PURE 3 | SHAPELY FLEXIBILITY

Bei pure 3 wird Flexibilität großgeschrieben: Die Profileuchte kann modular mit den speziellen Linienvierbindern nicht nur als endloses Band kombiniert werden, sondern es gibt sich auch eine stufenlose Vielfalt an Gehrungswinkeln. Ob als L oder T, als Viereck oder mehrmals um die Ecke, Homogenität und Effizienz stehen immer im Vordergrund.

Flexibility is a top priority with pure 3: The profile luminaire can be combined modularly with the special line connectors not only as an endless strip, but there is also a stepless variety of mitre angles. Whether as an L or a T, as a square or several times around the corner, homogeneity and efficiency are always in the foreground.
