératives ne s'y opposent pas, le client ne pourra défaillquer les créances de l'entreprise de ses propres créances. Les paiements reçus pourront être à chaque fois déduits par l'entreprise de la livraison/prestation la plus ancienne.

(8) Pour autant que des dispositions légales impératives ne s'y opposent pas, le client n'a aucun droit de rétention ou de consignation sur les marchandises de l'entreprise.

(9) Dans le cas où les produits seraient livrés dans un pays tiers, l'entreprise se réserve le droit de facturer la TVA en vigueur a posteriori, si le client n'a pas rempli ses obligations de fournir les documentations douanières appropriées.

VII. Réserve de propriété

(1) Jusqu'au règlement complet et sans réserves de tous les droits de l'entreprise aux termes d'un contrat – intérêts et frais inclus –, ainsi que jusqu'à l'exécution intégrale de toutes les autres obligations présentes ou à venir du client relatives à la livraison/prestation correspondante ainsi qu'aux autres livraisons et prestations, les marchandises livrées demeurent la propriété sans réserve de l'entreprise. La propriété des

Conditions générales de vente

Marchandises objet des livraisons à venir n'est elle aussi transférée que lorsque les créances relatives aux livraisons antérieures ont été complètement réglées. Le client doit prendre à ses frais et de son plein gré toutes les mesures et fournir les explications qui s'avèrent en l'occurrence nécessaires afin de justifier ou de maintenir la réserve de propriété.

(2) Une cession ou hypothèque des marchandises objet de la réserve avant exécution de toutes les obligations financières n'est autorisée qu'avec l'accord écrit exprès de l'entreprise. Indépendamment de cela, le client formule dès à présent l'offre irrévocable de céder de façon désintéressée à l'entreprise à titre de paiement, en cas de revente de ces marchandises, toutes les créances en découlant. L'entreprise peut à tout moment accepter cette offre de cession, sans limitation dans le temps. Toutes les taxes et frais y afférant seront intégralement supportés par le client.

(3) En outre, jusqu'à l'exécution complète de toutes ses obligations financières, le client ne pourra pas retravailler ou transformer les marchandises livrées ou les raccorder à d'autres matériaux, sans quoi la propriété exclusive des matériaux résultant de ce travail, de cette transformation et de ce raccordement reviendrait à l'entreprise.

(4) En cas d'hypothèque ou autre utilisation des biens livrés, le client devra en informer l'entreprise sans tarder et prendre à ses frais toutes mesures en vue de la préservation du droit de propriété de l'entreprise. Si les marchandises objet de la réserve sont sélectionnées par l'entreprise, celui-ci pourra prévoir de les entreposer aux frais du client ainsi qu'à ses risques et périls. Ce dernier devra rembourser à l'entreprise toutes dépenses en rapport avec sa revendication de la propriété.

(5) En cas de non-paiement d'une éventuelle créance de l'entreprise, de cessation de paiement, de déclaration d'insolvabilité ou de saisie de marchandises sous réserve de propriété, le client devra remettre à l'entreprise toutes les marchandises sous réserve de propriété.

VIII. Droits à dommages et intérêts

(1) Toute responsabilité de l'entreprise pour les dommages causés au client est exclue en cas de négligence mineure. Pour autant que la chose soit légalement permise, l'entreprise décline toute responsabilité vis-à-vis du client pour le manque à gagner, la réduction ou la perte de survaleur, la restriction ou la perte d'opportunités commerciales, les dommages induits de toute sorte, les autres pertes financières, les purs dommages patrimoniaux, les pertes d'intérêts, les dommages résultant de droits de tiers sur le client et/ou les autres dommages découlant de contrats de livraison particuliers ou des présentes conditions générales ou survenus en relation avec ceux-ci. Pour autant qu'une exonération de la responsabilité subséquente soit permise dans un cas particulier, celle-ci est vue comme étant de convention expresse.

(2) En cas de négligence grave, la garantie de l'entreprise pour les dommages est limitée à dix fois le montant facturé net des marchandises livrées à l'origine des dommages.

(3) Tout dédommagement est exclu en cas de non-respect d'éventuelles conditions de l'entreprise pour le montage, la mise en service et l'utilisation.

(4) Pour autant que des dispositions légales impératives ne s'y opposent pas, toute responsabilité pour des dommages aux termes de la loi sur la responsabilité du fait des produits et autres normes similaires est exclue, indépendamment de l'ordre juridique d'origine. Le client s'engage à étendre à un éventuel acheteur cette exclusion de garantie au profit de l'entreprise. Le client a l'obligation de porter à la connaissance de ses collaborateurs de façon régulière et avérée toutes informations et instructions fournies par l'entreprise conjointement à ses produits, ainsi que toutes prescriptions légales.

IX. Réclamations et garantie

(1) Sans préjudice de conventions écrites particulières ou de l'application de dispositions légales impératives – notamment dans la relation juridique aux consommateurs au sens de la loi du 8 mars 1979 sur la protection du consommateur, dans les termes applicables, l'entreprise a une obligation de garantie conformément aux dispositions suivantes des paragraphes 2 à 8. Dans le cas où des dispositions légales impératives seraient applicables, celles-ci sont de rigueur. Dans les autres cas de nullité, le point XIII, paragraphe 4 des conditions commerciales générales et conditions générales de livraison s'applique.

(2) La période de garantie est de six mois à compter de la transmission des risques. La période de garantie est de trois mois pour les pièces de rechange et réparations. Les droits afférents à la garantie sont prescrits au plus tard sous six mois à compter de la réclamation dans les délais impartis.

(3) Sauf exclusion de garantie, les défauts visibles ou les parties manquantes doivent faire l'objet sans retard après remise et, pour les vices cachés, sous 8 jours à compter de leur découverte, d'une réclamation auprès de l'entreprise adressée par lettre recommandée, avec interruption immédiate de l'utilisation par le client et/ou par un tiers. Les dépenses de toute sorte exposées par le client en rapport avec des réclamations restent à la charge exclusive du client leur montant et leur remboursement n'ont pas été expressément convenus par écrit avec l'entreprise avant même leur réalisation. A défaut de réclamation dans les délais impartis, les marchandises sont considérées comme acceptées sans réserve, de manière réglementaire, et exemptes de défauts. En cas de réclamation dans les délais impartis, l'entreprise n'a qu'une obligation d'amélioration ou d'échange des marchandises, à son choix. L'entreprise dispose alors d'un délai raisonnable d'au moins un mois. Au cas où l'amélioration ou l'échange entraînerait pour l'entreprise des dépenses excessives, il pourra honorer son obligation de garantie en consentant une réduction de prix raisonnable. Au cas où le défaut serait autre que mineur, l'entreprise pourra différer la résiliation du contrat (réstitution). En cas de réduction de prix et de réstitution, l'entreprise aura honoré ses obligations en créditant le client à hauteur de ses droits conditionnels. En cas d'absence du client à la date convenue pour l'amélioration, pour des raisons qu'il devra justifier, ou s'il entrave ou rend impossible la réparation ou l'échange, cela sera considéré comme un renoncement aux droits à garantie. Le client supportera les frais cumulés suite aux mesures susmentionnées, à l'exception des frais d'expédition pour les pièces de rechange ou les marchandises de rechange (supplément).

(4) L'entreprise n'a pas d'obligation de réparer les défauts tant que le client n'aura pas honoré ses obligations de paiement, supplément éventuel inclus.

(5) En cas de responsabilité, l'entreprise ne se porte garant du dédommagement qu'en présence d'une négligence grave ou dol, et non en présence d'une négligence mineure. En cas de dédommagement, les règles arrêtées au paragraphe 4 ci-dessus sont de rigueur.

(6) Toute garantie de l'entreprise est exclue en cas d'utilisation non conforme des marchandises, lorsque le défaut est le fait du client ou d'un tiers ou si des manipulations ou réparations ont été entreprises par le client ou par un tiers. Toute garantie pour les consommables et pièces périssables est exclue.

X. Documents

Les documents (p. ex., factures, rejet d'une commande, etc.) adressés au client à la dernière adresse connue communiquée par ce dernier sont considérés dans tous les cas comme lui étant parvenus, à moins que le client n'ait notifié à l'entreprise un changement d'adresse en temps voulu et par écrit. Au cas où le changement d'adresse ne serait pas mentionné entraînant le changement d'un document existant (facture), l'entreprise se réserve le droit de facturer une taxe forfaitaire de 25 EUR net.

XI. Protection des données

Le client reconnaît que les données figurant dans le contrat peuvent être enregistrées, utilisées et modifiées pour les besoins de la comptabilité, le contrôle de solvabilité et les besoins commerciaux. Les données sont utilisées, conformément à la loi applicable, pour le suivi des transactions financières et la prospection publicitaire.

XII. Choix du droit applicable, tribunal compétent et clause de sauvegarde

(1) De convention expresse, le lieu d'exécution pour toutes livraisons/prestations et paiements bilatéraux est A-6134 Vomp exclusivement.

(2) Pour tous contrats conclus entre l'entreprise et le client et pour tous droits découlant de l'existence ou de l'absence de ces contrats, il est convenu que le droit autrichien s'applique, à l'exception des dispositions du droit privé international autrichien et des dispositions du droit commercial des Nations Unies.

(3) De convention expresse, le tribunal exclusivement compétent pour toutes actions en justice relatives aux conditions contractuelles est le tribunal compétent de fait en temps utile pour A-6134 Vomp. L'entreprise reste cependant libre de poursuivre le client devant un autre tribunal autrichien ou étranger également.

(4) En cas de nullité de dispositions particulières des présentes conditions commerciales générales et conditions générales de livraison, les parties au contrat s'engagent expressément par les présentes à appliquer les dispositions juridiquement valables les plus proches des objectifs économiques des dispositions nulles. La nullité de dispositions particulières est sans effet sur la validité juridique des autres dispositions restantes.

04/2022

Condizioni Generali e di Consegna

I. Premessa

(1) La impresa planlicht GmbH & Co KG, di seguito azienda, stipula contratti con i suoi clienti solamente sulla base delle Condizioni Generali e di Consegna. Il cliente rinuncia al cambiamento delle Condizioni Generali e di Consegna presente mediante l'invio di condizioni proprie. Ciononostante, l'invio di condizioni avviene o è avvenuto dalla parte del cliente, esse rinuncia all'efficienza giuridica originante delle sue condizioni. Condizioni dall'azienda, una volta stabilito tra l'azienda e il cliente, applicano per tutti i contratti futuri tra entrambi. L'annullamento, adattamenti complementari o emendamenti di contratti valgono solamente in forma scritta.

(2) Senza la confermazione scritta dell'azienda, i lavoratori non hanno il diritto di confermare, annullare, cambiare o aggiungere elementi alle presenti condizioni; nel caso che ci siano vincolanti secondo la legge di protezione di consumatori, ha il diritto di rescindere il contratto in qualsiasi momento.

(3) Il cliente non ha il diritto di trasferire diritti e obbligazioni contrattuali con l'azienda senza la confermazione scritta di essa. Tutti i documenti commerciali o tecnici creati o consegnati dall'azienda sono materiale per assistere la vendita e rimangono proprietà di essa. Ognuna propagazione o utilizzazione pretende la confermazione scritta della ditta. Materiale per assistere la vendita deve utilizzato solamente per la presentazione e commercializzazione dei prodotti dell'azienda. In particolare, i documenti non devono tenuti a disposizione. L'azienda ha il diritto di pretendere la restituzione del materiale e i documenti commerciali o tecnici senza ulteriori informazioni o senza fornire giustificazioni.

II. Offerte

(1) Le offerte ricevute dalla parte del cliente accetta il committente solamente con una confermazione scritta di accettazione da parte dell'azienda o mediante l'adempimento effettivo; l'offerta dal cliente è vincolante per quattro settimane dopo la ricevuta dall'azienda.

(2) Le offerte dall'azienda come anche il contenuto di qualsiasi documenti commerciali (preventivo delle spese, lettere circolare, cataloghi, liste dei prezzi, dépliant, annunci, immagini, ecc.) sono non-vincolanti e non-impegnativi in linea di principio e possono essere cambiati e revocati da parte dell'azienda. Le calcolazioni dell'offerta applicano solamente nel caso dell'ordinazione di tutta la merce rispettivamente la merce e quantità offerta.

III. Consegna e condizioni di consegna

(1) Allorché non è stato convenuto nessun altro accordo, il termine per la consegna e altri termini sono non impegnativi e non vincolanti. Il termine di consegna inizia con la conclusione di contratto giuridicamente valida, ma non prima della chiarificazione di tutti i dettagli in riguardo alla pianificazione e alla effettuazione e non prima della effettuazione dell'acconto accordato. Nel caso di una modifica retroattiva del rispettivo contratto l'azienda abbia il diritto di modificare i termini e la data di consegna in modo unilaterale secondo i cambiamenti, indipendentemente di confermazioni vincolanti per iscritto.

(2) In mancanza di un diverso accordo resta inteso che i servizi dell'azienda sono franco fabbrica (magazzino) e per conto e rischio del cliente; la suddetta condizione applica anche per consegne parziali. Nel caso che sia concordato il ritiro da parte del cliente, il rischio passa al cliente nel momento in cui la merce sia messa a disposizione per il ritiro. Se il cliente non ritira la merce come concordato, il rischio passa al cliente con la data di ritiro concordato e il cliente è responsabile per tutte le spese dell'immagazzinamento, sia da parte dell'azienda o da parte di terzi. Se la merce è da consegnare a un luogo precisato in conseguenza di un accordo separato, la consegna, senza altri accordi, non è franco di nolo. Il committente è libero di scegliere il mezzo di trasporto.

Con la consegna al trasportatore o vettore passa il rischio al cliente, indipendentemente della consegna posteriore al cliente. Per la consegna e l'adempimento del termine di consegna nei nostri mercati principali in Austria, Alto Adige, Svizzera, Germania, Francia, Finlandia il trasporto è pagato fino a un luogo definito (CPT) secondo la versione attuale dei INCOTERMS della camera di commercio internazionale a Parigi al giorno della conclusione del contratto. In mancanza di un accordo diverso per iscritto, la consegna a domicilio avviene in Austria da un valore d'ordinazione pari o superiori a EUR 350,- netto, in Germania, Svizzera, Alto Adige pari o superiori a EUR 750,- netto, in Francia pari o superiori EUR 500,- netto e in Finlandia pari o superiori a EUR 1000,- netto. Le spese di spedizione per ordinazioni sotto il suddetto valore sono a carico del cliente. L'azienda si riserva il diritto di effettuare la spedizione contrassegno della merce. Inoltre, l'azienda ha il diritto di fatturare un supplemento di 1% del valore della merce netto per le spese eventuali per vizi nascosti che originano dal trasporto.

(3) Se la esecuzione del contratto viene ostacolata da forze maggiori (p.e. scioperi, anomalie di funzionamento come anche tutte le circostanze che complicano la consegna o la rendono impossibile) e gli ostacoli non sono rimovibili da parte del committente o solo in modo economicamente insopportabilmente per l'azienda, l'azienda è liberato dalle sue obbligazioni contrattuali senza che il cliente ha il diritto a un risarcimento. L'azienda ha il diritto di continuare la consegna o il servizio dopo la cessazione dell'ostacolo o di rivedere dal contratto in riguardo agli elementi contrattuali ancora aperti. Il cliente può intimare l'azienda mediante una lettera raccomandata di dichiarare se ricedere dal contratto o consegna entro un tempo ragionevole. Nel caso di una mancanza della dichiarazione da parte dell'azienda dopo 14 giorni dopo la ricevuta della richiesta scritta, il cliente può rivedere dal contratto con la rinuncia al diritto di risarcimento eventuale.

(4) Se il cliente è assente alla data di consegna o è in ritardo con l'esecuzione delle misure preventive necessarie per la consegna (parziale), il servizio o la consegna viene considerato/a effettuata. Il rischio e le spese passano al cliente nel caso che non sia successo già prima. Se il cliente accetta la merce o il servizio non al luogo corretto o al termine corretto, il committente ha il diritto di pretendere l'adempimento o di recedere dal contratto dopo aver concesso un periodo supplementare adeguato; in questo caso il cliente è responsabile per ogni danno causato in tal modo.

(5) Se il committente ha causato il ritardo, il cliente ha il diritto di pretendere l'esecuzione del contratto dopo aver concesso un periodo supplementare di minimo 14 giorni o altrimenti dichiarare di recedere dal contratto. La dichiarazione del recesso deve essere menzionata per iscritto, in modo assoluto e determinato nella lettera per dichiarare il periodo supplementare. Il recesso dal contratto solamente diventa efficace, se il committente non effettua il contratto entro il termine concordato. Diritti ulteriori, in particolare dal titolo di risarcimento dei danni, sono esclusi esplicitamente, quanti giuridicamente leciti.

(6) Il committente ha il diritto, senza conseguenze di ritardo, di condizionare l'adempimento del termine di consegna e la data di consegna dal pagamento effettuato concordato, dal pagamento puntuale dei debiti attivi, dalla chiarificazione di eventuali questioni originante a posteriori, dalla effettuazione di tutti i premessi tecnici o spaziali come anche l'adempimento di tutte le obbligazioni originante dal contratto.

(7) In mancanza di un accordo specificato diversamente per scritto, l'azienda ha il diritto di eseguire consegne parziali o precedente e fatturare i prodotti e servizi forniti.

(8) Danni o vizi di trasporto visibili sono da comunicare immediatamente al vettore o al committente alla ricevuta della spedizione e devono essere confermati di essi. Danni o vizi di trasporto che non sono visibili sotto l'imballaggio, devono essere dichiarato entro tre giorni dopo la ricevuta della merce. Altrimenti, l'esecuzione di danni o vizi di trasporto viene escluso da parte dell'azienda.

IV. Rimozioni

La rimozione richiede, con riserva del consenso scritto esplicito dell'azienda, la registrazione scritta precedente e può essere realizzato solamente entro quattro settimane dopo il giorno della consegna o del servizio fornito. Nel caso che l'azienda consente al rimozione, solamente merce di qualità sana, tecnicamente attuale e con l'imballaggio originale può essere ritornata. Secondo le spese interne, vengono fatturate al cliente minimo 20% del valore della merce (minimo EUR 10,-) come spese di manipolazione. Tutte le spese per la spedizione del ritorno e di ogni tipo sono interamente a carico del cliente.

V. Consegna di campioni

Secondo l'accordo esiste la possibilità di mettere a disposizione campioni per quattro settimane. Nel caso di una consegna di campioni il termine di pagamento viene prolungato dal periodo di prova concordato. Tutte le spese per la spedizione e il ritorno sono a carico del cliente. Campioni possono essere ritornati all'azienda e accreditati da essa se corrisponde internamente alla consegna originale, nessun montaggio meccanico è stato effettuato e la merce non è danneggiata. Lampadine di ogni tipo sono esclusi dal ritorno.

VI. Condizioni di pagamento

(1) I prezzi (corrispettivi) per la vendita della merce del committente sono validi, se non concordato diversamente per iscritto, franco fabbrica (magazzino) in euro netto per soprappiù l'IVA lecitamente valida, incluso imballaggio ma senza spedizione, assicurazione, dogana, spese o altri spese addizionali. Aumenti dei prezzi a causa di un aumento dei costi di produzione (in particolare il costo del materiale, salari, costi generali ecc.) tra la conclusione del contratto e l'adempimento di esse vengono fatturati al cliente e sono al carico del cliente. Ordinazione senza una definizione di prezzo vengono fatturato secondo l'usuale prezzo attuale al giorno della fatturazione. Modificazioni tecniche o deviazioni delle direttive di ogni tipo sono da accettare dal cliente al prezzo usuale generalmente, se non sono contrario al causale preteso del cliente.

(2) La retribuzione incluso tutti i costi addizionali (IVA ecc.) è, se non diversamente concordato per iscritto, in scadenza e da pagare entro 14 giorni dopo la data di fattura senza detrazione o senza sconto.

(3) I conti vengono effettuati generalmente e unicamente in modo elettronico.

(4) L'azienda è obbligata alla accettazione di assegni. Il pagamento mediante assegno ha luogo solamente pro solvendo. Tutte le spese e provvigioni bancari in connessione con il bonifico, di qualsiasi tipo, sono al carico del cliente. Per bonifici bancari e assegni il giorno dell'accreditamento o del rimborso dell'assegno è considerato il giorno di pagamento. Nel caso del ritardo di pagamento applicano gli interessi di mora leciti per soprappiù la tassad'ingiunzione pagamento. Inoltre, sconti o altre riduzioni del prezzo si placano nel caso di una richiesta giuridica e valgono i prezzi brutti di listino.

(5) Nel caso di ritardo di solo un pagamento (parziale) occorre la decadenza al termine e tutte le fatture e debiti vengono in scadenza immediatamente, senza la necessità di una richiesta di scadenza scritta da parte dell'azienda. Lo stesso applica nel caso di deterioramento dello stato pecunario del cliente. In questo caso l'azienda ha il diritto, dopo aver concesso un periodo supplementare, di recedere dal contratto e riprendere la merce fornita al cliente, pretendere la rivendicazione o riportare la spedizione della merce o servizi in sospeso, anche riguardando altri ordini.

(6) Dopo il recesso dal contratto è in vigore, il cliente deve ritornare la merce già spedita senza ulteriori solleciti con i costi sono a carico del cliente, effettuare la restituzione per la diminuzione di valore eventuale e rimborsare tutti gli impegni che originano al committente durante la esecuzione del contratto e la liquidazione.

(7) Se disposizioni di legge imperative non ostino, il cliente non ha il diritto di detrarre i suoi debiti con i debiti dell'azienda. Pagamenti in entrata possono essere ascritti alla consegna/il servizio più vecchia/o, indipendentemente dalla dedica del cliente.

(8) Se disposizioni di legge imperative non ostino, il cliente non ha il diritto di ritenzione o di pegno della merce del committente.

(9) Nel caso dell'esporto della merce in un paese terzo, l'azienda si riserva esplicitamente il diritto di mettere in conto l'IVA legale valida, se il cliente non adempie il suo dovere della documentazione di esportazione corretta.

VII. Riserva di proprietà

(1) La merce consegnata rimane proprietà in assoluto dell'azienda fino al completo pagamento incondizionato di tutti i crediti stabiliti dal contratto, inclusi gli interessi, costi e spese così come al completo adempimento di altri obblighi finanziari dell'acquirente presenti e futuri in relazione alla rispettiva fornitura/servizio, nonché sulla base di tutte le altre forniture e servizi. Anche la proprietà di merci di fornitore future verrà trasferita solo dopo che i crediti di forniture precedenti sono stati completamente saldati. Il cliente deve agire e fare dichiarazioni a proprie spese e di propria iniziativa, che in funzione della situazione sono necessarie per motivare o ottenere la riserva di proprietà.

(2) L'alienazione a terzi o pignoramento della merce soggetta alla riserva di proprietà prima del completo adempimento di tutti gli obblighi finanziari è lecita solamente con esplicito assenso scritto dell'azienda.

Condizioni Generali e di Consegna

Indipendentemente da ciò, il cliente offre di cedere irrevocabilmente tutti i crediti all'azienda alla sua soddisfazione pro solvendo, nel caso di alienazione a terzi della suddetta merce. L'azienda può accettare questa offerta di cessione in qualsiasi momento e senza limiti di tempo. Tutte le tasse e spese annesse sono interamente a carico dell'acquirente.

(3) Fino al completo adempimento di tutti gli obblighi finanziari il cliente non è autorizzato ad elaborare e trasformare la merce fornita o di combinarla con altre merci. In caso contrario, l'azienda ha la proprietà esclusiva sulle merci risultate dalle elaborazioni, trasformazioni e combinazioni.

(4) In caso di pignoramento o altri utilizzi della merce fornita, il cliente è obbligato ad avvertire immediatamente all'azienda e ad adottare tutte le misure a proprie spese per la tutela del diritto di proprietà dell'azienda. Nel caso in cui la merce soggetta alla riserva di proprietà, l'azienda può effettuare l'immagazzinamento della merce a carico e rischio del cliente. Esse è obbligato al rimborso di tutte le spese in relazione del fare valere del proprietà.

(5) In caso di mancato pagamento di un credito scaduto dall'azienda, sospensione dei pagamenti, apertura del procedimento d'insolvenza e dell'esecuzione di una merce soggetta alla riserva di proprietà, il cliente è tenuto a restituire tutta la merce soggetta alla riserva di proprietà all'azienda.

VIII. Diritto al risarcimento danni

(1) È esclusa la responsabilità dell'azienda per danni del cliente per lieve negligenza. L'azienda non risponde nei confronti del cliente, nella misura consentita dalla legge, per la perdita/mancati profitti, danni all'avviamento dell'azienda o perdite dell'avviamento dell'azienda, danni o perdite di opportunità commerciali, danni conseguenti di qualsiasi tipo, altre perdite economiche, danni patrimoniali, perdita di interessi, danni rivendicati da terzi nei confronti dell'acquirente e/o altri danni che possono insorgere da o in relazione con singoli contratti di fornitura o con queste condizioni generali. Se nel caso specifico è ammesso escludere la responsabilità in maniera più ampia, vale come concordato.

2) In caso di negligenza grave, la responsabilità dell'azienda per danni è limitata fino a dieci volte l'importo netto della fattura della merce fornita che ha causato i danni.

3) È escluso ogni risarcimento dei danni in caso di inosservanza di eventuali condizioni dell'azienda per l'installazione, la messa in esercizio e l'utilizzo.

(4) Se disposizioni di legge imperative non ostino, è esclusa la responsabilità secondo la legge sulla responsabilità dei prodotti e altre norme comparabili, indipendentemente dal sistema giuridico da cui scaturiscono.

IX. Reclamazione e garanzia

(1) Se disposizioni diversi non sono concordati separatamente per iscritto o disposizioni di legge imperativa – in particolare nella relazione con il consumatore nel senso delle disposizioni di legge di tutela dei consumatori del 8 marzo 1979 nella versione attuale, viene applicato, l'azienda è obbligata alla garanzia. Nel caso della applicazione delle disposizioni di legge obbligatorie; nel caso in cui viene a pena di nullità applichi il punto XIII articolo (4) delle Condizioni Generali e Consegnate.

(2) Il termine di garanzia è sei mesi dopo il trapasso del rischio al cliente; il termine di garanzia per pezzi di ricambio e rettificazioni è tre mesi. La garanzia cade in prescrizione al massimo sei mesi dopo l'ammonimento entro il termine convenuto. Per il consumatore applicano le disposizioni di legge per la garanzia.

(3) Vizi visibili, pezzi mancanti e vizi invisibili sono da ammonire immediatamente dopo la consegna per iscritto e mediante l'interruzione del lavoro proprio o da parte terza immediatamente; le spese risultante del cliente, di ogni tipo, in relazione con la reclamazione sono esclusivamente a carico del cliente nel caso che l'ammontare e il rimborso con l'azienda non sia concordato precedentemente per iscritto. In mancanza dell'ammontare la merce viene considerata consegnata senza riserve, regolarmente e senza vizi.

(4) Nel caso dell'ammontare entro il termine convenuto l'azienda sia obbligata solamente alla rettificazione o alla sostituzione; per questo l'azienda ha un periodo adeguato, ma minimo un termine di un mese alla sua disposizione per la rettificazione o la sostituzione. Se la rettificazione o la sostituzione significano spese sproporzionalmente per l'azienda, essa ha il diritto di concedere uno sconto adeguato a compiere la sua obbligazione di garanzia; se il vizio non è futile, l'azienda può richiedere l'annullazione (risoluzione) del contratto. Nel caso di una riduzione del prezzo e la risoluzione del contratto l'azienda adempie le sue obbligazioni, se l'azienda rilascia un credito a favore del cliente con la somma della rivendicazione del cliente. Se il cliente non è presente alla data concordata della rettificazione o rende più difficile la rettificazione o la sostituzione, il suddetto atto viene considerata la rinuncia a tutti i diritti di garanzia.

(5) Le spese accumulate delle suddette misure sono a carico del cliente (sovraprezzo), escluso le spese per la spedizione di pezzi di ricambio o merce di ricambio.

(6) L'azienda non è obbligata ad azioni correttive nel caso che il cliente viene meno al suo dovere di pagamento incluso eventuali sovrapprezzati.

(7) Nel caso di colpevolezza l'azienda sia responsabile per la risarcimento dei danni solo in presenza di negligenza grave o dolo, ma non in presenza di negligenza leggera. Nel caso di risarcimento dei danni applichino le suddette regole secondo articolo (4).

(8) La garanzia dell'azienda è esclusa, se la merce è stata utilizzata in modo inusuale, il vizio è stato causato dal cliente o da terzi o il cliente o terzi hanno effettuato manipolazioni o riparazioni alla merce. La garanzia è esclusa per pezzi d'uso o soggetti a usura.

(9) La garanzia si placa automaticamente, se l'installazione non viene effettuato da una impresa elettrica certificata.

X. Documenti

Documenti (p.e. fatture, rifiuti di ordinazioni, ecc.), che vengono mandato al cliente all'indirizzo comunicato ultimamente, vengono considerati spediti, inoltre il cliente ha comunicato l'azienda il cambiamento puntuale per iscritto. Nel caso della necessità di cambiamenti di documenti (fattura), l'azienda mette in conto un forfait di EUR 25,-!

XI. Protezioni dei dati

(1) Il cliente riconosce che tutti i dati del cliente indicati nel contratto per la fatturazione, richiedere informazioni commerciali e la evidenza dei cliente dei commessi possono essere salvato, utilizzato e processato. I dati vengono utilizzati per riempire le norme legali, per processare tutti le operazioni di pagamento o per mettere a disposizione informazione dei nostri prodotti.

(2) Il cliente ha il diritto di informazione gratuita di tutti i dati personali salvati dai commessi come anche eventualmente il diritto di correggere o cancellare o bloccare i dati.

XII. Scelta della legge applicabile, foro competente e clausola di riserva

(1) Il luogo d'adempimento di tutti le consegne e i servizi da entrambi le parti come anche i pagamenti è esclusivamente A-6134 Vomp.

(2) Per tutti i contratti concordati tra l'azienda e il cliente e tutti i debiti originante di essi applica la legge austriaca, con l'eccezione delle disposizioni della diritto privato internazionale di Austria e le disposizioni della legge commerciale della ONU.

(3) Foro competente esclusivo per tutte le controversie originante dal rapporto contrattuale è A-6134 Vomp e il tribunale responsabile; l'azienda si riserva il diritto di chiamare in causa il cliente in altri fori competente nazionali o internazionali.

(4) Nel caso in cui alcune condizioni di queste Condizioni Generali e di Consegna siano o diventino invalide o parzialmente invalide, i contraenti dichiarano di concordare condizioni valide che si avvicina il più possibile all'interesse della parte. La validità delle altre condizioni rimane intatta.

Garantiebestimmungen

Die planlicht GmbH & Co KG, Fiecht Au 25, A-6130 Schwaz / Vomp, gewährt durch ihre jeweiligen Vertriebsniederlassungen folgende Herstellergarantie von 66 Monaten auf planlicht-Produkte:

Wir garantieren gemäß den nachfolgend näher bezeichneten Bedingungen, dass unter der Marke „planlicht“ vertriebene Produkte bei bestimmungsgemäßem Gebrauch während eines Garantiezeitraums von 66 Monaten (5 ½ Jahre) ab Rechnungsdatum frei von Fabrikations- und/oder Materialfehlern sind.

1. Vorangeführt wird, dass soweit im Folgenden von Kunde gesprochen wird, der Begriff „Kunde“ als gewerblicher Händler bzw. Vertragspartner des Unternehmens planlicht anzusehen ist. Voraussetzung für die Gewährung der Garantie ist die online-Registrierung der jeweiligen Installation (Projekt, Gebäude) bis spätestens 66 Tage nach jeweiligen Rechnungsdatum auf www.planlicht.com unter dem Menüpunkt „Garantie“. Mit der jeweiligen Registrierung bestätigt der Kunde, Firmenkunde zu sein; mangelhafte, falsche oder irreführende Angaben können zu einer Aufhebung der Garantie führen. Die für diese Registrierung erforderlichen Mindestangaben von Firmenkunden beinhalten neben den Kontaktdaten des Kunden jedenfalls die Auftragsnummer sowie den Installationsort der Produkte. Wir behalten uns vor, erforderlichenfalls weitere Angaben zu verlangen.

2. Im Garantiefall ist der Kunde verpflichtet, uns innerhalb von 6 Tagen ab Feststellen, dass einzelne oder alle der für die Garantie registrierten Produkte Produktions- und/oder Materialfehler aufweisen, dies schriftlich bekannt zu geben. Sodann ist uns eine angemessene Frist für die Prüfung der Produkte zu gewähren. Sollte dafür die Rücksendung der betreffenden Produkte an uns erforderlich sein, sind die Kosten dafür vom Kunden zu tragen. Treten Bedenken am Vorliegen des behaupteten Mangels oder daran auf, dass der behauptete Mangel auf einen von dieser Garantie umfassten Fabrikations- und/oder Materialfehler zurückzuführen ist, trägt die Beweislast für das Vorliegen des Mangels und/oder die Kausalität eines von dieser Garantie umfassten Fabrikations- und/oder Materialfehlers der Kunde; dieser hat die entsprechenden Nachweise zu erbringen und externe Kosten der Überprüfung (z.Bsp. Gutachten) unabhängig von deren Ausgang bzw. Ergebnis zu tragen.

3. Die Garantie gilt für andauernde Fehlfunktionen von Produkten, die auf wesentliche Produktions- und/oder Materialfehler zurückzuführen sind, soweit sie die Nennausfallsrate übersteigen. Die Nennausfallrate beträgt bei elektronischen Betriebsgeräten und Bauteilen wie etwa LEDs 0,2%/1000 Betriebsstunden, wenn in den Produkt- und Anwendungsspezifikationen nichts Gegenteiliges festgelegt wurde und soweit nicht ausdrücklich etwas anders angegeben wurde. Außerdem gelten bei LED-Modulen ein Lichtstromrückgang von bis zu 1,0%/1000 Betriebsstunden sowie eine Lichtfarbpunktverschiebung über die Lebensdauer als normal und dies fällt nicht unter die Garantie.

Es kann aufgrund des technischen Fortschritts und der nutzungsbedingten Veränderung des Lichtstroms zu Abweichungen in den Lichteigenschaften gegenüber dem ursprünglichen Produkt kommen, wenn LED Module ersetzt werden.

4. Diese Herstellergarantie ist eine Ersatzteilgarantie. Sämtliche Ersatzprodukte oder -teile können neue oder wiederverwertete Materialien enthalten, die im Vergleich zu neuen Produkten oder Teilen hinsichtlich Leistung und Zuverlässigkeit gleichwertig sind. Hinsichtlich Design oder Abmessungen kann das Ersatzprodukt vom ursprünglichen Produkt abweichen. Wir garantieren, dass Ersatzprodukte oder -teile für die restliche Zeit des anwendbaren Garantiezeitraums für das Produkt, das ersetzt wird bzw. in dem sie eingebaut werden, keine Herstellungsmängel oder Materialfehler aufweisen.

5. Die Garantie bezieht sich nur auf Produkte,

- a) die gemäß den Produkt- und Anwendungsspezifikationen (Produktdatenblätter, Kataloge oder ähnliches) verwendet wurden und fachmännisch gemäß Montageanleitung durch ein konzessioniertes Elektrounternehmen installiert und in Betrieb gesetzt wurden;
- b) an denen keine Änderungen oder Reparaturen vorgenommen wurden, zu denen wir nicht unsere schriftliche Zustimmung gegeben haben;
- c) deren Grenzwerte für externe Einflussfaktoren, wie Temperaturen und Spannungen, nicht überschritten wurden und die keinen nicht bestimmungsgemäßen mechanischen Belastungen ausgesetzt wurden;
- d) die vom Kunden ordnungsgemäß und entsprechend den im Kaufvertrag vereinbarten Zahlungsbedingungen bezahlt wurden;
- e) die ausschließlich mit Leuchtmittel ausgestattet wurden, die den geltenden IEC-Spezifikationen entsprechen;
- und
- f) deren Wartungserfordernissen fachmännisch Genüge getan wurde.

6. Die Garantie bezieht sich nicht auf

- a) alle im Zusammenhang mit der Mängelbehebung entstehenden Nebenkosten, wie z.B. für Ein- und Ausbau, Transport des fehlerhaften und des reparierten bzw. neuen Produkts, Entsorgung, Fahrt und Wegzeit, Hebevorrichtung, Gerüste, Verdienstausfall, Pönalen, Gutachterkosten, Mängelnachweis bzw. Neuinbetriebnahme;
- b) normale Abnutzung und Verschleiß sowie Verschleißteile, wie beispielweise alle Standard-Leuchtmittel und Batterien; ebenso Ventilatoren in Produkten mit LED-Leuchtmitteln, Softwarefehler, Bugs oder Viren;
- c) Oberflächenbeschichtungen bzw. Kunststoffteile aus z.B. Polycarbonat und PMMA, die sich aufgrund des natürlichen Alterungsprozesses verfärbten oder verspröden;
- d) vorsätzliche oder fahrlässige Beschädigungen;
- e) Sonderfertigungen, bei denen wir nach vom Kunden vorgelegten Plänen, Zeichnungen und Spezifikationen arbeiten;
- f) Konstruktionsfehlern;
- e) Einstellungen bzw. Parametrierungen an Anlagen, die sich aufgrund von Verschleiß, Ermüdung oder Verschmutzungen verändern;
- f) Abweichungen des Produkts von Abbildungen oder Angaben in unseren Katalogen oder sonstigen Verkaufsunterlagen;
- g) Mängel, die auf unvorhergesehene und unvorhersehbare Vorkommnisse, wie Zufall und/oder höhere Gewalt (einschließlich elektrische Entladungen, Blitze) zurückzuführen sind und bei denen ein Bezug auf Mängel im Herstellungsprozess des Produkts auszuschließen ist;
- und
- h) elektronische Komponenten bzw. Produkte, die planlicht als Handelsware vertreibt.

7. Es steht uns frei, den Mangel zu beheben oder einen von uns gewählten Ersatz in Form gleicher oder gleichwertiger Produkte zu leisten oder den Kaufpreis zu mindern bzw. zu erstatten, wenn sich nach Prüfung eines als Garantiefall gemeldeten Produkts herausstellt, dass es die behaupteten Mängel aufweist und diese durch die Garantieerklärung gedeckt sind. Der Kunde trägt alle mit der Garantieleistung entstehenden Nebenkosten, siehe insbesondere, aber nicht ausschließlich Punkt 6.a).

Auch für im Rahmen der Garantieleistung notwendige Neuinbetriebnahmen, Softwareneuinstallationen oder Softwareupdates trägt der Kunde die Kosten.

8. Schlussbestimmungen

- a) Diese Garantie gilt nur für Produkte mit einem Lieferdatum ab 01.09.2014.
- b) Wir übernehmen keine über diese Garantie hinausreichende Haftung. Insbesondere haften wir im Rahmen dieser Garantie nicht für etwaige mittelbare Schäden, Sonder- oder Folgeschäden, Vermögensschäden einschließlich dem Verlust tatsächlicher oder erwarteter Gewinne, Zinsen, Erträge, erwarteter Einsparungen oder Geschäfte, Schädigungen des Firmenwerts, und Schäden jeglicher Art, die Dritten entstanden sind. Neben dieser Garantie bleibt unsere vertragliche Gewährleistung jedoch unverändert aufrecht.
- c) Die Haftung aus dieser Garantie ist auf den Kaufpreis der betroffenen Produkte beschränkt. Sie ist gegenüber einer Haftung aus anderen rechtlichen Gründen subsidiär. Ein Anspruch auf zusätzliche bzw. den tatsächlichen Schadensbetrag erhöhende Leistungen oder Zahlungen kann nicht aus dieser Garantie hergeleitet werden.
- d) Der Kunde kann die Garantie bzw. seine Rechte daraus nur mit unserer schriftlichen Zustimmung übertragen. Dritte haben kein Recht, eine der in dieser Garantie enthaltenen Bestimmungen durchzusetzen.
- e) Es gilt das österreichische Recht. Die Bestimmungen des UN-Kaufrechts finden keine Anwendung.
- f) Gerichtsstand für alle Streitigkeiten, die sich aus dieser Garantieerklärung ergeben, ist je nach Streitwerthöhe Schwaz oder Innsbruck.
- g) Für den Fall, dass einzelne Bestimmungen dieser Garantieerklärung ganz oder teilweise unwirksam sind oder werden, wird dadurch die Gültigkeit der übrigen Bestimmungen nicht berührt. Die gänzliche oder teilweise unwirksame Bestimmung wird durch eine gültige ersetzt, die dem Parteil willen möglichst nahe kommt. Mündliche Nebenabsprachen gelten als unwirksam.

Warranty Conditions

The planlicht GmbH & Co KG, Fiecht Au 25, A-6130 Schwaz / Vomp grants the following manufacturer's guarantee of 66 months by their respective sales offices on products of planlicht: In accordance with the following terms and conditions described in more detail below, we warrant that products distributed under the trademark "planlicht" are free of production and/or material defects during the guarantee period of 66 months (5 1/2 years) counting from the invoice date in case of proper use.

1. Please note that insofar it is referred to customers in the following, the term "customer" signifies commercial dealer or, respectively, contractual partner of the company planlicht. Prerequisite for the granting of the guarantee is that the respective installation (project, building) has been registered online within 66 days at the latest upon the respective date of invoice under www.planlicht.com under the menu item "guarantee". With the respective registration, the customer confirms being a corporate customer; the provision of inadequate, false or misleading information may lead to the withdrawal of the guarantee. Besides the contact details of the customer, the minimum information on the corporate customers required for the registration in any case includes the order number as well as the installation site of the products. We reserve the right to ask for further information, if necessary.

2. In case of the occurrence of the guaranteed event, the customer is obliged to notify us within 6 days upon discovery of the defect in writing of the fact that individual or all of the products registered for the guarantee show production and/or material defects. Thereafter, we shall be granted an adequate period of time to verify the products. Should it therefore be necessary to return the products concerned to us, the costs thereof shall be borne by the customer. Should concerns appear regarding the existence of the alleged defects or regarding the fact that the alleged defect is attributable to a production and/or material defect covered by the guarantee, the customer shall bear the burden of proof regarding the existence of the defect and/or the causality of a production and/or material defect covered by this guarantee; same has to provide the respective evidence and bear the external costs of the verification (e.g. expert's opinions) independent of their outcomes or their result.

3. The guarantee covers persistent malfunctions of products that are attributable to substantial production and/or material defects, in so far as they exceed the nominal failure rate. The nominal failure rate is 0.296/1000 operating hours with electronic operating devices and components such as LEDs, unless otherwise determined in the product and application specifications and unless specified expressly otherwise. Furthermore, a reduction in luminous flux of up to 1.0%/1000 operational hours as well as a colour point shift over the life span of LED modules shall be deemed normal and this shall not be covered by guarantee.

Deviations regarding the properties of the light may occur in relation to the original product, in case that LED modules are replaced, due to the technological progress and the usage-related alterations of the luminous flux.

4. This manufacturer's guarantee is a spare-part guarantee. All substitute products or spare-parts may contain new or recycled materials that are equivalent to new products or parts as regards their performance and reliability. As regards design or dimensions, the substitute product may deviate from the original product. We warrant that the substitute products or spare-parts do not show any production or material defects during the remaining warranty period applicable on the product that is replaced or, respectively, in which they are installed.

5. The guarantee solely applies to products

- a) that were used in accordance with the product and application specifications (product data sheets, catalogues or similar) and that were installed and put into operation in a professional manner by a licensed electro-enterprise;
- b) were not subject to changes or repair in which we did not consent in writing;
- c) the threshold limit value for external influencing factors of which, such as temperature and tension, were not exceeded and that were not exposed to mechanical stress that does not correspond to their designated use;
- d) that were duly paid by the customer in accordance with the payment conditions agreed upon in the purchase contract;
- e) that were exclusively equipped with lamps that correspond the IEC specifications applicable;
- and
- f) the servicing requirements of which were satisfied by a professional.

6. The guarantee does not apply to

- a) all incidental costs in connection with the rectification of defects, such as for example costs for assembly and disassembly, transport of the defective and the repaired or, respectively, the new product, disposal, travel and travel time, lifting device, scaffolds, loss of earnings, penalties, expert's costs, proof of defects or, respectively, new start-up;
- b) normal wear and tear as well as wear parts, such as for example all standard lamps and batteries; also fans in products with LED lamps, software errors, bugs or viruses;
- c) surface coatings or, respectively plastic components made of, e.g. polycarbonate and PMMA, which discolour or become brittle due to the natural aging process;
- d) intentional or negligent damage;
- e) custom-made devices where we work based on the plans, drawings and specifications presented by the customer;
- f) construction errors;
- e) [sic.] adjustments or, respectively parameterization of facilities that change due to wear, fatigue or contamination;
- f) [sic.] deviations of the product from illustrations or information provided in our catalogues or in other sales documents;
- g) defects that are attributable to unforeseen and unforeseeable events, such as hazard and/or force majeure (including electrical discharges, lightning) and where a connection with defects during the production process of the product can be excluded;
- and
- h) electronic components or, respectively products that are distributed by planlicht as trade goods.

7. We shall be free to remedy the defect or to replace - in a freely chosen form - the product by the same or similar or to reduce or, respectively, reimburse the purchase price if it turns out after verification of the product which was notified to be subject to guarantee that it is affected by the alleged defects and that these are covered by the declaration of guarantee. The customer bears all incidental costs incurred due to the performance of the guarantee obligation, see in particular, but not exclusively point 6.a).

The customer shall also bear the costs for new start-ups, software installations or software updates necessary in the course of the fulfilment of the guarantee obligation.

8. Final provisions

- a) This guarantee shall only be applicable to products with a delivery date as of 01-09-2014.
- b) We shall not assume any liability exceeding this guarantee. We are in particular not liable under this guarantee for any indirect damages, special or consequential damages, financial losses, including the loss of actual and expected profits, interests, income, expected savings or deals, damages to goodwill and damages of any kind whatsoever that were inflicted on third parties. Our contractual guarantee obligation shall however be not affected by this guarantee.
- c) The liability resulting from this guarantee is limited to the purchase price of the products concerned. It is subsidiary to the liability out of any other legal title. An entitlement to claim any additional performance or payment or, respectively, any performance or payment actually increasing the damage sum cannot be deduced from this guarantee.
- d) The customer may only transfer the guarantee or, respectively, his rights thereof with our written consent. Third parties are not entitled to enforce one of the conditions contained in this guarantee.
- e) Austrian law is applicable. The provisions of the UN Sales Convention are not applicable.
- f) Place of jurisdiction for all disputes resulting from this guarantee declaration shall be Schwaz or Innsbruck, depending on the value of litigation.
- g) In case that an individual provision of this guarantee declaration are or become invalid in parts or in whole, the validity of the remaining provisions shall not be affected thereby. The provision which is invalid in parts or in whole shall be replaced by a valid one that comes closest to the intention of the parties. Oral side agreements are invalid.

Les Conditions de Garantie

La planlicht GmbH & Co KG, Fiecht Au 25, A-6130 Schwaz / Vomp accorde la garantie du fabricant suivante par voie de ses filiales de distribution respectives pour une durée de 66 mois sur les produits de planlicht:

Conformément aux conditions spécifiées ci-après, nous garantissons que les produits vendus sous la marque « planlicht » sont exempts de défauts de fabrication et de matériaux lors d'un usage adéquat pendant une période de garantie de 66 mois (5 ans et demi) comptée à partir de la date de la facture.

1. En premier, il convient de noter que dans la mesure où on parle par la suite de client, le terme « client » signifie revendeur commercial ou, respectivement, cocontractant de l'entreprise planlicht. Une condition préalable pour l'octroi de la garantie est l'enregistrement en ligne de l'installation respective (projet, bâtiment) au plus tard dans un délai de 66 jours à partir de la date de la facture respective sous www.planlicht.com sous l'option de menu « garantie ». Par l'enregistrement respectif, le client confirme sa qualité de client d'entreprise; la production d'informations déficientes, inexactes ou trompeuses peut mener à la suppression de la garantie. Les informations minimales nécessaires lors de l'enregistrement de clients commerciaux contiennent, outre les coordonnées du client, en tout cas le numéro d'ordre ainsi que le lieu de l'installation des produits. Nous nous réservons le droit de demander de plus amples informations, si nécessaire.

2. En cas de garantie, le client est obligé de nous indiquer par écrit tous les défauts de fabrication et/ou de matériaux concernant tous les produits ou d'individuels produits enregistrés pour bénéficier de la garantie dans un délai de 6 jours à partir de leur constatation. Ensuite, un délai approprié devra nous être accordé afin de pouvoir vérifier les produits. Au cas où il serait nécessaire de nous renvoyer les produits concernés, les frais seront supportés par le client. Au cas où des doutes se feraient jour quant à l'existence des défauts allégués ou quant au fait que le défaut allégué soit dû à un défaut de fabrication et/ou de matériaux couvert par cette garantie, la charge de la preuve concernant l'existence du défaut et/ou le lien causal d'un défaut de fabrication et/ou de matériaux couvert par cette garantie incombe au client; celui-ci doit présenter les preuves correspondantes et supporter les coûts externes de la vérification (par exemple de l'expertise), indépendamment de son issue ou, respectivement, du résultat.

3. La garantie couvre les dysfonctionnements permanents de produits qui résultent de défauts essentiels de fabrication et/ou de matériaux dans la mesure où ils dépassent le taux de défaillance nominal. Le taux de défaillance nominal d'appareillages électroniques et de composants, comme par exemple de LED, est de 0,2%/1000 heures de fonctionnement, sauf indication contraire des spécifications de produits et d'application et sauf indications expresses contraires. De plus, une dépréciation du flux lumineux allant jusqu'à 1,0%/1000 heures de fonctionnement ainsi que le décalage des points lumineux tout au long de la durée de vie sont normaux au niveau des modules LED et ceci n'est pas couvert par la garantie.

Des déviations des caractéristiques d'éclairage peuvent se produire suite au progrès technologique et aux changements du flux lumineux liés à son exploitation par rapport au produit d'origine si le module LED est remplacé.

4. Cette garantie du fabricant est une garantie de pièces de rechange. Tous les produits de remplacement ou toutes les pièces de remplacement peuvent contenir de nouveaux matériaux ou des matériaux recyclés qui sont – comparés aux nouveaux produits ou aux nouvelles pièces – équivalents en ce qui concerne leur performance et leur fiabilité. En ce qui concerne le design ou les dimensions, le produit de remplacement peut dévier du produit d'origine. Nous garantissons que les produits de remplacement ou les pièces de remplacement sont exempts de défauts de fabrication ou de matériaux pendant la période de garantie restante applicable au produit qui est remplacé ou, respectivement, dans lequel ils/elles sont incorporé(e)s.

5. La garantie couvre seulement des produits

- a) qui sont utilisés conformément aux spécifications du produit et de l'application (fiches techniques du produit, catalogues ou similaires) et qui ont été installés et mises en service de manière professionnelle conformément aux instructions de montage par une entreprise concessionnaire d'électricité;
- b) qui n'ont pas été modifiés ou réparés sans avoir obtenu par écrit notre consentement;
- c) dont les valeurs limites pour les facteurs d'incidence externes, comme les températures et les tensions, n'ont pas été dépassées et qui n'ont pas été exposés à un stress mécanique d'une manière ne répondant pas à la conformité de l'emploi;
- d) qui ont été dûment payés par le client et conformément aux conditions de paiement convenues dans le contrat de vente;
- e) qui sont équipés exclusivement d'agents lumineux qui correspondent aux spécifications de la CEI applicables;
- et
- f) qui ont été entretenus d'une manière professionnelle

6. La garantie ne couvre pas

- a) tous les coûts accessoires liés à l'élimination des défauts, comme par exemple les coûts du montage et du démontage, du transport du produit défectueux et du produit réparé ou, respectivement, du produit neuf, de la gestion de déchets, du trajet et de la durée du trajet, de l'appareil de levage, des échafaudages, de la perte de revenus, des pénalités, des frais d'expert, de la preuve de défauts ou, respectivement d'une nouvelle mise en service;
- b) l'usure normale et la dégradation ainsi que les pièces d'usure, comme par exemple tous les agents lumineux standards et toutes les piles; de même pour les ventilateurs incorporés dans les produits avec des agents lumineux LED, des erreurs logicielles, des bugs ou des virus;
- c) les revêtements de surface ou, respectivement, les pièces en matière plastique faits, par exemple, à partir de polycarbonate et PMMA, qui se décolorent ou se fragilisent en raison du processus de vieillissement naturel;
- d) les endommagements intentionnels ou négligents;
- e) les fabrications spéciales où nous travaillons sur la base des plans, des illustrations et des spécifications produits par le client;
- f) les erreurs de construction;
- e) [sic.] les réglages ou, respectivement, les paramétrages des installations qui changent suite à l'usure, la fatigue ou la pollution;
- f) [sic.] les déviations du produit par rapport aux illustrations ou aux renseignements fournis dans nos catalogues ou dans d'autres de nos documents de vente;
- g) les défauts qui résultent d'événements imprévus et imprévisibles, comme le hasard et/ou la force majeure (y compris des décharges électriques, des coups de foudre) et où on peut exclure qu'il n'existe aucun lien avec des défauts dans le processus de fabrication du produit; et
- h) les composants électriques ou, respectivement, les produits qui sont distribués par planlicht en tant que marchandise.

7. Nous pouvons, à notre entière discréption, éliminer le vice ou faire un remplacement – d'après notre choix – sous forme de produits identiques ou équivalents ou réduire le prix d'achat ou, respectivement, le rembourser au cas où il apparaît après vérification du produit notifié comme étant un cas de garantie que celui-ci présente les vices allégués et que ceux-ci sont couverts par la déclaration de garantie. Le client supporte tous les coûts accessoires résultant de l'octroi de garantie, voir notamment mais non exclusivement le point 6.d).

Les coûts liés aux nouvelles mises en service, installations de logiciels ou mises à jour de logiciels nécessaires au cours de la prestation de garantie sont supportés par le client.

8. Dispositions finales

- a) Cette garantie ne s'applique qu'aux produits portant la date de livraison à partir du 01/09/2014.
- b) Nous n'assumons aucune responsabilité en dehors de la garantie. En particulier, nous n'assumons aucune responsabilité selon cette garantie pour d'éventuels dommages indirects, des dommages spéciaux ou secondaires, des dommages pécuniaires, y compris les pertes de gains réels ou prévus, les intérêts, les revenus, les pertes d'économies ou de transactions prévues, les atteintes à la valeur commerciale et les dommages de quelque nature que ce soit subis par de tierces personnes. En plus de cette garantie, l'application de notre garantie contractuelle demeure inchangée.
- c) La responsabilité à titre de cette garantie est limitée au prix d'achat des produits concernés. Elle est subsidiaire à une responsabilité pour d'autres motifs légaux. Un droit de recevoir des prestations ou des paiements supplémentaires ou, respectivement, qui augmentent le montant du préjudice ne peut pas être déduit de cette garantie.
- d) Le client ne peut transférer la garantie ou, respectivement, ses droits y afférents qu'avec notre consentement par écrit. Les tierces personnes ne sont pas en droit de faire prévaloir des dispositions contenues dans cette garantie.
- e) Le droit autrichien est applicable. Les dispositions de la Convention de l'ONU sur la vente internationale des marchandises n'est pas applicable.
- f) Le for juridique pour tous les litiges résultant de cette déclaration de garantie est Schwaz ou Innsbruck selon la valeur en litige.
- g) Au cas où une disposition individuelle de cette déclaration de garantie serait ou deviendrait nulle partiellement ou en totalité, la validité des autres dispositions n'en serait pas affectée. La disposition nulle partiellement ou en totalité est remplacée par une disposition valide qui se rapproche le plus possible de l'intention des parties. Les ententes parallèles par voie orale ne sont pas valables.

Condizioni di Garanzia

planlicht GmbH & Co KG, Au 25, A-6134 Vomp concede mediante le sue succursali di vendita la seguente garanzia di produttore di 66 mesi per i prodotti di planlicht:
Garantiamo secondo le condizioni specificate in dettaglio nel seguente che i prodotti venduto sotto il nome "planlicht" sono privi di difetti di fabbricazione e/o di materiale nel caso dell'uso previsto durante il periodo di garanzia di 66 mesi (5 ½ anni) dopo la data di fattura.

1. Inizialmente, parlando del cliente nel contesto seguente, il "cliente" è considerato un commerciante professionale e parte contraente della ditta planlicht. La condizione della concessione di garanzia è la registrazione online dell'installazione rispettiva (progetto, edificio) al massimo 66 giorni dopo la data di fattura, registrato su "Garantie/Garanzia" su www.planlicht.com. Con la registrazione rispettiva il cliente conferma essendo cliente commerciale; un'annullazione della garanzia potrebbe risultare da dati falsi o ingannevoli. I dati obbligatori per la registrazione sono i dati di contatto del cliente, il numero dell'ordine come anche il luogo dell'installazione del prodotto. Ci riserviamo il diritto di domandare altre informazioni, se necessario.

2. Nel caso in cui abbia un caso di garanzia, il cliente è obbligato di informarci per iscritto entro 6 giorni dopo constatare il difetto che singoli o tutti i prodotti registrato per la garanzia mostrano difetti di fabbricazione e/o materiale. Poi abbiamo il diritto di un termine adeguato ad esaminare i prodotti. Se la spedizione di ritorno sarebbe necessaria, le spese e i costi della spedizione dei prodotti è a carico del cliente. Nel caso di dubbi della presenza del difetto dichiarato o del fatto che il difetto sia stato causato da un difetto di fabbricazione o materiale per lo cui applica la garanzia, il cliente ha l'onere della prova del difetto presentato e/o la causalità del difetto a lo cui applicano le condizioni di garanzia; esse deve presentare prova adeguata e deve compensare i costi per una esaminazione esterna (p.e. perizia), indipendentemente dall'esito o dal risultato.

3. La garanzia applica per malfunzionamento costante di prodotti che risulta essenzialmente da errori di fabbricazione e/o materiale, nel caso in cui siano sopra la quota di guasto nominativa. La quota di guasto nominativa di apparecchi elettrici ed elementi costruttivi come i LED ammonta a 0,2%/1000 ore di funzionamento, se non c'è menzionato niente di contrario nel disciplinare di prodotto o nelle istruzioni d'uso e se è indicato esplicitamente un valore diverso. Inoltre, per i moduli LED è considerato normale una perdita di flusso luminoso di fino a 1%/1000 ore di funzionamento come anche uno spostamento del punto del colore di luce durante il tempo di funzionamento e non sono oggetti della garanzia.

A causa del progresso tecnico e del cambiamento del flusso luminoso a causa dell'utilizzazione possono sorgere deviazioni delle caratteristiche della luce in confronto al prodotto originale quando moduli LED sono sostituiti.

4. Questa garanzia del produttore è una garanzia delle parti di ricambio. Tutti i prodotti o le parti di ricambio possono contenere materiali nuovi o riciclati che sono, in confronto a prodotti o parti nuovi, equivalenti che riguarda la potenza e l'affidabilità. In quanto al disegno o le dimensioni dal prodotto di ricambio possono avvenire deviazioni dal prodotto originale. Garantiamo che i prodotti e le parti di ricambio non mostrano nessun difetto di fabbricazione e/o materiale per il resto del periodo di garanzia del prodotto lo cui sostituiscono, rispettivamente per lo cui vengono installati.

5. La garanzia applica solamente ai prodotti

- a) che vengono utilizzati secondo le specificazioni di prodotto e utilizzazione (scheda tecnica del prodotto, cataloghi o simili) e che sono stati installati e messo in azione da esperti di un'impresa elettrica con la concessione secondo il manuale d'installazione;
- b) a lo cui nessun cambiamento o riparazione è stato effettuato per lo cui non abbiamo dato la nostra confermazione scritta;
- c) dei quali valori limite per fattori esterni, come p.e. temperature e tensioni, non sono stati oltrepassati e che non sono stati esposti a carichi meccanici inadeguati;
- d) i cui sono stati pagati dal cliente conforme all'ordine e corrispondente alle condizioni di pagamento concordate nel contratto d'acquisto;
- e) che sono stati arredati con lampadine per le cui applicano le specificazioni vigenti della IEC (Commissione elettrotecnica internazionale) e
- f) i cui esigenze di manutenzione sono state in modo professionale e/o da un esperto.

6. La garanzia non applica a

- a) tutte le spese addizionali causate in relazione per porre rimedio dei difetti, come p.e. il montaggio e smontaggio, il trasporto del prodotto difettoso e riparato o del prodotto nuovo, lo smaltimento, il viaggio e il periodo di viaggio di andata e ritorno, apparecchi di sollevamento, l'impalcato, il mancato guadagno, penali, spese per periti, l'attestazione di difetti e la messa in azione nuova;
- b) l'usura normale ed il logorio di pezzi soggetti all'usura, come per esempio tutte le lampadine standard e le batterie; altrettanto ventilatori in prodotti con lampadine LED, difetti software, bugs o virus;
- c) la verniciatura e parti di plastica di p.e. policloruro e PMMA, lo cui si possono scolorire od occorre un infrangimento a causa al processo di invecchiamento naturale;
- d) danneggiamento premeditato o colposo;
- e) costruzioni speciali, gli cui fabbrichiamo secondo i piani, disegni e specificazioni forniti dal cliente;
- f) difetti di costruzione;
- g) il settaggio o la parametrazione dell'impianto che può cambiare a causa dell'usura, fatica o imbrattamento;
- h) deviazioni del prodotto dall'illustrazione e dalle specificazioni nel nostro catalogo o altri documenti di vendita;
- i) difetti che originano di eventi impreveduto o imprevedibile, come caso fortuito e/o forza maggiore (incluso la scarica elettrica, fulmine) e per gli cui una relazione con un difetto nel processo di produzione possono essere escluso; e
- j) componenti elettrici o prodotti che sono venduti da planlicht come parti di commercio.

7. Siamo liberi di porre rimedio ai difetti o di fornire una sostituzione in forma di scelta nostra di prodotti uguali o equivalente o di ridurre o restituire il prezzo d'acquisto, se dopo la esaminazione di un caso di garanzia di cui siamo stati notificati che il difetto dichiarato è verificato e a cui applicano le presenti condizioni di garanzia. Tutte le spese e costi in relazione con la garanzia sono a carico del cliente, in particolare, ma non esclusivamente articolo 6.a).

Anche le spese per una messa in azione nuova, installazioni di software o update di software in relazione con i servizi di garanzia sono a carico del cliente.

8. Condizioni finali

- a) Questa garanzia applica solamente per prodotti con data di consegna dopo il 01.09.2014.
- b) Non ci assumiamo nessuna responsabilità oltra alla garanzia presente. In particolare, nell'ambito dell'applicazione della garanzia presente non assumiamo responsabilità per danni indiretti, speciali o conseguenti, danni economici che includono la perdita d'utile reale o previsto, interessi, guadagni, risparmi previsti o contratti, danni del valore dell'azienda commerciale, danni di ogni tipo che sono risultati a terzi. Oltre a questa garanzia però la nostra garanzia di qualità contrattuale resta valida inalterata.
- c) La responsabilità che deriva da questa garanzia è limitata al prezzo d'acquisto del prodotto oggetto della garanzia. Essa è sussidiaria alla responsabilità derivante da altri motivi giuridici. Il diritto a servizi o pagamenti addizionali o che aumenterebbero la somma di danni reale non può derivato da questa garanzia.
- d) Il cliente può trasferire la garanzia e i diritti a terzi solo con una confermazione scritta da parte nostra. Terzi non hanno il diritto di applicare le condizioni della garanzia presente in qualsiasi forma.
- e) Si applica il legge austriaco. Le condizioni della convenzione delle Nazioni Unite sui contratti di compravendita non vengono applicati.
- f) Foro competente per ogni e qualsiasi casi che risultano da questa dichiarazione di garanzia è Schwaz od Innsbruck, dipendente dal valore del litio.
- g) Nel caso in cui alcune condizioni di questa dichiarazione di garanzia siano o diventino invalide o parzialmente invalide, la validità delle altre condizioni rimane intatta. Le condizioni invalide o parzialmente invalide vengono restituite di condizioni valide che si avvicina il più possibile all'interesse della parte. Accordi accessori verbali non sono validi.

*Der angegebene Lichtstrom bezieht sich auf die Leuchte mit klar mikroprismatischer Abdeckung. Die Leuchte wird mit satiniertter Folie zur Erhöhung der Homogenität geliefert (Direkt strahlend: -13%, direkt/indirekt strahlend: -6% Lichtstrom). Die angegebenen Lichtstromwerte (lm) beziehen sich auf Leuchten mit einem weißen Gehäuse (RAL 9016). Je nach Gehäusefarbe und Länge reduzieren sich diese entsprechend (Bezieht sich nur auf U-förmige Abdeckung). Die eingesetzten Lichtstromwerte entsprechen dem Laminaire mit einer satinierten Folie für erhöhte Homogenität (direkt: -13%, direkt-indirekt: -6% Lichtstrom). All figures of luminous flux (lm) refer for fixtures with white housing (RAL 9016). Depending on the housing colour and length, the luminous flux is reduced accordingly. This only applies to U-shaped optics.

Le flux lumineux indiqué correspond au luminaire avec une pellicule satinée pour optimiser l'homogénéité (direct: -13%, direct-indirect: -6% sur le flux lumineux). Les résultats peuvent varier en fonction de la couleur et de la longueur du boîtier. Cela ne s'applique qu'aux optiques en forme d'U.

Il flux lumineux indiqué correspond au luminaire avec un film satiné pour optimiser l'homogénéité (direct: -13%, direct-indirect: -6% sur le flux lumineux). Si l'flux lumineux indiqué correspond au luminaire avec une pellicule satinée pour optimiser l'homogénéité (direct: -13%, direct-indirect: -6% sur le flux lumineux).

I valori indicati di flusso luminoso (lm) si riferiscono a lampade con alluminio bianco (RAL 9016). A seconda della lunghezza e del colore scelto per l'allungamento, i valori possono ridursi (esclusivamente in caso di copri-

230V | up to 180/60000h | up to 136 lm/W | up to 4234 lm/m | IEC 62471: Blue light hazard: RG 0 | MacAdam 3 | DALI push switch/DMX

Lichtverteilungsgraphen je Lichtlenkung, Eulumdatas finden Sie im Online-Webkatalog je Artikel, als Familien-Zip oder via DIALux Plugin/Leuchtenkatalog! Direkt/indirekt-Leuchten sind standardmäßig immer ein Schalt- bzw. Dimmkreis, kontaktieren Sie uns gerne bei individuellen Anforderungen.

Light distribution graphs for each light control, EULUMDATs for each item can be found in the online web catalogue, as a family zip or via DIALux plugin/luminaire catalogue. Direct/indirect luminaires always have a switching/dimming circuit as standard, please get in touch with us to discuss individual requirements.

Überblicks-Matrix je Lichtlenkung bzw. Lichtoptik in einer exemplarischen Farbtemperatur bzw. Leuchtenlänge, alle Artikel unterliegen einer kontinuierlichen technischen Verbesserung, exakte Angaben je Artikelausprägung finden Sie im Online-Webkatalog bzw. auf PLANLICHT-Verkaufsbelegen und Datenblättern. Leistung, Lichtstrom und Farbtemperatur unterliegen durch den Einsatz von elektronischen Bauteilen produktionsbedingten Toleranzen. Toleranzen Leistung und Lichtstrom: +/- 10%. Toleranz Farbtemperatur: +/- 150 K. Lichtstrom dynamisch weiß bei 2700 K.

Overview matrix for each light control or light optic in an illustrative colour temperature or luminaire length, all items are subject to continuous technical improvement, exact details for each item feature can be found in the online web catalogue or in PLANLICHT sales documents and data sheets. The power output, luminous flux and colour temperature can be slightly different due to specific electronic components used in the manufacturing process. The power output and luminous flux can differ by +/- 10 %. The colour temperature can differ by +/- 150 K. Luminous flux dynamic white at 2700 K.

Piktogrammleiste, angeführte Ausprägungen betreffen zu- mindest einen aber nicht zwingend alle Artikel der jeweiligen Leuchtenfamilie, Pikto-Legende finden sie hinten im Katalog.

Pictogram bar, listed features relate to at least one but not necessarily all items of the respective luminaire family, pictogram key you will find at the end of the catalogue.

Technische Kennzahlen, angeführte Werte betreffen zu- mindest einen aber nicht zwingend alle Artikel der jeweiligen Leuchtenfamilie, exakte Angaben je Artikel finden Sie im Online-Webkatalog bzw. in PLANLICHT-Verkaufsbelegen und Datenblättern.

Key technical specifications, listed values relate to at least one but not necessarily all items of the respective luminaire family, exact details for each item can be found in the online web catalogue or in PLANLICHT sales documents and data sheets.

WICHTIGE HINWEISE

Dieser Katalog richtet sich ausschliesslich an gewerbliche Kunden. Die in diesem Katalog angegebenen Werte sind Bemessungswerte und unterliegen produktionsbedingten Toleranzen*. Alle angeführten Angaben – insbesondere Grössen-, Material-, Farb- und technische Angaben – entsprechen dem Stand bei und dienen ausschliesslich zur Information. Der Herausgeber haftet nicht für Satz- und Druckfehler sowie für Abweichungen der Produkte von Abbildungen und Angaben. planlicht behält sich vor, jederzeit ohne Ankündigung Änderungen an Produkten vor zu nehmen. Es gelten die Allgemeinen Geschäftsbedingungen der planlicht GmbH & Co KG, die unter www.planlicht.com eingesehen werden können.

* Leistung, Lichtstrom und Farbtemperatur unterliegen durch den Einsatz von elektronischen Bauteilen produktionsbedingten Toleranzen.
Toleranzen Leistung und Lichtstrom: +/- 10%. Toleranz Farbtemperatur: +/- 150K. Lichtstrom dynamisch weiss bei 2700K.

IMPORTANT REMARKS

*This catalogue is reserved for professionals only. The values published in this catalogue are rated values, which can slightly change for reasons related to the production process *. The published data such as dimensions, materials, colours and technical data are valid at time of printing, and exclusively provided for informational purposes. The editor take no responsibility for typographical and print errors, as well as for any differences in the products, pictures and data. planlicht reserves the right to change the products at any time and without any notice. The Terms and Conditions of planlicht GmbH & Co KG (available on www.planlicht.com) shall apply.*

* The power output, luminous flux and colour temperature can be slightly different due to specific electronic components used in the manufacturing process. The power output and luminous flux can differ by +/- 10%. The colour temperature can differ by +/- 150K. Luminous flux dynamic white at 2700K.

RENARQUES IMPORTANTES

*Ce catalogue est exclusivement destiné aux professionnels. Les valeurs publiées dans ce catalogue sont des valeurs calculées, pouvant légèrement changer pour des raisons liées au processus de fabrication *. Les données techniques et autres informations (dimensions, matériaux, couleurs...) sont celles applicables au moment de l'impression du catalogue, et uniquement fournies à titre informatif. L'éditeur décline toute responsabilité en cas d'erreur de frappe, d'impression et pour tout autre différence concernant les produits, images et données publiées. planlicht se réserve le droit de modifier les produits à sa discrétion, à tout moment et sans préavis. Les conditions générales de vente de planlicht GmbH & Co KG applicables sont consultables sur www.planlicht.com.*

* La puissance, le flux lumineux et la température de couleur peuvent légèrement différer en raison de l'utilisation de composants électroniques spécifiques dans le processus de production. La puissance et le flux lumineux peuvent différer de +/- 10 %. La température de couleur peut différer de +/- 150K. Flux lumineux blanc dynamique à 2700K.

INFORMAZIONI IMPORTANTI

Questo catalogo è riservato ai professionisti. I valori pubblicati in questo catalogo sono valori indicativi, che possono cambiare per ragioni relative al processo produttivo. I dati pubblicati come dimensioni, materiali, colori e dati tecnici sono validi al momento della stampa ed esclusivamente forniti come scopo informativo. L'editore non si assume alcuna responsabilità per errori di tipografia e stampa, così come differenze nei prodotti, foto e dati. planlicht si riserva il diritto di cambiare il prodotto in ogni momento e senza preavviso. I termini e condizioni di planlicht GmbH & CO KG sono disponibili su www.planlicht.com.

* La Potenza, il flusso Luminoso e la temperatura colore possono essere leggermente diversi a causa delle componenti elettroniche usate nel processo di produzione. La potenza e il flusso possono variare del +/- 10%. La temperatura colore di +/- 150K. Flusso luminoso bianco dinamico a 2700K.

ITEM NUMBERS

① LUMINAIRE VERSION

P = Profile Luminaire
F = Area Luminaire
R = Ring Luminaire
S = Spotlight
T = Office Luminaire

② TYPE OF INSTALLATION

A = Surface-mount Luminaire
H = Pendant Luminaire
Z = Centralized pendant suspension
W = Wall Luminaire
E = Recessed Luminaire
F = Framemless Recessed Luminaire
S = 3-Phase Track Spotlight
T = Floor Lamp
Y = Pendant bundled central suspension

③ SIZE, DIMENSION

④ HOUSING COLOUR

9016 = white RAL 9016
9005 = black RAL 9005
9006 = silver RAL 9006
WSWS = white
SWSW = black
SISI = silver

⑤ INGRESS PROTECTION

C = IP20
E = IP40
F = IP50
P = IP44
Q = IP54

⑥ FIXTURE TYPE, LIGHT DISTRIBUTION

1 = direct/1 Spot
2 = direct/indirect/2 Spots
3 = 3 Spots

⑦ ACOUSTIC MODULE

QA = QUIET.FELT standard anthracite melange
QP = QUIET.FELT standard pebble
QL = QUIET.FELT standard lime
QB = QUIET.FELT extra + black
QF = QUIET.FELT extra + fire
QG = QUIET.FELT extra + light grey melange
QC = QUIET.FELT extra + chocolate
QM = Organoid® Mous
QW = Organoid® Wollä
QH = Organoid® Wildspitze

⑧ LIGHT SOURCE

827/830/840/927/930/935/940 = LED
HCL = Dynamic White
BAC = Bakery goods
FLE = Meat
WUR = Sausage products
FIS = Fish
FRU = Fruits & Vegetables
FAS = Fashion

⑨ LIGHT POWER

L = Low Output
M = Medium Output
H = High Output
V = Very high Output
E = Extra High Output
X = without notice

⑩ HOUSING COLOUR

WS = white RAL 9019
SW = black RAL 9005
SI = silver RAL 9006

⑪ DIMMING TYPE

1 = no dimming, on/off
3 = DALI-dimmable direct/indirect share
7 = sensor control (Stand alone)
P = Stucchi onetrack / GLOBAL track pulse DALI

⑫ EMISSION CHARACTERISTICS, COVERS, LOUVRES

S = Satined
M = Microprismatic
E = Microprismatic extra comfort
A = Asymmetric
U = U-Cover 15 mm
Q = U-Cover 34 mm
L = Lens

B = BAP Louvre high-gloss silver
P = BAP Louvre silver matte
G = BAP Louvre high-gloss gold
K = BAP Louvre high-gloss copper
W = BAP Louvre white (RAL 9016)
N = BAP Louvre black (RAL 9005)

D = BAP Louvre glaring gold 3 = 30°-39°
R = BAP Louvre capital copper 4 = 40°-49°
Y = BAP Louvre gunnery grey 5 = 50°-59°
C = BAP Louvre black chrome matte 6 = 60°-69°
1 = 10°-19° 7 = 70°-79°
2 = 20°-29°
